The Secretary reported to the Council (1) that the following additional non-official members took their seats on the Council this day, *viz.*, 1. M. C. Rangiengar, Esq., B.A., 2. D. Venkataramaiya, Esq., B.A., and 3. A. Ramanna, Esq., and (2) that the Bill further to amend the Mysore Chief Court Regulation, 1884, received the assent of His Highness the Maharaja on the 30th December 1909.

Bill for the regulation of the possession and sale of poisons in certain local areas and for the importation, possession and sale of white arsenic in Mysore.

PRESIDENT.—Last time when this Bill was considered we left at some point where there was a doubt about the word "transaction."

MR. M. C. RANGIENGAR.—The substitution of the word "vending" for the word "transactions" was made by the Select Committee at the suggestion of the Senior Surgeon who brought to their notice that the word "transactions" covered a wider field and would bring within the scope of the Bill even ordinary Medical Practitioners who may carry or have with them small quantities of such poisonous drugs to be utilised for the benefit of their patients on emergent occasions, and that as it is only the *vending* of these drugs that ought to be controlled, this substitution was made.

After some discussion on this and some other minor points connected with the Bill, Mr. D. Venkataramaiya said—

It is somewhat difficult to see what effect this Bill, if passed, would have upon the sale of drugs in the moffusil. There are several persons who sell these things there. In large towns any rule which may be passed may work well. But the case of *moffusil* places has also to be considered. Perhaps, if not inconvenient, the discussion on the Bill may be postponed to the next meeting of the Council, so that we may have time to consider what effect the provisions of the Bill would have on the vending of these drugs in the country. Even in big municipalities like Bangalore there would be some difficulties. In the present state of education any restrictions that would be put upon people, for example, even the keeping of registers, would mean employment of some person who knows how to read and write.

MR. A. RAMANNA.—In seconding Mr. Venkataramaiya's motion for adjournment, Mr. Ramanna said that he wanted some time to consult the wishes of the moffusil men.

MR. H. V. NANJUNDAYYA.—I think the two members who spoke last are somewhat mistaken about the facts of this Bill. In the first place, the chief object of this Bill is to bring the sale of white arsenic under control so as to enable us to find out who has been vending it in any particular place. By notification, Government may, by and by, extend the provisions of this Bill to any other specified poison. We are not going to prohibit altogther the sale of this article. We are only trying to regulate the sale by insisting on licenses and on keeping proper accounts for the sale of this poison. If it is an article of every-day consumption, one may justly complain of the restriction. But as we are going to deal with such a dangerous thing as arsenic, a thing needed only under exceptional circumstances, I do not think anybody need complain on behalf of the public who obtain this article from the vendors. On this ground I think it is not necessary to postpone the consideration of the Bill to another meeting.

MR. K. P. PUTTANNA CHETTY.—In addition to what the Second Councillor has said, I have only to say that the considerations now urged by the mover and the seconder in support of their motion for postponement are such as would involve a reconsideration of the principle of the Bill which has already been accepted by the Council. The Council has already once adjourned to discuss the provisions of the Bill and I do not know if any further postponement is necessary. Anyhow, these objections have been very ably answered by Mr. Nanjundayya, and I beg to move that the further consideration of the measure need not be delayed.

Mr. D. Venkataramaiya's amendment was put to the vote and lost. (Two *for* and the rest *against*.)

The Bill having then been considered, Mr. K. P. Puttanna Chetty moved that it be taken up and passed at a subsequent meeting of the Council. Mr. M. C. Rangiengar seconded the motion, which was put to the Council and carried.

Bill to consolidate and amend the law relating to the procedure of the Courts of Civil Judicature in Mysore.

MR. H. V. NANJUNDAYYA.—Sir—Under the Council Rules this Bill has been duly published in the Gazette and copies furnished to members. I now beg to move that the Bill be read in Council.

MR. M. C. RANGIENGAR.—I beg to second the motion that the draft Bill to amend and consolidate the law relating to Civil Procedure, be read in Council.

I do not know if at this stage any observations about the provisions can be made, as I find that the Bill itself is to be referred to a Select Committee. I think I can more properly bring forward whatever suggestions I have in the matter of amendment to the provisions contained in the draft in the Select Committee. But there are two points to which I would invite the attention of the Council before the Bill goes to the Select Committee :—

(1) The proposed curtailment of the right of second appeal and (2) the omission of the provisions relating to suits against Government, while retaining the clause relating to suits by Government.

On these two questions the sense of the Council may be expressed so that the Select Committee may be free to discuss them.

MR. A. RAMANNA.—I am also of the same opinion as Mr. Rangiengar. With reference to the curtailment of the right of second appeal, it seems to me that there are more appeals of this sort to the Chief Court now, and I am not in favor of any such curtailment.

The motion was put to the Council and carried and the Bill was then taken as read. Mr. Nanjundayya then moved that the Bill be referred to a Select Committee consisting of Messrs. S. Narayana Rao, Rajamantrapravina C. Srinivasiengar, D. Venkataramaiya, M. C. Rangiengar and himself.

This motion was duly seconded, put to the Council and carried.

Bill to consolidate and amend the law relating to the limitation of suits and for other purposes in Mysore.

MR. H. V. NANJUNDAYYA.—This Bill has also been duly published and copies have been circulated among the members. I now beg to move that the Bill be read in this Council.

Mr. D. Shama Rao seconded the motion, which was put to the Council and carried. The Bill having been taken as read, Mr. Nanjundayya moved that it be referred to a Select Committee consisting of Messrs. S. Narayana Rao, Rajamantrapravina C. Srinivasiengar, B. Tirumalachar, A. Ramanna and himself. The motion was seconded by Mr. Shama Rao, put to the Council and carried.

Bill to consolidate and amend the law relating to insolvency in Mysore.

Mr. H. V. Nanjundayya moved that the above Bill be read in Council.

Mr. Venkataramaiya seconded the motion, which was put to the Council and carried. The Bill having been taken as read, Mr. Nanjundayya moved that it be referred to a Select Committee composed of the same members as those appointed for the Limitation Bill.

The motion was seconded by Mr. Venkataramaiya, put to the Council and carried.

Bill to consolidate and amend the law relating to Guardians and Wards in Mysore.

MR. S. NARAYANA RAO.—Sir—This Bill to consolidate and amend the law relating to guardians and wards was introduced into the Council in a meeting held on the 2nd September 1909 and the Bill has since been published with the statement of objects and reasons. The history of legislation as to the law of guardian and ward in British India and the origin of the rules of 1872 at present in force in

Mysore in regard to the custody and guardianship of minors have been set forth in the statement of objects and reasons. It is hardly necessary to mention how defective and unsatisfactory these rules are which consist of a few paragraphs and purport to comprise therein not only the law of guardians and wards but also that relating to the personal property of lunatics, idiots and other individuals incapacitated by natural infirmity. The present measure deals with minors and their property only, leaving the other matters therein contained for separate treatment.

The present Bill proceeds on the lines of the British Indian Act, VIII of 1890, omitting such portions as referred to Court of Wards and some other matters not applicable to Mysore. The only important matter which requires a special mention at this stage is the definition of the term "Minor." The limit of 18 years mentioned in the said rules has been retained in the Bill, as this is the age when minority ordinarily ceases in British India, except in respect of minors for whom a Court of Justice has appointed a guardian before their attaining the age of 18 years in which case the minority is extended till the completion of 21 years. It was on these considerations that the limit of 18 years was retained in the Bill, but it is now open to the Select Committee to which the Bill will be referred, and for this Council also subsequently, to adopt the higher limit as in British India, if after further deliberation such a course be deemed advisable. I now move that the Bill be read in Council.

MR. A. RAMANNA.—In seconding the proposition of Mr. Narayana Rao, I submit that this legislation meets a long-felt want.

MR. M. C. RANGIENGAR.—Sir—With your leave I beg to say a few words on the draft Bill. As the Bill reads, it is doubtful if the legislature intends to exclude Europeans from the operation of this Regulation.

One or two points with reference to this may be usefully considered. Some time ago the present Chief Justice of Calcutta, who was at the time the Chief Justice of Bombay, expressed an opinion (in a judgment) that the Act of 1890 (The Guardians and Wards Act) of British India was rather unhappily drafted and required an amendment. This same Act has been taken as the basis and model of the present Bill. There are many points to be considered in adopting the provisions of the British Indian Act and two of those points are :—

(1) Whether it is the intention of the legislature in Mysore to permit the appointment of a guardian for the property of a Hindu minor who is governed by the Mitakshara law (the Hindu law which prevails in Mysore is entirely of the Mitakshara School). That point came before the British Indian Courts and various opinions are recorded.

(2) The Bill provides that security should be furnished by the guardian when he draws money on behalf of his ward in certain cases. The provision ought to be made applicable to all cases in which the guardian receives money through Court on behalf of his ward.

MR. S. NARAYANA RAO.—The suggestions made by Mr. Rangiengar should properly engage, and will no doubt engage, the attention of the Select Committee.

The motion was then put to the Council and carried and the Bill was also taken as read.

MR. NARAYANA RAO then proposed that the Bill be referred to a Select Committee consisting of MR. K. P. PUTTANNA CHETTY, RAJAMANTRAPRAVINA MR. C. SRINIVASIENGAR, MR. D. SHAMA RAO, MR. B. TIRUMALACHAR, and himself.

MR. A. RAMANNA.—While seconding Mr. S. Narayana Rao in this motion to refer the Bill to the Select Committee I would also remark that the two matters about which my colleague Mr. Rangiengar spoke, may be matters for the consideration of the Select Committee.

On motions made and seconded, the names of MESSRS. H. V. NANJUNDAYYA and RANGIENGAR were also added to the Committee and the original motion as thus amended was then adopted.

The reports of all the Select Committees appointed above were made returnable within two months from the date of the meeting.

Bill to recognise the representative character of the Administrator-General of Madras.

In presenting the report of the Select Committee on the Bill and the Bill as amended by the Committee, MR. S. NARAYANA RAO said:—

This Bill, it will be remembered, was referred to a Select Committee on the 2nd September last, and the Committee have sent in their report, which I beg leave to present to the Council. The history and scope of this Bill have been set forth *in extenso* in the Statement of Objects and Reasons published along with the Bill. I may, however, briefly state that the Bill formally recognises the right of the Administrator-General of Madras to represent, under certain circumstances, the estate left by deceased British subjects within the Mysore State.

The Administrator-General derives his right to represent the estate of a deceased British subject under Act II of 1874 called the Administrator-General's Act. The provisions of this enactment are binding on all British subjects residing in Native States as their personal law. Thus while the British subjects residing in the Mysore State are bound to recognise the right of the Administrator-General to represent the estate of a deceased British subject in respect of which he (the Administrator-General) has obtained the letters of administration from the High Court of Madras, the non-British subjects of the State are not under a similar obligation. These may refuse to pay up the debts due by them to the estate or deliver up any property belonging to the deceased in their possession to the Administrator-General, unless a succession certificate or a decree of a competent Court of the State is produced. In order to avoid inconvenience and confusion that may arise from two sets of administrations in respect of the same estate, this Bill was framed after arriving at a definite understanding with the British Government as to the stamp revenue leviable on the estate in the Mysore State. The Bill is therefore a formal one not affecting the rights of the subjects of the State.

The Bill was referred to a Select Committee on the suggestion of a possible conflict between the letters of administration issued by the Mysore Courts and those subsequently issued by the Madras High Court in respect of one and the same estate. The Committee has considered this point and, in order to obviate this contingency, have slightly amended the first clause as indicated in the Report.

I now move that, under Rule 46 of the Rules for the conduct of business of this Council, the Report and the Bill as amended by the Committee be taken into consideration.

Rajamantra Praveen Mr. C. Srinivasiengar seconded the motion.

MR. D. VENKATARAMAIYA.—If Mysore Courts recognised the rights of the Administrator-General for the assets of the British subjects, the question would remain whether the British Courts would recognise the certificates granted to British and Native subjects in the Mysore State by the Mysore Courts. In the absence of reciprocity, if we have to get life-insurance money from the several life insurance companies, even after obtaining a certificate from the Mysore Courts, we would be required to obtain a certificate from the British Courts and pay duty. It is only a fiscal arrangement. If, in the absence of any recognition of such reciprocity, we are required to resort to British Courts again, we lose money which we would get in the shape of court-fee that is otherwise payable. So far as Mysore Courts are concerned, they levy such fees on their own certificates. But these certificates are not recognised outside Mysore. There is a section in the Civil Procedure Code in regard to decrees. If we pass a decree, it may be executed in the British Courts. In the same manner, if reciprocity can be obtained in this matter also, no doubt the British subjects will pay in their place and we will pay in our place.

MR. S. NARAYANA RAO.—There seems to be a misapprehension in the matter. A succession certificate or letters of administration or probate taken out in one State is certainly not recognised by any other State. That is the law prevailing in all the European countries and it is so even in India. Probate or letters of administration taken in a British court are not recognised in a Native State and a probate issued in a Native State is not recognised in British India. It is only in one particular that this Bill wishes to introduce a recognition of the representative character of the Administrator-General.

Now, the Administrator-General will be entitled to letters of administration only when there is no next-of-kin or any other person to whom the whole property is bequeathed. The Administrator-General steps in to administer the assets of the deceased, *i.e.*, to realise the assets, to pay the creditors and distribute the amount to the other persons to whom specific bequests, etc., are made. When there is a next-of-kin or heir-at-law, the Administrator-General can have no *locus standi*. When the Administrator-General takes out letters of administration, they will be binding upon all European British subjects, wherever they may be residing, whether in British India or in a Native State. The anomaly arises when letters of administration are granted in Madras in respect of properties situated in Mysore and that too in the hands of non-British subjects who would insist upon the production of a certificate of heirship taken out in the Mysore State. So, there would be two sets of certificates and there would be two administrations. To avoid this inconvenience, a proposal was made by the British Government that the certificate granted by the Madras High Court should be recognised in Mysore, and that the State should not suffer fiscally with regard to the property in the Mysore State. This proposal was accepted and the British Government have undertaken to hand over the fees payable on property situated in the Mysore State. Thus the question of revenue is protected.

Instead of asking the Administrator-General to take out another certificate here and pay an additional fee, the Madras High Court collects the fee and transmits the amount to us. It saves the Administrator-General the formality of proving the will in Mysore Courts over again and of furnishing security also which he has already done once for all on his appointment as Administrator-General. It is to save this inconvenience that this Bill was introduced and it seems to be a perfectly harmless one.

MR. H. V. NANJUNDAYYA.—I think a few words may not be out of place about the scope of this measure.

It is true, as stated by Mr. D. Venkataramaiya, that the administration of one State does not extend to another State. Mysore and British India are different States so far as private International Law is concerned, and so the authority derived from a Court in British India will not extend to any property situated in Mysore. The general practice is that the Court of the place where the property is situate administers the property and appoints an administrator. Then there are different questions arising as to whether in these cases (so far as the property within the limits of the State is concerned) the property should not be governed by the law of domicile. I believe the doctrine that is now most generally held is that it should be governed by the law where the property is situate even in the case of movables. Formerly it was held that in the case of movables the administration granted by a Court of domicile would have effect everywhere. But of late the tendency is even in the case of movables to hold that it should be governed by the law of the place where it may happen to be found.

The Administrator-General is an officer appointed by the British Government. There is an Act passed by that Government, *viz.*, The Administrator-General's Act—which includes Mysore within the jurisdiction of the Administrator-General of Madras. This British-Indian Act can have force only in British India. The Administrator-General being an officer within the jurisdiction of British India, he will have power by virtue of this Act to administer the property of a deceased British subject in Mysore. But this law does not bind the subjects of the Mysore State or the Mysore State either. So, with regard to the property here, the question arises whether the Administrator-General who is vested with the power by the British Act can be admitted to interfere with the property in Mysore. The object of the administration is two-fold, *viz.*, to provide for the proper disposal of the property left by the decedent owner and to give security to persons dealing with the Administrator. For example, the Administrator-General can collect certain debts due to the estate of a deceased person in his capacity as Administrator-General. Suppose he does this in Mysore. There is no guarantee to the debtor in Mysore to make over the money to the Administrator-General. In order to guard the property rights of the deceased for whom the Administrator-General stands and likewise to guard the interests of debtors within Mysore who may deal with the latter, it is necessary that we should legalise the position of the Administrator-General in Mysore.

The claim of the Administrator-General to interfere with property in Mysore is not at all a new one. It was longt acitly recognized, and in many cases of Europeans dying intestate the Administrator-General of Madras has been allowed to take possession of the property and deal with it. Only some years ago the point was noticed and the difficulty was pointed out to the Government. Government then considered that some steps should be taken to legalise the state of matters. There is no question of reciprocity arising in this.

We have no Administrator-General here. This Bill does not propose to recognise all administrations of the Madras Government. It refers only to cases arising in Mysore in which the Administrator-General of Madras can interfere.

As Mr. Narayana Rao has pointed out, the Administrator-General like any other Administrator getting a certificate in British India, has to pay a certain tax in the shape of stamp fees. If the Madras High Court deals with the property in Mysore and levies a tax, that tax should go to the Mysore Government. But this question has been solved by the British Government agreeing that the stamp duty which is due for the property within the Mysore State would be paid over to the Mysore Government.

And then the other point is, even supposing that we do not pass this Bill, the only alternative remaining for us is to ask the Administrator-General to take out a certificate here. The rules of private international law allow Mysore Courts to recognise the character of the Administrator-General when he has been invested with the legal status in the place where the person who has left the property was domiciled. In accordance with this law, our Courts, under the authority of certificates granted in British India, would be bound to give him a certificate. It is only to avoid the formality of taking out another certificate here that this measure is introduced.

So, as Mr. Narayana Rao said, there is no important question of policy involved in this matter, and this Council may safely pass this measure without any misapprehension as to its effects.

MR. D. VENKATARAMAIYA.—I was not aware of the fiscal arrangement with the British Government just now explained.

MR. A. RAMANNA.—One matter, of course, is settled, that is, that we are not to be losers inasmuch as we get the money by a refund from the Madras High Court. But a more important question than that of money is the question of our exercising jurisdiction over the property which is situate in our Province. The right to grant certificate is more important than anything else. We should recognise the representative character of the Administrator-General only after he has obtained an administration certificate in Mysore. This is merely a matter of formality, a matter of an application, that is all. He may apply for a certificate, he may take one and nobody will question his right to obtain it. So the power of granting a certificate is, in my humble opinion, one that may be retained. There is no sort of difficulty in applying for and obtaining such a certificate; and having a right with reference to the property situate in our jurisdiction, that we should simply give away jurisdiction to another authority and that we should be only satisfied with getting a refund of the fees, points to the fact that we are giving away a most important privilege, namely, the right of jurisdiction. I am rather very diffident about giving away our right. I for one would not like that there should be any such delegation of the right that is vested in the Durbar.

The motion was put to the Council and carried.

Mr. S. Narayana Rao moved that the Bill be taken up and passed at a subsequent meeting of the Council. This motion was seconded by Mr. Srinivasiengar, put to the Council and carried.

The Council then adjourned.

HOME DEPARTMENT.

ECCLESIASTICAL.

Simla, the 6th November 1909.

NOTIFICATION.

THE rules providing (I) for the care and use of Government cemeteries throughout India, except those in the presidency town of the diocese of Calcutta and the presidency town of the diocese of Bombay; (II) for the levy and expenditure of fees on graves and monuments in cemeteries and churches throughout India; (III) for the levy of other ecclesiastical fees throughout India; (IV) for the erection, repair and endowment of monuments in Government cemeteries throughout India, except in the Madras Presidency and in the town and suburbs of Calcutta; and (V) for the regulation of grants for the building of churches; the supply of church furniture; and for the payment of compensation for accommodation provided for soldiers in churches neither belonging to, nor rented by Government, have been revised and consolidated and are published for general information and guidance:—

PART I.

Rules for the care and use of Government cemeteries throughout India, except those in the presidency town of the diocese of Calcutta and the presidency town of the diocese of Bombay.

CHARGE OF THE CEMETERY.

RULE 1.—(1) The resident chaplain of a station has charge of the general cemetery, and frames an estimate of the expenditure connected therewith in accordance with the directions contained in paragraph 1 of the Home Department* Resolution Nos. 6—370-382, dated 9th November 1876.

*Appendix A.

(2) The term "resident chaplain" includes a clergyman of the Additional Clergy Society so far as concerns the stations to which he stands appointed, or other clergyman of the Church of England placed in charge by the Bishop.

(3) Where there are lay trustees or a church committee they will have the same powers and responsibilities in regard to the cemetery as in regard to the church. At stations where there are no trustees or committee, if there is no resident chaplain or during the temporary absence of the chaplain, the charge of the cemetery belongs to the chief magistrate on the spot, or the senior military officer if the cemetery is attached to a military cantonment.

(4) At out-stations where there is a church committee the charge of the cemetery will belong to the senior member of the committee, provided that, if the station does not contain a church which is the property of the Government, the appointment of the senior member of the committee to hold charge of the cemetery

will be subject to the approval of the Bishop or Archdeacon who may, if he consider it advisable, appoint some other person to the charge. At out-stations where there is no church committee the charge of the cemetery will belong to such person as may be nominated thereto from time to time by the Magistrate or Deputy Commissioner of the district, but subject to the control of such Magistrate or Deputy Commissioner.

(5) All projects for original works in connection with cemeteries attached to Government churches in civil stations which require the administrative approval of the Government of India, should, under the Home Department orders Nos. 49—65, dated the 5th February 1907, be submitted by the ecclesiastical authorities to the local Government, which after examining them will transmit them, with any remarks that it may desire to offer, to the Government of India in the Home Department for consideration. All proposals relating to the construction or alteration of cemeteries attached to Government churches in cantonments should, under the Home Department orders Nos. 58—71, dated the 18th February 1909, be submitted by the ecclesiastical authorities to the General Officer Commanding the Division or Independent Brigade within whose jurisdiction the cantonment is situated, who will forward them to the Quartermaster-General in India. The Quartermaster-General after satisfying himself of the necessity for the work proposed will, when the work is to be carried out by the Military Works Services, request the Director-General of Military Works to instruct his subordinate officers to forward the proposals, together with approximate estimates of their cost and the reports of the local military officers, to the local Government, which should then submit them for the consideration of the Home Department. When the work is to be carried out by the Public Works Department the Quartermaster-General will request the General Officer Commanding concerned to forward the proposals to the local Government which, after examination, will transmit them, with any remarks it may desire to offer, to the Government of India in the Home Department for consideration. Proposals in connection with cemeteries attached to Government churches in railway colonies should be submitted by the managers or agents of the railways concerned to the Railway Board for consideration. Projects for original works in connection with cemeteries other than those attached to Government churches will be dealt with under the orders of the local Government.

RULE 2.—Each cemetery is allowed a mali-chaukidar or chaukidars in accordance with the scale prescribed in paragraph 2 of the Home Department Resolution* Nos. 6—370-382, dated 9th November 1876. These chaukidars are paid by Government through the resident chaplain, by whom they are appointed and dismissed. In stations where there is no resident chaplain, the chaukidars are paid, appointed, and dismissed by the other officers named in rule 1. House accommodation for cemetery chaukidars may be provided at the cost of the State.

*Appendix A.

RULE 3.—Every reasonable effort should be made by the resident chaplain or other officer in charge under rule 1, not only to keep the cemetery in decent order, but to preserve its character as the resting-place of the remains of departed friends by providing for the necessary repairs and by planting the ground with suitable trees.

NOTE—Expenditure under this rule will be met in the manner indicated in paragraph 1 of the Home Department Resolution† Nos. 6—370-382, dated 9th November 1876.

†Appendix A.

RULE 4.—The chaukidar will keep the key of the cemetery under the direction of the officer in charge.

RULE 5.—The officer who has charge of the cemetery under the operation of rule 1 will perform all the duties assigned to the chaplain by rules 7, 8, 9, 10, 11, and 12, with the exception of the approval of designs of tombstones and of inscriptions to be cut on them. In the case of a tombstone in that part of the cemetery which is reserve for the Church of England, the proposed design and inscription must be forwarded to the resident or visiting chaplain, or, if there be none, to the Archdeacon, no action being taken to erect the monument till his sanction has been obtained. In all other cases the design and inscription must be approved by the minister of the particular denomination to which the deceased belonged. Should

there be no resident or visiting minister of that denomination, the inscription and design must be approved by the senior minister belonging to it in the province, or, if there be none, then by the local Government or Administration. Should a design or inscription be disapproved, it may be referred, if those who are interested desire this, through the ecclesiastical superior of the denomination concerned, to the local Government or Administration for decision. (*Vide* rules 14 to 21 and Part IV of these rules.)

PERSONS WHO MAY CONDUCT INTERMENTS.

RULE 6.—(1) The chaplain will bury Christians of all denominations whose friends desire his services, as laid down in the orders of the Government of India in the Home Department,* No. 159, dated the 6th June 1877, using always the service of the Church of England and the consecrated portion of the cemetery.

*Appendix B.

(2) A portion of every cemetery will be set apart by the orders of Government for the use of Roman Catholic congregations, and another portion will be appropriated for the joint use of other Christians whose friends desire that they should be interred otherwise than according to the ritual of either the Church of England or of the Church of Rome, or who cannot legally be so interred.

(3) The unconsecrated portions thus set apart are not to be fenced or walled off from the rest of the cemetery, but simply divided off by a pathway, and they must be added to the existing cemetery or reserved from it. If the existing cemetery be large enough for the wants of the whole Christian community, such portions will be reserved without reference to the fact that the whole enclosure has or has not been consecrated according to the rites of the Church of England. If the cemetery be only large enough for the wants of Christians desiring to be buried with the service of the Church of England such portions will be added. The whole cemetery thus divided is to be surrounded by a wall, to have but one gate of entrance, and to be under the care of the officer specified in rule 1.

RULE 7.—(1) Ministers of all denominations have a right to conduct the service of burial over the body of any deceased member of their respective congregations, who may be buried in any fitting portion of the ground set apart for the denomination to which the deceased belonged. At least six hours' previous notice of the burial should be given by the chaplain or minister of the denominatino to which the deceased belonged or, in his absence from the station, by the friends of the deceased, to the chaplain in charge of the burial ground, or, in the absence of the chaplain, to the officer who may be in current charge. The chaplain or officer in current charge of the cemetery should, on receipt of the notice, give the conducting chaplain or minister, or, in his absence, the friends of the deceased, a certificate as to the hour when the funeral may take place. The period herein prescribed may, for special reasons, be shortened, with the permission of the chaplain or officer in charge of the cemetery. Such chaplain or officer will, if he thinks the circumstances of the case demand it, bring the facts to the notice of the local magisterial authorities in time to admit of an order stopping the burial being passed if necessary.

NOTE.—The provisions laid down in this rule apply only to civil funerals. Military funerals are regulated by the orders laid down in Army form A 27.

(2) In the cases in which the deceased was in the military or civil employment of Government and the death occurred in a military station it is the duty of the officer commanding the corps or head of the department concerned to inform the minister of the denomination to which the deceased belonged, of the hour at which the funeral may be expected at the cemetery. This report is to be in addition to that required by rule 7 (1).

(3) A certificate of burial drawn up according to the required form must be sent to the chaplain or to the registrar of births, marriages and deaths, to be entered in the register kept up by him. The officer commanding the station or regiment or the local head of the department with which the deceased was connected is responsible for the submission of the certificate.

RULE 8.—(1) No burial can, as a general rule, take place in that part of a Government cemetery which has been set apart for the use of members of the Church of England unless the service prescribed by that Church is read by the chaplain, if there be one, or, in his absence, by the layman who officiates at the funeral. But a person may be interred in the other portions of a Government cemetery with or without the use of any services of religion.

(2) Where in that part of a Government cemetery which has been set apart for the use of members of the Church of England there is a family vault or grave, or a reserved plot of ground purchased by a member of the family, or a masonry grave prepared in immediate contiguity to such family vault or grave or reserved plot, any deceased member of a family may, if the relative, friend, or legal representative having charge of the funeral arrangements shall so desire, be interred in such family vault, grave, or reserved plot without the performance of the service for the burial of the dead according to the rites of the Church of England.

(3) The burial may take place at the option of the person having charge of the same either without any religious service or with such Christian and orderly religious service at the grave as such person shall think fit; and any person or persons who shall be thereunto invited, or be authorised by the person having charge of such burial, may conduct such service or take part in any religious act thereat.

(4) Notice of any burial which it is intended to conduct under the provisions of clauses (2) and (3) shall be given to the chaplain or other officer in charge of the burial-ground in the manner prescribed by rule 7.

ARRANGEMENTS FOR BURYING.

RULE 9.—Where there is a resident chaplain he is responsible for the arrangements for digging a grave and shall ordinarily arrange for the preparation of a coffin. Should he find or anticipate difficulty in making private arrangements for the preparation of a coffin, he should apply in military stations to the senior military officer, and in civil stations to the chief local magistrate to make the necessary arrangements; and these officers are authorized to direct any local Public Works officer to supply all that is necessary. The local Public Works officer will usually be the Assistant Commanding Royal Engineer in military stations and the civil executive engineer in civil stations; but the senior military officer in a military station and the chief local magistrate in a civil station may, in cases of emergency, direct the civil executive engineer or the Assistant Commanding Royal Engineer, respectively, to make the necessary arrangements. The resident chaplain is in all such cases responsible that timely notice is given to the Government officers who may be called upon to arrange for the preparation of a coffin.

The senior military officer in a military station and the chief local magistrate in a civil station may, should the resident chaplain report that private arrangements for the preparation of coffins are not feasible, issue a general order on the Assistant Commanding Royal Engineer and the civil executive engineer, respectively, to prepare coffins upon the requisition of the resident chaplain. The expenditure incurred by the executive engineer will be held in his miscellaneous advance account till repaid by the officer under whose special or general order it was incurred.

During the absence of the resident chaplain from the station the senior military officer in a military station and the chief local magistrate in a civil station shall be responsible for the arrangements for digging graves and preparing coffins.

NOTE.—The expenses incurred in connection with the burial of paupers who die within cantonment limits will be defrayed from cantonment funds under the authority of section 29 (1) (*l*) of the Cantonment Code. In the case of paupers who die out of cantonment limits, the expenses will be defrayed by the magistrate of the district.

RULE 10.—The officer in charge of the cemetery shall keep a plan of the entire cemetery to be provided by the Public Works Department or Military Works Services, with references written upon it, in a book, in which the names of parties interred are recorded; this plan and book being kept with the church registers.

NOTE.—The executive engineer shall maintain a plan of the cemetery showing on it all the existing graves and the spaces allotted for future graves, giving them all consecutive numbers and giving plot lines also consecutive numbers when he thinks this desirable.

RULE 11.—The officer in charge of the cemetery may reserve grave space, as limited by rule 12 below, on the application of near relatives of persons already buried in the cemetery and for the burial of the persons named in the application. A double ground fee shall be levied in advance before granting any such application, and each grant shall be registered in a book to be kept for the purpose and indicated on the plan. The ground will then be reserved for ten years. Before the expiry of that period, a fresh application should be made and a further double fee paid, failing which the ground will be resumed.

RULE 12.—The size of each grave, whether of masonry or not, is limited to 9′×4′, and the area of ground to be encolsed must not exceed 11′×7′ by external measurement.

RULE 13.—(1) All graves must be at least 6 feet in depth. Masonry graves need not be provided with floors.

(2) No body shall be buried in any vault or masonry grave provided with a permanent floor which it is intended at any after time within 14 years to re-open unless the coffin be separately entombed in an air-tight manner by properly cemented stone or brick work, which shall never be disturbed.

(3) One body only shall be buried in a grave at one time, unless the bodies be those of members of the same family.

(4) No non-masonry grave or masonry grave unprovided with the separate air-tight compartment prescribed in clause (2) shall be re-opened within 14 years after the burial of a person above 12 years of age, or within eight years after the burial of a child under 12 years of age, unless to bury another member of the same family, in which case a layer of earth not less than one foot thick shall be left undisturbed over the previously buried coffin. If on re-opening the grave any soil is found to be offensive, such soil shall be left undisturbed.

(5) There shall never be less than three feet of earth between the topmost coffin in a grave and the surface of the ground.

ERECTION AND REPAIR OF MONUMENTS.

RULE 14.—Monuments may be erected by any interested person. The inscription before being cut and the design, when the monument is other than a simple headstone, must first be approved of as laid down in rule 5.

RULE 15.—When a grave is not of masonry, the only monument ordinarily allowed over it is a simple cross or headstone on an adequate masonry foundation not exceeding 3′×2′; and the whole structure must not stand higher than 3′ from the ground level. But, with the permission of the officer in charge of the cemetery, a monument, such as may be erected over a masonry grave, may be placed over a non-masonry grave when adequate masonry foundations are provided on which the monument may rest.

RULE 16.—No monument, of whatever material constructed, shall exceed 8′×4′ at the base without the previous sanction of the local Government.

RULE 17.—No monument of *masonry* shall stand higher than 3 feet from the ground level.

RULE 18.—No cenotaph shall be more than 6 feet square at the base.

RULE 19.—The enclosure of ground round a grave must be by a metal railing, or by chains or bars of metal supported on masonry or metal pillars. Wooden or masonry enclosures are not permitted. The previous sanction of the Archdeacon, or, in his absence, of the Bishop, is necessary to the enclosure of a non-masonry grave: and no such sanction will be given unless the fee required by rule 1 of Part II has been paid.

RULE 20.—When a monument needs repairing, the officer in charge of the cemetery shall communicate with the friends of the deceased, or, when such communication is not *possible*, *advertise* three times in the *Gazette of India* and the Gazette of the Province; and if it falls into a ruinous condition and no person will undertake to restore it, the monument shall be treated at the next repairs in

such manner as the officer in charge of the cemetery may decide to be necessary for the maintenance of the cemetery in decent order: provided always that any inscribed slab or tablet which formed part of it shall be placed over the grave in simple masonry or be inserted in the wall of the cemetery and shall be carefully preserved.

NOTE.—(1) This rule does not apply to monuments of historical or archæological interest. Lists of such tombs should be obtained by local Governments and Administration and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

(2) The cost of the advertisements in the Gazette is met by the Government.

(3) A person desiring to erect a monument over a grave is required to pay into the Treasury a sufficient sum of money to be invested in Government securities, so that the interest on it will be sufficient to cover the cost of repairs annually. The foregoing rules shall apply *mutatis mutandis*, to railings round graves, which shall not be constructed until the requisite sum has been paid to cover the cost of repairs.

Explanation.—It is optional with a person proposing to erect a simple cross, head-stone fixed in a marble socket, or slab, over a masonry foundation not exceeding 3 feet by 2 feet, to pay the endowment fee for its maintenance and repairs. (*Vide* Part IV, rule 14.) The optional endowment fee may be paid at any time after the erection of the stone. The State will defray the cost of keeping in repair simple crosses, head-stones or slabs erected by or over the graves of British soldiers and non-commissioned officers.

[This rule applies only to the Madras Presidency. The rules regarding the repair of monuments in other parts of India except the town and suburbs of Calcutta, are contained in Part IV of these rules.]

RULE 21.—All work connected with monuments must, as far as possible, be carried on outside the cemetery.

INSPECTION.

RULE 22.—The cemetery should be inspected annually by the officer who has charge of it under the operation of rule 1, in company with the executive engineer, the plan and book kept under rule 10 being also examined, and a report made to the Archdeacon, and recorded in the ecclesiastical record book of the station, and also in the engineer's office. In stations where there is no resident chaplain and there is a difficulty in arranging for a joint inspection by the officer in charge of the cemetery and the executive engineer, the annual inspection may be made by the executive engineer alone, who will forward the report to the Archdeacon through the officer who has charge of the cemetery.

RULE 23.—(1) Commissioners of divisions should inspect cemeteries, whether closed or in use, within their respective jurisdictions, in the course of their annual tours, and should bring to the notice of the local Government any instances of cemeteries which are negligently kept, or which the officers in charge may have allowed to fall into a state of bad repair or disorder. All cemeteries are equally subject to the visitation and supervision of the Bishop and Archdeacon.

(2) Sanitary officers in cantonments are invited to inspect cemeteries within their respective cantonments and to report to local Governments any matter calling for notice.

MISCELLANEOUS.

RULE 24.—It is desirable that officers commanding regiments or detachments should be instructed to cause a report to be made to the nearest civil officer of graves dug for soldiers on the march, in order that measures may be taken for their effectual protection and preservation. These graves and all scattered Christian graves throughout the district are under the care of the local civil authorities, who should inspect them frequently and see that they are preserved in good order. Interments should, as far as practicable, be carried out in Government land.

PART II.

Rules for the levy and expenditure of fees on graves and monuments in cemeteries and churches throughout India.

RULE 1.—The following are the rates of fees chargeable :—

	R.	a.	p.
(1) For every square foot of ground occupied by a grave, whether masonry or not	0	8	0

NOTES.—(1) This fee is independent of the actual charge for making a grave.

(2) By the terms *ground occupied* in this rule is meant in the case of an unenclosed grave the area actually occupied by the grave; and in the case of enclosed graves, graves with monuments or graves partly covered by monuments and partly enclosed, the area actually occupied by the grave *plus* all additional space either enclosed or occupied by a monument.

The fee of eight annas in question is irrespective of all charges leviable under clauses (2) to (5) of this rule.

(2) for a masonry monument, per square foot	1	0	0
(3) For a cut stone or marble monument, per square foot ...	0	8	0

NOTE.—The lower fee of 8 annas per square foot shall be charged only if the whole structure above the ground level is made of cut stone or marble.

	Rs.	a.	p.
(7) For a cenotaph, in addition to the ground fee, a special fee of	50	0	0

NOTE.—If any of the persons commemorated are interred beneath a monument, it should not be classed as a cenotaph.

RULE 2.—Fees are leviable over the whole cemetery, including those portions which are used by Roman Catholics and non-conformists.

NOTES.—(1) The same rules in regard to fees apply to all graves, whether of Roman Catholics, of Non-conformists, or members of the established Church.

(2) Where a parcel of ground used for burial by a Christian community of any particular denomination other than the established Church of England forms no part of the general cemetery, but is separate from it; or where, although not so separate, it is clearly distinguishable and was not originally acquired, and has not been kept up at the expense of the State then if the community by which the ground is used so desire, the Government will give up all claim to fees on the distinct understanding that it is divested of all responsibility for the maintenance of the cemetery in proper order. On the other hand where such parcels of ground form part of a cemetery of the established Church or the general Christian community provided and maintained by the Government, no distinction can be made as to keeping up any one part of the cemetery, nor should any exemption from fees be permitted.

EXEMPTION FROM FEES IN GOVERNMENT CEMETERIES.

RULE 3.—No fee shall be levied from regimental and non-departmental warrant officers, British non-commissioned officers and soldiers for the construction of graves for, or the erection of monuments to the memory of, their wives, children, or comrades; or from their wives or children for the construction of graves for, or the erection of monuments to, such warrant officers, non-commissioned officers and soldiers; provided that the monument is a plain stone monument consisting of a simple cross or head-stone fixed in a stone or marble socket, or a slab over a masonry foundation 3′×2′ and whose total height does not exceed 3 feet above the level

of the ground. No exemption shall be granted however to such persons from the fees prescribed in rule 1 (6) and (7) of these rules.

NOTES.—(1) This rule applies to regimental and non-departmental warrant officers and all British non-commissioned officers and soldiers whether in military or civil employ.

Native Christians belonging to His Majesty's army are British soldiers within the meaning of this rule.

(2) Plain stone monuments erected under this rule which are subscribed for partly by regimental or non-departmental warrant officers, non-commissioned officers and men and partly by officers are likewise exempted from the prescribed fee.

(3) Departmental warrant officers and volunteers are not exempted from payment of ecclesiastical fees.

(4) The addition of masonry borders round plain stone monuments in respect of the erection of which exemption is granted by this rule will not necessitate the levying of a fee for their erection provided that the borders are kept within reasonable limits, so that the cost of repairing the monuments is not materially increased.

RULE 4.—The Chunar pensioners being more or less under military control come under the category of soldiers, and are therefore entitled to the same exemptions as soldiers. But this ruling does not apply to other pensioners who are not similarly under military control.

RULE 5.—The chaplain may at his discretion reduce, or in cases of extreme poverty altogether remit, the fee leviable on the construction of graves, but not for the erection of monuments.

NOTE.—The Bishop on special occasions may sanction a reduction or remission of fees for the erection of monuments.

PERSONS BY WHOM FEES MAY BE COLLECTED.

RULE 6.—The chaplain or other officer in charge of a cemetery may appoint an official mason, who may be granted a monopoly of the whole or any portion of the masonry work beneath the surface within the cemetery, subject to such conditions as may be agreed upon at the time of making the appointment; and may, subject to the same conditions, discharge him at his discretion. When an official mason has been appointed, he shall be responsible for the collection and payment to the chaplain or other officer as aforesaid of the requisite fees in respect of all work executed by him. Fees in respect of all work in the cemetery must be paid in advance before the work is begun.

PERSONS TO WHOM FEES MAY BE PAID.

RULE 7.—The fees prescribed in rule 1 should be paid to the chaplain or, in the absence of the chaplain, to the officer in charge of the cemetery and remitted at once to the civil treasury, except fees for monuments in churches, which should be paid over by the chaplain to the charitable objects to which the Bishop assigns them when his faculty is issued.

CEMETERY RECEIPTS AND CHARGES.

RULE 8.—All cemetery receipts and charges are to be regulated as laid down in paragraph 4 of the Home Department resolution * Nos. 6—370-382, dated the 9th November 1876.

* Appendix A.

MISCELLANEOUS.

RULE 9.—(1) A person may not purchase a portion of a Government cemetery as a burial place for himself and his family so as to have a right to fence it with a rail or fence, and thus make it the private property of himself and family. But when such rights already exist, they are not without reason to be interfered with, and special cases as they arise may require exceptional treatment. In such special cases the Archdeacon may exercise his discretion with the sanction of the local Government.

(2) All private rights must, however, cease if, for sanitary or other public reasons, the cemetery is closed against burials, or even that portion of it in which

the private ground is situated; but in special cases the Archdeacon may exercise his discretion of giving permission to open a vault or masonry grave.

(3) No *kachcha* grave can be opened in any cemetery for the purpose of converting it into a masonry grave without application to the Archdeacon which must be accompanied by a certificate from the principal medical officer, that this may be done without risk to the public health.

RULE 10.—(1) When a piece of ground is granted by Government as a cemetery to a railway company for the interment of its own servants, and the company afterwards keeps it in repair and provides the necessary establishment, so that beyond the original grant of ground Government is at no expense, the collection and application of fees accruing are left to the decision of the railway company which maintains the cemetery in good order and repair.

(2) The Commissioner or the district or judicial officer, and in military stations the officer commanding should inspect such cemeteries and report to Government if they find t hem negligently kept.

PART III.

Rules for the levy of other ecclesiastical fees throughout India.

RULE 1.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

RULE 2.—In addition to the fee for the surrogate's license a fee of Rs. 10 shall be charged on all marriages by license, except the marriages of officers and others in the military or naval service of His Majesty.

RULE 3.—The fee for a surrogate's license shall be Rs. 50 both at the presidency towns and in the interior. No fee shall be charged on marriages by banns.

RULE 4.—When registers are searched and a copy of any entry given, a fee of one rupee shall be charged for the first year,* and four annas for every additional year over which the search may extend, as well as a fee of one rupee for the certificate. Soldiers, sailors, and non-commissioned and petty officers are exempted from payment.

*The first year shall be taken to mean any one year indicated by the applicant.

NOTE.—(1) The amount of fees payable for marriages performed, and for searching registers kept in accordance with the provisions of Act XV of 1872 (The Indian Christian Marriage Act), is fixed by each local Government.

(2) The chaplain may at his discretion reduce, or altogether remit in cases of extreme poverty, the fee for searching registers.

PART IV.

Rules for the erection, repair and endowment of monuments in Government cemeteries throughout India, except in the Madras Presidency and in the town and suburbs of Calcutta.

APPLICATION FOR ERECTION OF A MONUMENT.

1.—A person desiring to erect a monument should submit to the chaplain or other officer in charge of the cemetery an application in the form A (annexed), with a working drawing of the monument drawn to scale.

2.—If the proposed monument (*a*) is not a single stone monument as defined in rule 6, or (*b*) is a single stone monument in respect of which exemption from payment of endowment fee is granted by note (1) to this rule, or (*c*) is a single stone monument which it is proposed to endow, the chaplain or other officer in charge of the cemetery will send on the application and the drawing with a forwarding letter (in form B annexed) to the executive engineer in charge of the cemetery. The executive engineer will examine the proposals, and, if he approves of them, will fill in the certificate below the application, examine and countersign the drawing, and return the papers to the chaplain.

If any fragile or costly work liable to receive damage is proposed, the executive engineer will not take this into consideration in entering the classification of the monument in column 7 (*b*) of the application, as the repair of such work cannot be undertaken by Government. The executive engineer may decline to take over any monument for the purpose of maintenance if he considers that the work is defective from a structural point of view.

If the monument is a single stone monument and is *not* to be endowed, the chaplain or other officer in charge need not forward the application to the executive engineer unless he desires his advice, but may deal with it at once in accordance with rule 3.

NOTES.—(1) No endowment fee shall be levied in respect of monuments erected by British soldiers or non-commissioned officers to their wives, children or comrades, or by their wives or children to British soldiers or non-commissioned officers, provided that the monuments are simple crosses, head-stones or slabs. Native Christians belonging to His Majesty's Army are British soldiers within the meaning of this note.

(2) The addition of masonry borders round plain stone monuments in respect of which exemption from endowment fee is granted by note (1) above will not necessitate the levying of a fee, provided that the borders are kept within reasonable limits, so that the cost of repairs of the monuments is not materially increased.

(3) When a monument is to be placed over a masonry grave any portion of the masonry which projects above the ground level shall be demolished.

3.—On return of the papers, duly approved by the executive engineer, the chaplain will see that the application in form A is correctly filled in, sign the memorandum at the foot of the form and forward it with the drawing to the Archdeacon. If the deceased belonged to some other denomination than that of the Church of England, the chaplain will obtain a certificate of approval of the design from the minister of the denomination to which the deceased belonged and forward it with the application to the Archdeacon.

4.—The Archdeacon will permit the monument to be erected or refuse to do so. If permission is given, the chaplain will advise the applicant of the sanction in form D (annexed) and instruct him to pay the amount of the endowment calculated as in rule 6 to the executive engineer, who will grant the applicant a receipt in form C (annexed).

5.—The chaplain will return the sanctioned application (with enclosures) to the executive engineer for disposal and record. On receiving adequate notice from the applicant (usually *not less* than a week) of the date and hour of erection, the executive engineer will depute a responsible subordinate to supervise the erection of the monument in accordance with the sanctioned design and specification. If it is erected to his satisfaction, the executive engineer will assume charge of the monument for future repairs by the Public Works Department and will issue to the applicant a certificate in form I that the monument has been properly erected. The chaplain will, on receipt from the executive engineer, send in April every year to the Archdeacon a list of the monuments erected and endowed during the year ending March 31st, together with the amounts of the endowment fees.

CLASSES OF MONUMENTS AND AMOUNT OF ENDOWMENT FEES.

6.—For the purpose of these rules monuments are classified as follows :—

CLASS A.— *Single stone monuments.*—Monuments consisting of simple crosses or head-stones fixed in marble sockets, or of slabs, over masonry foundations not exceeding 3 feet by 2 feet, provided that their height above the level of the ground does not exceed 3 feet.

CLASS B.—*Plain and solid monuments.*—Monuments, including railings round graves, not falling in class A, which are likely to require only occasional repair.

CLASS C.—*Elaborate monuments.*—Monuments which are likely to require special attention or frequent repair.

The endowment of a monument in class A is optional, and the fee may be paid at any time, either before or after the erection of the monument. Permission will

not be given to erect other monuments unless the endowment fee has been paid. The minimum fees are as follows :—

Class of monument	Endowment fee		Remarks
	Child's monument	Adult's monument	
	Rs.	Rs.	* A child's monument covering more than 15 square feet is to be charged for as an adult's monument.
A	15	15	
B	20 * †	30 †	† These are minimum fees, and when they are considered insufficient such fees may be charged as the superintending engineer thinks necessary.
C	50 * †	75 †	

The classification of monuments rests with the executive engineer, but any person who objects to his decision may appeal to the superintending engineer.

No addition to an existing monument in a Government cemetery will be allowed beyond mere lettering on existing slabs, head-stones or crosses, unless the whole monument is endowed.

7.—The endowment is intended to cover the expense of ordinary annual maintenance, re-lettering and repairs, but not the risk of accidents due to floods or earthquakes or other extraordinary causes. It is open to any person to provide for extraordinary repairs by making a special endowment in addition to the ordinary endowment fixed by the executive or superintending engineer under rule 6. This special endowment must, however, be limited to the amount necessary to cover such work as the Government officers can undertake to execute.

8.—When an endowment is paid to the executive engineer in accordance with rules 4 and 6, the amount must be entered in the divisional cash book as a deposit received and paid into the treasury with a remittance note in the form G (annexed) for credit to the civil department. The executive engineer will forward the treasury officer's receipt with his monthly accounts to the examiner of accounts in support of the debit to "deposits," a note to the effect that this has been done being entered in red ink across the block foil of the remittance note.

The examiner will from these receipts maintain a register in form H (annexed) showing the endowments for each cemetery in his province. The civil account officer will credit to a head cemetery endowment fund under the major head Savings Bank Deposits—Bank Accounts all sums received on account of these endowments, but will show no details regarding the cemeteries.

After the amount has been paid into the treasury the executive engineer will enter it in the register of endowments, form E (annexed, part (I)).

NOTE.—A clear distinction must be maintained between (1) *ordinary* and (2) *special* endowments (*vide* rule 7) in all the documents and accounts mentioned in this rule.

9.—The executive engineer shall maintain an account of all ordinary and special endowments, form E (annexed) (Part II). A separate ledger account shall be opened in form E (annexed) (Part III) for each monument for which a special endowment exceeding Rs. 25 has been made under rule 7.

NOTE.—The provision as to separate accounts should be applied, as far as possible, to endowments made prior to the issue of these rules.

10.—The interest calculated under rule 11 on the deposit shall be used in meeting the expenditure for the repair of those monuments for whose preservation deposits have been made. In no circumstances should the capital sum be applied to meet such expenditure, nor should the interest be separate for each monument. The interest accruing on the deposits shall form a common fund to be used exclusively for the repairs of all endowed tombs: provided that the interests on deposits for which separate accounts are opened under rule 9 shall be used exclusively for the particular monument on account of which the deposit is made.

If a monument becomes so damaged as not to admit of repair, the officer in charge of the cemetery shall communicate with the friends of the deceased or when such communication is not possible, advertise three times in the *Gazette of India* and the Gazette of the Province; and if no person will undertake to restore it, the monument shall be treated at the next repairs in such manner as the officer in charge of the cemetery may decide to be necessary for the maintenance of the cemetery in decent order: provided always that any inscribed slab or tablet which formed part of it shall be placed over the grave in simple masonry or be inserted in the wall of the cemetery and shall be carefully preserved.

NOTE.—(1) This rule does not apply to monuments of historical or archæological interest. Lists of such tombs should be obtained by local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

(2) The cost of the advertisements in the Gazette is met by the Government.

(3) The State will defray the cost of keeping in repair monuments erected by or over the graves of British soldiers and non-commissioned officers in respect of which exemption from payment of endowment fee is granted by note (1) to rule 2 of this part.

11.—Joint estimates shall be framed in October of each year by the executive engineer and the chaplain, or other officer in charge of the cemetery, of the cost of repairs of endowed tombs, during the following official year, and the aggregate of the sums so estimated shall not exceed the estimated interest at 3¼ per cent per annum for ordinary endowments and at 3 per cent for special endowments made up to the 31st March preceding, *plus* the unspent balance at the end of the previous year. The executive engineer should budget annually for the grant required; such grant should be entered in a lump sum under the head "civil works" without any distinction between ordinary and special endowments.

12.—The civil account officer of each province will in his final accounts for March debit to 14 -Interest, by credit to the Public Works Department the interest at 3¼ per cent per annum for ordinary endowments and at 3 per cent for special endowments made up to the 31st March. On receipt of the credit the examiner of Public Works accounts will distribute the amounts between the cemeteries of the province and advise the executive engineer concerned of the amounts so credited. On receipt of such intimation the executive engineer will credit the amount in his divisional accounts as public works revenue under the head "Interest on endowments for repairs of monuments" and then fill in the interest column in form E (Part II).

13.—Endowment funds invested in Government Securities will be held in trust by the Comptroller-General or the Accountant-General, Bombay (as the case may be), on behalf of the examiner of public works accounts concerned, under the rules contained in Chapter II of the Civil Account Code. The interest will, on realization, be remitted to the examiner and will be credited in his accounts and distributed as provided in rule 12.

ENDOWMENT OF EXISTING MONUMENTS.

14.—When application is made for the endowment of an existing monument the above procedure should be followed as far as applicable.

15.—In order that the local Government or Administration may know that the tombs are kept in proper repair, an annual report in form F (annexed) should be forwarded as soon as possible after the close of the accounts for a financial year, by the executive engineer with respect to their condition, for each cemetery, to the examiner of public works accounts, who will consolidate the returns so received and render a general return to the local Government or Administration. The account will merely show the totals for each cemetery as taken from the executive engineer's accounts.

The reports sent to the examiner should contain remarks, both by the chaplain and executive engineer, as to the state of the tombs for which endowments have been made.

NOTE.—The foregoing rules are applicable to cenotaphs erected in church compounds, but the previous consent of the local Government to the construction of a cenotaph is in every case necessary.

PART V.

Rules regulating grants for the building of churches; the supply of church furniture; and for the payment of compensation for accommodation provided for soldiers in churches neither belonging to, nor rented by, Government.

RULE 1.—All State charges for churches (except those referred to in rule 21(*b*) (2) which are debitable to "23—Ecclesiastical") in civil, military or State railway stations are provided from Public Works funds from the ordinary grant for Imperial Works under "45—Civil Works."

RULE 2.—The provision of churches from Public Works funds is authorised under the limitations given in the following rules. All projects for original works in connection with churches in civil stations which require the administrative approval of the Government of India should, under the Home Department orders Nos. 49—65, dated the 5th February 1907, be submitted by the ecclesiastical authorities to the local Government, which, after examining them, will transmit them with any remarks that it may desire to offer to the Government of India in the Home Department for consideration. All proposals relating to the construction or alteration of churches in cantonments should, under the Home Department orders Nos. 58—71, dated the 18th February 1909, be submitted by the ecclesiastical authorities to the General Officer Commanding the Division or Independent Brigade within whose jurisdiction the cantonment is situated, who will forward them to the Quartermaster-General in India. The Quartermaster-General after satisfying himself of the necessity for the work proposed will, when the work is to be carried out by the Military Works Services, request the Director-General of Military Works to instruct his subordinate officers to forward the proposals, together with approximate estimates of their cost and the reports of the local military officers, to the local Government, which should then submit them for the consideration of the Government of India in the Home Department. When the work is to be carried out by the Public Works Department the Quartermaster-General will request the General Officer Commanding concerned to forward the proposals to the local Government, which, after examination, will transmit them, with any remarks it may desire to offer, to the Government of India in the Home Department for consideration. Proposals in connection with churches in railway colonies should be submitted by the managers or agents of the railways concerned to the Railway Board for consideration.

MILITARY STATIONS.

RULE 3.—At all permanent military stations, churches will be provided by the Government for its Protestant and Roman Catholic European British-born soldiers on the scale laid down in rule 6.

NOTE.—The term "Protestant" includes members of the Church of England and of the established Church of Scotland, Presbyterians, Wesleyans, and such other denominations of Christians as may from time to time be included by the Government of India.

RULE 4.—The amount of the Government grant for a Protestant church will in no case exceed such a sum as will suffice to provide a plain substantial building of the simplest ecclesiastical design, together with such plain furniture as is essentially necessary for the proper performance of the service according to the ritual of the Church of England. It will rest with private individuals to furnish the means of imparting architectural decorations to the building should they desire to do so, and also of supplying additional furniture, including apparatus for lighting of a more costly description.

NOTE.—On no account should Government funds be utilised for the erection of a reredos.

RULE 5.—The same principles will regulate the grant for Roman Catholic churches.

RULE 6.—The maximum number of seats to be provided will be calculated on the following scale :—

Unit	Church of England, Church of Scotland, and other Protestant denominations recognised by the Government of India	Roman Catholics
Battalion of British Infantry	450	340
Head-quarters Wing, British Infantry	250	190
Detached Wing, British Infantry	200	150
Regiment of British Cavalry	275	210
Battery of Royal Horse or Field Artillery	70	5[illegible]
Garrison Company, Royal Artillery	65	50
Mountain Battery, Royal Artillery	50	35
Heavy Field Battery, Royal Artillery...	45	35
Convalescent depots and miscellaneous detachments, per section of 100 men.	45	35

NOTE.—These numbers include soldiers' families.

RULE 7.—Any provision that may be necessary may also be made for staff officers, officers of Indian regiments, and, where no civil church exists, for European British-born subjects in the service of Government, or for railway servants in accordance with the scale and terms hereinafter prescribed for civil and railway stations respectively.

RULE 8.—As a rule, only one Protestant and one Roman Catholic church will be provided; and where the number of sittings required for the troops according to the scale above given is very large, the size of the church may be regulated so as to allow of at least one-half of the troops attending service at one time.

RULE 9.—The Government grants for churches will be calculated on the following basis. The executive engineer shall prepare a ground plan, which shall afford—

(*a*) accommodation for the total congregation to be provided for according to the scale laid down in rules 6 and 7, and allowing six superficial feet per sitting;

(*b*) passages, chancel, vestry, porch of such moderate dimensions as may be reasonable in each case, and verandahs where necessary;

(*c*) tower or belfry, as may be required according to the dimensions, general design, and locality of the building.

The maximum grant will be found by multiplying the cubic content of the approved design by a rate 15 per cent, in excess of the local rate per cubic foot for ordinary first class single-storied buildings of substantial construction, such as court-houses.

The cubic content of a building will be arrived at by multiplying the plinth areas of the different parts, such as main rooms, verandahs, tower, etc., by the heights from plinth to roof-level of these parts, and then by adding them together. In the case of a sloping roof the height will be measured to the mean height of the slope.

CIVIL STATIONS.

RULE 10.—At the chief civil station of a district, where they are at least 25 European British-born subjects (as defined in section 34 (i) of the Criminal Procedure Code, 1898), Protestants or Roman Catholics, as the case may be, in the general service of Government, and where no suitable church provision for them

exists already, the Government will contribute towards church accommodation upon the following terms :—

(1) Number of sittings required.	(2) Maximum Government grant.
Rs.	Rs.
25	2,000
50	3,500
100	5,000
150	6,000
200	7,000
250	8,000
300	9,000
350	10,500
400	12,000
For any excess over 400	Rs. 30 per seat in excess.

NOTE.—(1) When the number of seats to be provided lies between any two numbers given in the table the grant for the portion of the whole number of seats represented by the lower numerical figure in the table will be the grant shown against that figure, the rate per sitting for the excess number of seats over such lower figure being arrived at by dividing the difference between the maximum grant shown against the next higher figure and the said lower figure by the difference between the higher and lower figure. Thus for 110 seats the Government grant for 100 seats will be 5,000, and for the remaining 10 at the rate of $\frac{6,000-5,000}{150-100}$ = Rs. 20 per seat.

(2) As a rule, only one Protestant and one Roman Catholic church will be provided. In the case of Protestant churches accommodation will ordinarily only be provided for the number willing to attend the Church of England service.

(3) In ascertaining the number of seats to be provided, women and children belonging to the families of European British-born subjects in the general service of Government, and pensioned soldiers and their families, may be taken into account : two children being counted as one adult.

(4) In cases of stations where abnormal rates prevail, special application may be made to the Government of India for an increase to the grant given by the State, but no grant for more than 200 sittings will be made except at seats of local Governments and Administrations, or at hill sanitaria. In the latter case, the number of European British-born subjects in Government service must exceed (without their families) 120 to warrant the grant for a church of greater accommodation than 200 sittings.

RULE 11.—No Government grant for a church in a civil station will be made until private subscriptions have been obtained, and then the grant will not exceed double the amount thus actually realised, the maximum figure in column 2 of the table above being in any case the extreme limit of the grant towards the scale of accommodation which stands opposite in column 1. And in no case will the Government grant be allowed until these contributions, together with the grant, amount to the estimated cost of the church.

RAILWAY STATIONS.

RULE 12.—Whenever there are, at any State railway station or depot, so situated that other church accommodation does not exist or is not available with reasonable convenience, at least 25 persons in the railway service who are of European descent, pure or mixed, retaining European habits and modes of life and professing the Christian religion, whether Protestant or Catholic, churches will be provided by the Government for them in accordance with rules 4, 5 and 8; the number of sittings being calculated on the principle, *mutatis mutandis* of rule 10, notes (2) and (3), and the grant being in conformity with rule 9.

RULE 13.—Whenever such separate churches are not required, church accommodation for any such persons may be provided in the plans of any church which is about to be erected at a military or civil station; but in the case of a church at a civil station, the restrictions in rule 10, note (4), and in rule 11, shall not apply in respect of the numbers of, and grants for, such persons.

RULE 14.—In cases where a State railway station or depot is considered by the railway administration to be likely to increase, such addition may be made to the number of sittings, calculated as above provided, as the Railway Department may, in each case, sanction.

NOTE.—Rules 12 to 14 apply only to State railways worked by the State and in other cases when the State is in the position of the employer of labour.

RULE 15.—In the case of church accommodation for servants of a railway not worked by State agency and not falling within the note to rule 14, it will be within the discretion of the Board of Directors or other duly empowered representative of the Company, with the approval of the Government of India, to provide funds for church accommodation under rules 12 to 14. In such cases the cost will be chargeable to the capital or revenue account of the railway as the circumstances of each case may suggest.

GENERAL.

RULE 16.—It is desirable, whenever such a course will not be attended by inconvenience, to combine the civil or railway with the military church of a station, the grant allowed for the church accommodation of the British troops or State railway servants before given being supplemented by a grant according to the scale shown in rules 10 and 11, or 12 to 15, as the case may be. In special cases buildings may be rented for divine service with the previous sanction of the Government of India.

RULE 17.—In addition to church accommodation as above prescribed, a house for the chaukidar or resident bearer may be provided. In cases, however, where the church is distant from the bazaar, and where special grounds are shown, accommodation may be provided for other duly authorized servants; but such further accommodation will be limited to shelter for day use only. These houses should, when practicable, be adjoining to, and not within, the church compounds; but when within them, they should be erected in keeping with the other church buildings.

RULE 18.—Grants for ecclesiastical buildings will be sanctioned only by the Government of India in the Public Works Department.

RULE 19.—Tho scales of accommodation and expense for all churches above laid down or in no case to be exceeded without a reference to the Government of India.

RULE 20.—Church accommodation will not usually be provided at the expense of the State for non-official residents, either British-born Europeans or others, or for official residents other than British-born or State railway servants.

RULE 21.—When private contributions are combined with a Government grant towards building a church, the procedure to be adopted is as follows :—

(*a*) (1) Under ordinary circumstances, the amount of private contributions being known, a definite design and estimate will be prepared by the executive engineer and submitted for sanction in the usual way, the limit by which the executive engineer will be guided in his designs being the aggregate of the Government grant according to the scales given in the preceding rules, and the amount of private contributions actually realised.

(2) Before the work is commenced, the amount of the private contributions must be paid into a Government treasury, or guaranteed by sufficient security, and carried to credit of deposits in the accounts of the department.

NOTE.—In the case of a grant from the Church Building Fund for the diocese of Calcutta, a certificate instead of a cash payment in advance may be accepted, showing the amount of the contribution to be allowed. The conditions on which this certificate may be accepted are that in every case definite arrangements must be made with the local Government or Administration concerned respecting the precise date on which the contributions will be paid, and that, until the payment is made, the Government shall have a primary lien on the funds of the Society. In case of any failure in paying up the stipulated payment on due date, the privilege herein allowed is to cease.

(3) In dealing with cases of this nature, the private contribution is to be looked upon as an addition to the Government grant, instead of the money allowed from public funds being considered as grant-in-aid of private contributions, and the responsibility of officers of the Public Works Department or Military Works Services with respect to the preparation of estimates, and the construction of such buildings with reference to excess of expenditure over the estimate, will be as strictly enforced as where only public funds are expended.

NOTE.—In the case of State railways, the functions assigned in this and succeeding rules to the executive engineer will devolve on the manager.

(b) (1) In special cases, however, the Government grant for a church may, with the sanction of the Government of India, be treated as a grant-in-aid of private contributions raised for a church intended for the use of Government servants within the meaning of these rules or partly for the use of non-official residents or others for whom grants are not admissible under these rules.

(2) In such cases the plans and specifications shall be submitted to the executive engineer for the approval of the proper officers in the Public Works Department or Military Works Services, who shall sanction them on satisfying themselves that they are safe and suitable and can be executed for the estimated amount. The construction of the building may then be left to the managers or trustees of the private contributions raised, with whom must rest the responsibility for excess, if any, over the amount of this sanctioned estimate. The grant-in-aid will be paid by the civil department on the certificate of the executive engineer, *vide* rule 21 (b) (3) below, and adjusted as a civil charge under the head "23—Ecclesiastical" as stated in rule 1 above.

(3) In such cases the grant will ordinarily not be paid in full by the civil account officer until the executive engineer has certified that the building has been completed in accordance with the sanctioned plans and specifications, and the trust deed referred to in clause (4) below, where required, has been duly executed; but the executive engineer may authorize advances out of the sanctioned grant on receiving sufficient proof that the building is proceeding satisfactorily, and on the managers or trustees certifying that all subscriptions relied on in support of the application for the grant have been paid up in full or guaranteed by sufficient security.

(4) When a grant is made under clause (b) of this rule for a church intended partly for the use of non-official residents and others for whom grants are not admissible under these rules, there shall be a trust deed, duly executed by the Chief Magistrate of the district in which the church is situated and the chaplain and registered,—(1) declaring that the building is granted in trust for church purposes only: (2) giving to Government a prior lien on the building for the recovery of the grant in the event of the former being diverted to other purposes: (3) providing for the legal ownership of the building: and (4) indicating sufficient sources for its proper maintenance.

RULE 22.—In any case in which a church is built partly from private contributions and partly from a Government grant, the Government is entitled at any time to require that a proportion of the seats in the church, not exceeding the proportion which the Government grant bears to the whole expenditure incurred in building the church, shall be reserved for troops and other Government servants who may be allowed free seats under rule 27.

NOTE.—This rule does not apply to cases in which pewage reduced by the amount of interest calculated at 4 per cent on the Government grant towards the cost of construction is paid on account of seats used by troops.

RULE 23.—The preceding rules shall apply, as far as may be, to the enlargement of existing churches.

CHURCH FURNITURE.

RULE 24.—The supply of church furniture will be regulated by the following rules. All expenditure connected with the articles to be supplied by the Public Works Department will be provided for under the rules laid down for that purpose:—

(6) Churches rented by Government or Government buildings set apart temporarily as churches, for the use of European troops or European-born subjects in the service of Government, or of State railway servants, should be supplied by the departments concerned (*vide* clauses 1, 2, 4 and 5) with such curch furniture and articles of service as are absolutely necessary for the performance of divine service. The number and description of the articles to be supplied should be determined by a committee, consisting of the chaplain, the executive engineer, and the chief local magistrate. In the case of churches for troops or for State railway servants, the senior military officer, or the manager of the railway will take the place of the chief local magistrate.

The articles of furniture and service should be of the plainest description unless there is under construction by Government a church for which church furniture and articles of service would have to be supplied under clauses 1, 2, 4 and 5.

Articles supplied for use in temporary churches should be returned into store when the building ceases to be used as a church, unless they are required for supply to a permanent church built by Government.

(7) All applications for funds for the supply to Roman Catholic churches of the articles of service mentioned in clause 5 should be submitted through the Roman Catholic Bishop of the diocese in which the church is situated.

(8) The following articles of furniture will be supplied by the Public Works Department for lych-gates of Government cemeteries :—

	Maximum cost Rs.
Two benches at Rs. 9 each	18

Two chairs at Rs. 5 each	10
A wheeled bier	350

NOTE.—In stations where no hearse or other suitable means of conveyance are available, the use of the bier is permissible for the conveyance of the dead to the cemetery.

RULE 25.—The executive engineer will be guided, in granting the certificates alluded to in clauses 2 and 5 of rule 24, by the following principles :—

Class I, churches built by Government.—The certificate should state that the church was built by Government for the use of European troops or European British-born subjects in the service of Government, or of State railway servants, and is still maintained for the same purpose.

Class II, churches which have received building grants from Government.—The certificates should state that the church received a building grant of Rs————, equal to the————part of the total cost of the building, and that the grant was made on account of European troops or European British-born subjects in the service of Government or of State railway servants, and that the building is still used by them.

For this class of churches a proportion of the standard cost of the articles of service will be sanctioned equal to the proportion of the grant-in-aid to the total cost of the building itself.

Class III, churches rented by Government and Government buildings temporarily set apart as churches.—The certificate should state that the building is wholly rented by Government or is a Government building temporarily set apart as a church for the use of European troops or European British-born subjects in the service of Government, or of State railway servants.

NOTE.—The required certificates should afford information as to when the article was originally supplied and by whom, and the reason for recommending its renewal. When, however, Government pay for the use of a certain varying number of sets in a church, the hire of the seats should include everything necessary for the performance of service.

RULE 26.—When a church, whether Protestant or Roman Catholic, is to be furnished, the executive engineer should communicate with the ecclesiastical authorities concerned with a view to afford the congregation an opportunity of furnishing the church by private subscriptions in more costly style, should they wish to do so. It is to be understood, however, that any article of furniture to which any public funds may have been applied will remain the sole property of Government, even though a portion of its cost may have been contributed by private persons. And in cases where articles of furniture are procured from England, they should be purchased through the Secretary of State in the ordinary way, with the exception of articles to which note 1 to clause (2) of rule 24 applies, which may be purchased as therein allowed.

In cases in which articles of furniture supplied wholly or in part from Government funds are considered to have become obsolete or unsuitable, though not necessarily unserviceable, they may, with the previous approval of the local Government,

be sold and the sale-proceeds utilized towards the cost of replacing them, provided always that sufficient private subscriptions are forthcoming to ensure the replacement of the old articles by new ones of greater value or more appropriate design.

RULE 27.—Government will not ordinarily undertake the cost of the renewal and repair of furniture and articles of service in churches, which are not primarily intended for the accommodation of troops. Where pew rents are charged, the cost of such renewals and repairs will be met from the pew rent fund; where pew rents are not charged, it is expected that the cost will be met from contributions by private persons and members of the congregation. In churches in which a portion of the seats are actually reserved by Government for troops or other Government servants entitled to free seats, the Government will pay a share of the cost of renewals and repairs equal to the proportion which the number of seats so reserved bears to the whole number of seats in the church. Seats will be reserved by Government under this rule only for troops and military officers on duty with troops, and for such Government servants of the classes described in rule 10, and State railway servants of the classes described in rule 12, as cannot afford to pay for seats. But all Government servants (other than troops and military officers on duty with them), who are in a position to pay for seats, will be liable to be charged pew rents.

RULE 28.—In cases in which articles of furniture belonging to a Government church are stolen, an immediate enquiry should be held in view to ascertaining whether the loss was caused through the negligence of the person responsible for the custody of such furniture. In the case of Protestant churches at civil or railway stations, the enquiry should be conducted by the chaplain and the members of the church committee; and in the case of Roman Catholic churches at such stations, by the chaplain in charge and the chief civil officer of the place, or such other person or persons as the chief civil officer may nominate for that purpose. As regards Protestant and Roman Catholic churches in cantonments, the investigation should be made by a committee assembled under the orders of the officer commanding, as is the case in respect of all other enquiries into loss of Government property, the chaplain in charge being invited either to be a member of the committee or to give evidence before it.

(2) If the result of the enquiry should be to show that the loss was occasioned by negligence on the part of the person responsible for the custody of the furniture, such person should, if possible, be required to make good the loss; or if it should appear that the loss was due to circumstances beyond the control of the responsible officer, then the Government of India will be prepared to consider an application for the replacement, at the public expense, of the articles stolen. Such application should be submitted through the ordinary channels, and should be accompanied by a full report of the enquiry.

RULE 29.—The care of church clocks is to be charged against the pew rent fund, where it exists. Where no such fund exists, the cost of maintaining the clocks will be borne by Government.

RULE 30.—The pay of chaukidars of churches will be disbursed through chaplains.

RULE 31.—Anglican and Roman Catholic churches are under the control of the Bishop of the diocese in respect to the erection of tablets, ornaments, etc., while in course of construction, as well as after completion and consecration.

OWNERSHIP AND REPAIR OF CHURCHES.

RULE 32.—All churches built under these rules, except rule 21, clause (*b*) shall be considered the property of Government.

As a general rule, all churches, whether Protestant or Roman Catholic, which have in past times been built by Government, are the property of Government.

Churches whether built wholly by private contributions or by such contributions jointly with State grants, which have been borne for a series of years on the books of the Public Works Department or Military Works Services and have been repaired and otherwise dealt with, unchallenged, as Government buildings, shall be deemed to be the property of Government.

Churches built wholly or in part by private contributions which have not been so borne, repaired or dealt with, but which may be taken over on behalf of Government, under sanction of competent authority, shall be brought on the books of the Public Works Department or Military Works Services as the property of Government.

RULE 33.—All churches which are the property of Government shall be in charge of the executive engineer, and shall be repaired under the ordinary rules of the Public Works Department.

In every case in which any alteration in a church belonging to Government, which affects its structure or its permanent fittings, may be desired by the chaplain or other clergy, the executive engineer must be consulted and his consent obtained in writing before the alteration is carried out.

COMPENSATION FOR ACCOMMODATION IN CHURCHES NEITHER BELONGING TO, NOR RENTED BY, GOVERNMENT.

RULE 33.—The rate of compensation for sittings for Protestant and Roman Catholic soldiers is fixed at Rs. 7 per seat per annum. Broken periods within a year shall be counted as a year; but when sittings are occupied consecutively for any period exceeding twelve months, payment will be made for the number of months in excess of the year, for which the sittings are so occupied, at the rate fixed for the year.

NOTE 1.—The payment should, as far as possible, be regulated by the official year.

NOTE 2.—When a church has been built at Government expense or with the aid of a grant from Government, the pewage otherwise admissible will be reduced by the amount of interest calculated at 4 per cent on the sum contributed by Government towards the cost of construction.

RULE 35.—The number of sittings for which compensation is allowed will be regulated by the highest attendance at a parade service during the year of soldiers and their families (two children up to the age of 16 being counted as one adult) actually quartered in the station, subject to the following maximum limits:—

Unit	Church of England, Church of Scotland and other Protestant denominations recognised by the Government of India	Roman Catholics
Battalion of British Infantry	450	340
Head-quarters Wing, British Infantry	250	190
Detached Wing, British Infantry	200	150
Regiment of British Cavalry	275	210
Battery of Royal Horse or Field Artillery	70	55
Garrison Company, Royal Artillery	65	50
Mountain Battery, Royal Artillery	50	35
Heavy Field Battery, Royal Artillery	45	35
Convalescent depôts and miscellaneous detachments, per section of 100 men.	45	35

NOTE.—These numbers include soldiers' families.

RULE 36.—Compensation may be charged for sittings provided for British-born commissioned and non-commissioned officers (including families) employed on the staff or with Indian regiments, in addition to the number of sittings for which compensation is admissible under rule 35.

RULE 37.—Compensation may, under the conditions of rule 34, be paid for Protestant or Roman Catholic State railway servants for whom church accommodation has not been provided by Government; the number of sittings for which compensation may be allowed being regulated by the highest attendance on any

one occasion during the year of railway servants and their families (two children up to 16 being taken as one adult) who are of European descent, pure or mixed retaining European habits and modes of life and professing the Christian religion.

RULE 38.—Local Governments and Administrations are authorised to sanction the payment of compensation for sitting on the condition that the rules are strictly observed, and that all cases in which the application of the rules is doubtful are submitted for the orders of the Government of India. Applications for compensation must be supported by a certificate from the officer commanding the station or the manager of the railway of the number of soldiers or State railway servants and their families for whom accommodation has been obtained under rules 35, 36 and 37 and by a receipt for the money paid.

RULE 39.—The outlay will appear in the departmental budget estimates and accounts under head of Civil Buildings—Repairs.

Home Department resolution Nos. 6—370-382 (Ecclesiastical), dated Simla, 9th November 1876.

Read—

The Home Department resolution Nos. 314 to 318, dated 6th October 1875, appointing a committee to report upon the following matters connected with ecclesiastical administration :—

(1) The framing of joint estimates for expenditure on cemeteries or churches by the executive engineer and clergyman in charge.
(2) A revision of establishments for cemeteries according to their area.
(3) The size of monuments and amount of ground that may be enclosed.
(4) Provision for planting cemeteries and preserving them in decent order.
(5) Mode of supply of certain articles of church furniture.
(6) The substitution of three for two classes of churches with respect to the expenditure allowed for them by Government.

Read—

The report of the committee, dated 29th October 1875.

RESOLUTION.—The report of the committee has been considered by the Governor General in Council, who desires to express to the committee his satisfaction at the result of their labours.

The following rules have been approved relative to the subjects referred to the committee for report :—

1. Churches and cemeteries have already been divided into two classes:— (1) those in stations where there are military cantonments and the military works which are under the charge of the *Director-General of Military Works*, and (2) those in other military cantonments and civil stations.

Public Works Department No. 486-A.G., dated 13th July 1874.

In both classes of stations joint estimates* of expenditure should be framed annually by the undermentioned officers :—

(*a*) In the case of all expenditure, connected with establishments, *e.g.*, pay of servants, alterations in their pay or number, etc.; also all expenditure by Government connected with the provision of articles of church furniture supplied by the civil department. — By the chief magistrate of the district and by the chaplain.

(Financial Department resolution No. 87, dated 9th January 1875.)

(*b*) In the case of all expenditure connected with repairs and additions to church fabric, to church compound or cemetery walls, to cemetery gates, walks, wells, chaukidars or other church servants' houses, provision of necessary appliances for graves or for the repair of tombs or for the planting of trees and shrubs in cemeteries and keeping the same in decent order; also all expenditure by Government connected with the provision of articles of church furniture supplied by the Public Works Department. — By the executive engineer and by the chaplain.

(Financial Department resolutions No. 87, dated 9th January 1875: No. 2024, dated 31st March 1875; and No. 675, dated 9th February 1876.)

The estimates of expenditure to be prepared by the executive engineer and the chaplain should show distinctly the probable charge under each of the following heads:—

(I) New works connected with additions to existing churches and improvements to church compound.
(II) New supplies of furniture for churches and sanctioned articles of church use.
(III) New works connected with additions to existing burial-grounds.
(IV) Repairs to churches and church furniture and maintenance of church compounds.
(V) Repairs to burial-grounds to be executed by Public Works officers.
(VI) Repairs to burial-grounds, including planting and cleaning, to be entrusted to the chaplain or chief civil or Military officer of the station or cantonment, under paragraph 4.

It would be convenient if distinct estimates were prepared for each of these classes of expenditure.

The provision of funds to meet the charges above enumerated will be made in the budget estimate of the Public Works Department. The estimates for the same

* The estimates should be for the financial year, and should be prepared in advance as is prescribed for other budget estimates.

NOTE.—Modifications of the original orders are shown in italics.

will be subject to the scrutiny of, and be passed by, the superintending or chief engineer or local Government or Administration, according to the rules in force in the Public Works Department.

The incidence of cost of burial grounds is given in Volume I, paragraph 829, of the Public Works Department Code, and provision will accordingly be made for such charges in the Imperial or Provincial Budget Estimates as the case may be.

2. The following scale of establishments should be maintained at all cemeteries:—

(I) For a cemetery of which the area is 5 acres or less, one mali-chaukidar;

(II) For a cemetery of which the area is more than 5 and less than 10 acres, one mali-chaukidar and one assistant coolie;

(III) For a cemetery of which the area is more than 10 and less than 15 acres, one mali-chaukidar and two assistant coolies; and

(IV) For a cemetery of which the area is more than 15 acres, one mali-chaukidar and three assistant coolies.

It is left to the Local Governments and Administrations to determine the proper wages to be given to each servant. *The charge will be included in the Civil Budget Estimate under Imperial or Provincial as the case may be.*

* * * * *

4. No portion of the receipts from cemeteries and church compounds should be retained by any Government officer to be directly expended by himself; all such receipts should be paid into the civil treasury to the credit of the Public Works Department *under Imperial or Provincial Public Works Revenue as the case may be.* But the amount passed upon the joint estimate framed by the executive engineer and chaplain to provide for planting a cemetery and preserving it in decent order should be entrusted to the chaplain where there is one. Where there is no resident chaplain, the amount should be placed at the disposal of the chief magistrate on the spot, or of the senior military officer if the cemetery is attached to a military cantonment. The necessary funds for the purpose will be advanced by the Executive Engineer concerned to the chaplain or civil or military officer. Bills for the expenditure should be rendered by the officer to whom the advance has been made, either monthly or otherwise, to the executive engineer, who will charge for the amount thereof in the usual way in his accounts. Until the bills are received and charged off, the advance will be placed in the miscellaneous advance account of the executive engineer. All planting of shrubs and trees* by private persons in cemeteries should be under the control of the chaplain if resident, otherwise under that of the magistrate or senior military officer, as the case may be. When practicable, a well should be sunk in or near every cemetery.

* * * * *

5. It should be understood that the Government cannot provide cemeteries at the public expense for Native Christian communities.

Letter No. 364, dated the 9th November 1877.

NOTE.—Where their number is small the question is of little importance and is best arranged by mutual concessions or by special provisions made locally by the parties immediately concerned. And I am to suggest for His Lordship's consideration whether, if the necessity of dealing at the present time with this matter of native Christian interment be in his judgment unavoidably established, it should not be carefully examined in consultation with the several local Governments, having regard to the diverse needs and circumstances of the population in each separate province.

Home Department letter to the Ven'ble the Archdeacon of Calcutta; No. 110, dated the 22nd May 1883.

* In regard to churches and cemeteries situated within the limits of a military cantonment the Government of India have decided—

(1) that the chaplain is required to obtain the permission of the officer commanding the station before ordering a tree to be cut down in a cemetery or church compound situated within the limits of a cantonment;

(2) that the officer commanding the station may order a tree to be cut down in the cemetery or church compound without the chaplain's consent;

(3) that it rests with the chaplain to sell the trees cut down in the cemetery or church compound; the proceeds being paid in, as required by the standing rules, to the civil treasury to the credit of the Public Works Department; and

(4) that the consent of the commanding officer should be obtained in respect of all repairs or alterations over which he or the cantonment committee may exercise control under the cantonment rules and regulations, *e.g.*, rules 13 and 26 of chapter IV.

Home Department letter to the Ven'ble the Archdeacon of Calcutta, No. 148, dated the 26th June 1883.

These orders, however, do not interfere with the duty of the chaplain to see that the cemetery is kept clean of rank vegetation, shrubs, and undergrowth which are not included under the designation of trees.

Finance Department resolution No. 2202 (Expenditure), dated Simla, the 15th August 1876.

Read certain papers relative to the reduction of minor charges on account of church establishments in India.

RESOLUTION.—After consultation with the several local Governments and Administrations it was decided in February 1875 to reduce the cost of church establishments in India. To carry out this decision, the scale of charges (shown in the margin) was fixed for general adoption, with the reservation that in some places somewhat higher charges might be allowed under exceptional circumstances; and that in the case of third class (non-military) churches, with fluctuating and very limited congregations, a moderate fixed allowance might be granted for lighting and sacramental elements. In accordance with this decision, the several local Governments and administrations were requested to submit a fresh classification of military churches, and a scale of charges in accordance with the principles thus laid down.

First class (churches, the property of Government, containing more than 400 sittings at stations where there are European troops):—

	Rs.
1 clerk ...	... 12
1 chaukidar-bearer ...	6
1 water-carrier ...	5
1 sweeper ...	... 4
Lighting ...	... 20
Total	... 47 a month.

Second class (churches, the property of Government, containing less than 400 sittings at stations where there are European troops):—

	Rs.
1 chaukidar-bearer ...	5
1 sweeper ...	4
Lighting ...	10
Total	... 19 a month.

Third class (churches, the property of Government, at stations with no troops, or with only Native troops):—

	Rs.
1 chaukidar-bearer ...	5

2. After consideration of the reports called for, the Governor General in Council is pleased to pass the following orders.

3. If a clerk is now employed in any second class military church he need not be dismissed; the full reduction of the establishment must await the occurrence of a vacancy.

4. In Madras, including Mysore, but excluding Berar, there are 56 churches* and the cost of establishments on the scale laid down by the Government of India would amount to Rs. 700 a month as against a present charge of Rs. 1,917¼. The Government of Madras recommend, however, that the pay of chaukidar-bearers be fixed at Rs. 7 instead of Rs. 5 each a month; that an establishment of Rs. 47 a month be allowed to the church at Black Town; and that to five of the remaining thirty-six 3rd class non-military churches, the marginally noted † special allowances be allowed. These proposals are approved with effect from 1st April 1877. A tabular statement showing the financial results of the measure, and including, as a temporary charge, the pay of such clerks as are now on the establishments of the 2nd class military churches, should be forwarded for formal sanction.

	Number of churches.
* 1st class (military) ...	8

3rd ,, (non-military).	42
Total ...	56

	Rs.
† 1 bearer ...	7
1 sweeper ...	5
Lighting allowance	18
Total	... 30 each.

5. The Government of Bombay propose (1) to raise the pay of chaukidar-bearers; (2) to allow a peon to each chaplain; (3) to retain clerks for 2nd class military churches; (4) to do away with water-carriers and sweepers, and provide for their duties from the contingent allowance of Rs. 20 a month for lighting for 1st class churches; and (5) to allow a small contingent allowance to poor 3rd class non-military churches. The tabular statement submitted by the Bombay Government also shows other variations from the standard scale fixed in 1875. The Governor General in Council regrets that he is unable to sanction peons for chaplains in Bombay; but he is pleased to sanction the following scale for adoption in the Bombay presidency from 1st April 1877, with a request that a tabular

statement showing the charges now made may be forwarded to Government for communication to the audit department :—

	1st class military churches	2nd class military churches	3rd class non-military churches
	Rs.	Rs.	Rs.
1 clerk	A	...	...
1 chaukidar-bearer	7	7	7
Contingent allowance to cover lighting, and sweepers' and water-carriers' wages.	20	10	B

A.—On the pay proposed by the Archdeacon of Bombay.

B.—A list of the poorer churches, for which a special contingent allowance is asked, should be entered in the tabular statement.

6. The proposal of the Government of Bengal in respect to the six military (1st class) churches, including the two within Fort William, for which the authorised allowance of Rs. 47 a month is considered to be sufficient, is sanctioned with effect from the 1st April 1876; Rs. 100 a month is also allowed for each of the four (3rd class) non-military presidency churches* from 1st April 1877, for two years, subject to reconsideration at the end of that period; and an allowance of Rs. 55 a month is sanctioned for St. Stephen's church, Kidderpore, and the church at Howrah, on the same terms. Considering the peculiar character of St. Andrew's kirk in Calcutta and its use by the military, the recommendation of the Reverend Mr. Thomson for an allowance of Rs. 100 when there are two chaplains and Rs. 185 a month when there is one, is approved from the same date. The necessity for so large an allowance as † Rs. 32 a month for the care of the clock must be further established. The entire services of a competent native artisan could probably be secured for a much smaller sum.

*St. John's.
Old Church.
St. James's.
St. Thomas's.

7. In respect to the non-military (3rd class) churches in Bengal, the Governor General in Council considers that the scale laid down in February 1875 should be more closely adhered to than is proposed by the Government of Bengal. The exceptional allowances there contemplated were intended only for churches with *fluctuating and limited congregations* and not for general adoption. The churches at Dacca, Cuttack, Berhampur, and other places do not appear to be of this class. His Excellency in Council desires, therefore, that the Government of Bengal will submit a tabular statement more in accordance with the scale laid down in February 1875, and showing the financial results of the arrangements now sanctioned for church establishments in Bengal.

8. The classification of churches, submitted by the Government of the North-Western Provinces, shows that there are 36 ‡ churches, the proposed cost for the establishments of which is Rs. 670. But it appears doubtful if this classification includes the Episcopalian and Presbyterian churches at Allahabad. This should now be made clear; and the church at Chunar should be ranked as a 3rd class (non-military) church, and not as a second class military church. The usual tabular statement should also be submitted showing the financial result of the charges now authorised with effect from the beginning of the next financial year.

‡ 7 (1st class) military, including three Roman Catholic churches;
14 (2nd class) military, including three Roman Catholic churches; and
15 (3rd class) non-military churches.

9. There are 48 churches in the Punjab, and the cost of the establishments proposed for them is Rs. 878 a month. It is also recommended that Rs. 50 a month may be placed at the disposal of the Government of the Punjab for allotments, when necessary, to the poorer 3rd class (non-military) churches. The proposals of the Government of the Punjab are sanctioned with effect from 1st April 1877. The usual tabular statement should be submitted.

† This charge was subsequently accepted by the Government of India as an ecclesiastical charge and as part of the church allowance which is given in consideration of the benefit derived by the public from the use of the clock. Letter to Government of Bengal, No. 316, dated the 27th September 1877.

10. There are 15 churches in the Central Provinces, the cost of the establishments of which is Rs. 205 a month. Revised establishments as shown below are sanctioned for these churches, resulting in an increase of Rs. 17 a month over the existing charge :—

—	Existing cost per mensem	Now sanctioned per mensem

	Increase	... 17	

A.—As detailed in paragraph 1 of this resolution.

B.— Ditto *plus* the pay of a clerk, temporarily, as sanctioned in paragraph 3.

11. The Chief Commissioner of British Burma submits a list of church establishments in that province, and recommends "that the establishments should be restricted to the scale fixed by the Government of India; but that the rates of pay should be in accordance with those which are customary throughout Burma, where the cost of living is greatly in excess of that of India." He also recommends that an allowance of Rs. 30 a month may be granted to the Roman Catholic church at Thayetmyo. In accordance with these recommendations the establishments noted below, which are in conformity with the scale laid down in February 1875, are sanctioned for the churches in British Burma with effect from 1st April 1877.

12. In addition to the higher rates of pay for chaukidar-bearers on account of the prevalent wages in the Hyderabad, Assigned Districts, the Resident at Hyderabad proposes to add 8 peons at a cost of Rs. 56 a month to the authorised scale of church establishments. The Governor General in Council regrets that he

is unable to depart from the scale already fixed, but is pleased to sanction the other proposals as shown below from the beginning of the next financial year:—

13. The list submitted by the Chief Commissioner of Oudh shows that there are only six churches in Oudh—three of the 1st and three of the 2nd class. The proposed classification of these churches is approved with effect from 1st April 1877, with a requast that a tabular statement may now be forwarded.

14. The Chief Commissioner of Assam states that there are in Assam six 3rd class non-military churches, and proposes to pay the chaukidar-bearers at Rs. 10 each a month, remarking that "this is the lowest salary on which a servant can be entertained to perform the above duties in this province." The Governor General in Council sanctions a chaukidar-bearer for each of the churches in Assam on the pay of Rs. 6 each a month from 1st April 1877, and requests that the usual tabular statement may now be forwarded.

NOTE I.—The Government of India authorise local Governments and Administrations to sanction higher rates of pay for church establishments, when the rates fixed in the above resolution are clearly inadequate.

NOTE II.—Roman Catholic churches or chapels, which are the property of Government and which do not receive the allowances for establishment, lighting, etc., admissible under Army Regulations, India, Volume I, Article 395, are entitled to receive the allowances set forth in the Finance Department Resolution No. 2202 of the 15th August 1876.

RESOLUTION.—Sanctioned. For the future the President in Council is pleased to empower local Governments to sanction church establishments within the limits fixed in Financial resolution No. 2202, dated 15th August 1876, without reference to the Government of India, on the understanding that charges thus

sanctioned will be entered in the monthly statements of charges locally sanctioned.

I am directed to acknowledge your letter, dated the 2nd January 1877, No. 2, submitting, for approval, the proceedings of the Madras Government determining the proposed scale of establishment for the cathedral.

2. In reply, I am to say that the Governor General in Council is pleased to fix a limit of Rs. 400 per mensem as the maximum grant towards the maintenance of the establishment of the cathedral, with effect from the 1st April 1878.

To—The Secretary to the Government of Bengal.

With reference to paragraph 8 of your letter, dated the 5th February 1877, No. 376, regarding the establishment at St. Paul's Cathedral, Calcutta, I am directed to say that the Governor General in Council is pleased to comply with the recommendation of His Honor the Lieutenant-Governor and sanctions the continuance of the Government grant of Rs. 400 per mensem at present made towards the maintenance of the cathedral establishment.

No. 11, dated the 9th January 1878.

From—J. O'KINEALY, Esq., Offg. Secretary to the Government of India, Home Department.

To—The Secretary to the Government of Bombay, Ecclesiastical Department.

With reference to the correspondence ending with your letter, dated the 29th November last, No. 249, regarding the establishment of St. Thomas's Cathedral, Bombay, I am directed to observe that it appears from the papers submitted that the cost of the cathedral establishment and contingent charges amounts to Rs. 1,084 per mensem, and the trustees of the cathedral object to any reduction being made, holding that under the trust deed they have an indefeasible right to claim from Government both establishment and contingent charges on the existing scale.

2. The Governor General in Council does not admit that the trustees alone have the power to decide the question at issue, but His Excellency in Council does not desire to press the matter, and leaves it to be settled by the Bombay Government on the most favorable terms which may be found possible.

3. I am to add that a maximum grant of Rs. 400 per mensem has been fixed for the cathedrals at Calcutta and Madras.

Office memorandum from the Military to the Home Department (Ecclesiastical), No. 1618-S. D., dated the 17th October 1881, proposing a general rule to regulate the incidence of charges on account of clerical and menial establishments for religious services in connection with the troops.

The undersigned is desired to acknowledge the receipt of the docket from the Home Department, No. 75, dated 5th May 1881, on the subject of the provision of a clerical and menial establishment for Presbyterian religious service in connection with troops. The case in point is that of the 72nd Highlanders.

From the Adjutant-General in India, No. 2795-B., dated the 29th June 1881.
From the Comptroller of Military Accounts, Bengal, No. 10642.

2. In reply he is to forward the correspondence marginally noted, and to suggest that as (in regard to the general question) there would seem to be some doubt as to the proper incidence of charges on account of such establishments, the present opportunity be taken to settle the question finally.

3. The present rule as regards chaplains is understood to be as follows, *viz.*:—

The Church of England chaplains and the church establishments are paid in the civil department, even though employed in a cantonment solely for the use of the troops.

The pay of the Roman Catholic chaplains and of the chapel establishments engaged in the service of the troops is borne by the Military Department.

The pay of Presbyterian chaplains and of the church establishments at ordinary stations is borne by the civil department, but the pay of Presbyterian chaplains with Highland regiments is a military charge.

4. It seems, therefore, to the Military Department right that the charge on account of establishments for the church services of Highland regiments should also be a military charge, when the chaplain employed in the services is paid by the Military Department, and that in all other cases where there is a service performed for Presbyterian troops by a civil Presbyterian, Wesleyan or other chaplain, the charge for his services and any temporary establishment should be borne by the civil department.

5. The Military department considers that the above would be clearly defined rule which would prevent the mistakes which appear to have been made on more than one occasion in regard to the debit of such charges, and the undersigned is to recommend its adoption to the Home Department.

RESOLUTION.—The rule proposed in paragraph 4 is sanctioned.

APPENDIX B.

Home Department resolution Nos. 2—275 to 287 (Ecclesiastical), dated Simla the 8th September 1875.

Read the undermentioned correspondence relative to a proposed revision of the rules at present in force for the guidance of chaplains of the Church of England in regard to the burial of such persons as have laid violent hands upon themselves; and of those who having been members of the Roman Catholic church, have been refused burial by the priests of that church:—

From the Government of Fort St. George, No. 142, dated 12th June 1874, and No. 203, dated 28th August 1874.
To the Solicitor to Government, No. 327, dated 22nd September 1874.
From ditto ditto, No. 2316, dated 26th September 1874.
From the Lord Bishop of Calcutta, dated 13th January 1875.

RESOLUTION.—The first question was raised by the refusal of the Reverend C. H. Deane, Chaplain of Bangalore, to read the funeral service over a person who was found by a court of inquest to have committed suicide while in a state of temporary insanity.

*To Mr. Knox, dated 2nd January 1874.

2. The subjoined letter* from the Reverend C. H. Deane sets forth the ground of his refusal:

"When I answered your memorandum about the interment of the remains of the late Sergeant Spiers of the 18th Hussars, I was not aware that he had committed suicide. If, as I understand, there is no doubt that he poisoned himself, I regret to say that I shall not be able to officiate at his funeral. The Rubric before the burial service distinctly forbids it to be used for any that 'have laid violent hands upon themselves,' so that I have no option in the matter. The grave will be ready at 5 P.M., but no service can be used."

†To the Chief Secretary to the Government of Fort St. George, No. 483, dated 24th March 1874.

3. The view taken of the question by the Right Reverend the Bishop of Madras is stated in the subjoined letter:†

"I am directed by the Right Reverend the Bishop of Madras to acknowledge your communication of the 17th ultimo, forwarding copy of a letter from the Deputy Adjutant General, transmitting correspondence relative to the Reverend C. H. Deane's refusal to read the funeral service over the late Sergeant Spiers, 18th Hussars, who committed suicide.

"2. In reply I am desired to state that Mr. Deane seems to have been requested to perform the funeral without having been furnished with the customary death-report or any intimation that it was a case of suicide.

"3. The coroner's warrant in itself appears to be 'no more than a certificate that the body is not demanded by the law, and that therefore the relations may dispose of it as they please.'—(Wheatley on the Book of Common Prayer.) It does not, therefore, indicate the duty of a clergyman, or place him under legal obligation to give to a body Christian burial.

"4. In keeping with this view, the Government notification in *Fort St. George Gazette*, June 11th, 1850, page 623, when it intimates that 'the Reverend chaplains will in future consider the warrant of the coroner for the interment of a body on which an inquest has been held to be a sufficient authority for their performance of the burial service over it,' adds, 'if it would be their duty, under ordinary circumstance, to perform that service.'

"5. What is the duty of a clergyman when requested to bury a person who has committed suicide is to be ascertained partly from the Rubrics of our church, which are binding upon the clergy and have the force of law; and partly from the limitations of recognised legal commentators.

"6. The Rubric at the opening of 'the order for the burial of the dead forbids a clergyman to use that service for any that have laid violent hands upon themselves.'

"7. In Burn's 'Ecclesiastical Law' it is laid down: 'Of this sort [suicide] are to be understood not all who have procured death unto themselves, but who have

done it voluntarily, and consequently have died in the commission of a mortal sin; and not idiots, lunatics, or persons otherwise of insane mind.'

"8. In the same book it is also stated that 'the proper judges whether persons who died of their own hands were out of their senses, are doubtless the coroner's jury.'

"9. In the case under consideration it appears that the Reverend Mr. Deane having regard only to the Rubric and *foro conscientiæ* accounting himself responsible for the interpretation of it, refused to bury the corpse even when he knew that the coroner's jury had returned a verdict of 'temporary insanity.'

"10. In this refusal, I am instructed to state that Mr. Deane has not, so far as the Bishop can ascertain, violated any law, but he has departed from a recognised custom in not accepting the verdict of the coroner's jury as a justification for the using of the church's service over the remains of Sergeant Spiers.

"11. Mr. Cripps, in his 'Practical Treatise on the law relating to the Church and the Clergy' [Ed. 1869],* states: 'No case appears ever to have occurred in which a clergyman who has refused to bury the corpse of one who has committed suicide in insanity has been punished by the Ecclesiastical Law.' At the same time he adds: 'It must be doubtful whether a departure from a custom of such acknowledged propriety would not be visited with ecclesiastical punishment.'

*Page 793.

"12. In the absence of any court competent to visit with *ecclesiastical* punishment, the Bishop desires me to point out that it is very painful to a laborious and conscientious clergyman, such as Mr. Deane is, to deny the last offices of the church to one who has been under his spiritual charge, and it must, the Bishop thinks, be allowed that there was much in the circumstances of the present case to support the conclusion at which Mr. Deane arrived. I am, therefore, directed to say that His Lordship is disposed to take a lenient view of Mr. Deane's action, and the more so as those who are endeavouring to check the prevalence of intemperance in the army can ill-afford to lose any aid which a clergyman in the honest discharge of his duty can lawfully render."

4. The Government of Madras referred the whole correspondence for the information and orders of the Government of India.

5. The following brief statement of the English Law will be found sufficient for the present purpose:—By Common Law Christian persons are entitled to burial with the rites of the church. The Statutes passed from time to time for the uniformity of public worship have proceeded upon, though not expressly dealing with this state of things. The 68th of the Canons of 1603 recognises it and enjoins the clergy to act upon it. In that Canon occurs the exception of persons excommunicated for some grievous and notorious crime, and of whose repentance no testimony could be given. The Canons of 1603 are no part of the Statute Law, and it is only in a qualified sense that they are part of the law at all. But this Canon has been taken as truly expressing the ancient Common Law of the Church. The Books of Common Prayer have been embodied into the Statute Law by the various Acts of Uniformity, and Rubrics are authoritative guides when they speak on the question when the services are or are not to be used.

6. Down to the year 1661 there was no Rubric forbidding the performance of the burial service over any persons except persons excommunicated. The Rubric now in force was framed in the year 1661 and received the force of law from the Uniformity Act of 1662. It prescribes that "the office is not to be used for persons unbaptised or excommunicated, or who have laid violent hands on themselves."

7. The question now is whether the expression "have laid violent hands on themselves" includes all who have committed the overt act of suicide, or only those who have done so deliberately being in their sound senses and in a state in which moral responsibility attaches to them.

*Page 793.

8. In Mr. Cripps'* Treatise the following statement is made :—

The uniform practice, however, so far as it has been able to be ascertained, is in accordance with the reasoning and opinion of Dr. Burn, and it must be doubtful whether a departure from a custom of such acknowledged propriety would not be visited with ecclesiastical punishment.

9. The opinion of Dr. Burn will be found in his work on Ecclesiastical Law, Vol. I, p. 265. After referring to the ancient Canon which forbade Christian burial to those who violently put themselves to death, and stating that this rule was understood to apply to those who did the act voluntarily, Dr. Burn intimates that the Rubric should not be construed as severer than the preceding Ecclesiastical Law, and therefore should not apply to persons of insane mind.

10. In the year 1809 the Court of Arches, speaking of the treatment of suicides, put it on the ground that they are supposed to die in the commission of mortal sin, and to have renounced Christianity. *Kemp* versus *Wickes*, 3 Phillimore, pp. 272, 273.

11. The Government of India have not been referred to, and do not know of any authority for holding that the words of the Rubric apply to persons who are not responsible for their actions. It is certain that the practice has not been to apply these words in that way.

12. Under the circumstances the Governor General in Council comes to the following conclusions :—

(*a*) It is reasonable in this matter to regulate the conduct of clergymen of the Church of England, who serve the Government of India, by the law and practice of the Church of England.

(*b*) There is no authority for holding that the Rubric under consideration applies to those who have caused their own death when in a state of mental insanity. For holding the contrary there is the authority of commentators and of judicial *dicta*. There is also the much greater authority derived from a usage which is very wide-spread and long continued, if indeed it is not quite unbroken. Testing the question by reason, it is only reasonable to hold that the framers of this Rubric did not intend as regards the burial of suicides to alter the law and practice that they found in existence or to visit with what must be considered as an ecclesiastical penalty, an act for which the doer is not responsible.

(*c*) Sincere respect is due to the scruples felt by conscientious men in performing a service of extreme solemnity. Nevertheless, it would not be reasonable that such scruples should prevail against the ancient law and practice of the Church of England which has been handed down to the present time, and which plainly authorises the use of the burial service over persons who have caused their own death while in a state of insanity.

13. The Governor General in Council must therefore require from all clergymen connected with the Government their conformity to this ruling.

14. The next point for consideration is the rule requiring chaplains to read the funeral service over the bodies of persons who, having died in the profession of the Roman Catholic faith, have been refused burial by the priests of that church. It is stated by the Bishops of Calcutta and Madras that the clergy of the Church of England look upon the rule as bearing hardly upon them, and they desire to have it reconsidered.

15. This rule was laid down in the year 1855 under the belief that the case was governed by positive law, *viz.*, the 68th of the Canons of 1603. But on reconsideration of the matter the Governor General in Council is of opinion—*1st*, that the Canon in question which is founded on the English parochial system cannot for the purpose now under consideration be applied to the very different circumstances of an Indian station ; and *2ndly*, that even if it were applicable, it would

not prevent the Government from establishing a different rule of conduct for Indian chaplains if found expedient.

16. The Governor General in Council further thinks that for the case now under review a different rule is expedient. The chaplain of an Indian station does not stand to the residents in the station in the relation which the person of an English parish bears to his parishioners. It was expressly so ruled by the Court of Directors in their despatch on this subject bearing date the 30th October 1844. Chaplains have been ordered to abstain from endeavours to influence the religious tenets of Roman Catholic soldiers, and in one case a chaplain was compelled to resign the service for persisting in such endeavours.

17. As regards the chaplains themselves, it does not seem consistent that they should be compelled to perform duties towards the corpse of a man whom when living they were forbidden to approach in any pastoral relation, and the Governor General in Council admits that the dissatisfaction which the chaplains have felt with the order of 1855 rests on reasonable grounds.

18. As regards other persons, it can hardly be agreeable to the feelings of either Protestants or Roman Catholics that the chaplain should be called in to supply a service which the priest has refused. To Protestants it must seem that in so acting their church is lax and careless about the performance of its solemn rites. To Roman Catholics it can hardly be otherwise than offensive that a stranger, who in their eyes has no authority should affect to give to a member of their church what the recognised authority of that church has thought fit to withhold. And neither community can wish it on account of any advantage to the dead man; not Protestants, because the whole notion of such an advantage is contrary to their tenets; and not Roman Catholics, because they do not attribute any spiritual character to the chaplain.

19. For the above reasons the Governor General in Council is pleased to revoke the order issued in the year 1855, and he will request the military authorities to make arrangements for the decent burial of Roman Catholic soldiers to whom the rites of their church have been refused by the priests.

Home Department resolution No. 275—287, dated the 8th September 1875, laying down certain rules for the guidance of chaplains of the Church of England in regard to the burial of suicides, etc.

Read also—

Office memorandum from the Military Department, No. 810, dated the 16th November 1875, forwarding, for an expression of opinion, a draft General Order which His Excellency the Commander-in-Chief proposes to issue on the subject in accordance with the above rules.

RESOLUTION.—On a reconsideration of the subject, the Government of India think it necessary to modify the rules contained in the resolution of 8th September 1875, so far as regards the burial of deceased Roman Catholics. The Government of India have now decided:—

1st, that at stations where there is a Roman Catholic priest drawing an allowance from Government, he shall be held bound to read the burial service over the body of every deceased Roman Catholic soldier brought for burial, unless he be excused from doing so by the Rubrics and Canons of the Roman Catholic church: and that when the Roman Catholic priest refuses to read the burial service over the body of a deceased Roman Catholic soldier, the military authorities shall make proper arrangements for the decent interment of the corpse;

2ndly, that where there is no Roman Catholic priest paid by the State the Protestant chaplain shall, if requested by the friends of the deceased, or by the officer commanding, be bound to bury the deceased according to the rites and ritual of the Church of England, except in either of the three cases in which Protestant chaplains in India are excused from burying a deceased Protestant, *viz.*, dying unbaptised even by lay baptism; excommunicated by the major excommunication; or declared to be *felo de se*; and that when a Protestant chaplain refuses to officiate at the burial of a deceased Roman Catholic soldier, on either of the three abovementioned grounds, the military authorities shall, as in the case of refusal by a Roman Catholic Priest, make proper arrangements for the decent interment of the corpse;

3rdly, that whenever, with or without furnishing any explanation of his reasons, a Roman Catholic priest paid by the State or a Protestant chaplain refuses to perform the funeral rites of his church over the body of a deceased Roman Catholic soldier, the circumstances of the case should be fully reported by the military authorities for the consideration and orders of the Government.

2. The Governor General in Council is accordingly pleased to direct the modification in the above sense of the provisions of paragraphs 15 to 19 inclusive of the resolution, dated 8th September 1875.

Letter to the Government of Madras, No. 347, dated the 31st October 1877.

NOTES.—(1) The expression "proper arrangements for the decent interment of the corpse" in Rules 1 and 2 means that when both the Roman Catholic and Potestant chaplains refuse burial in a case of suicide by a Roman Catholic soldier whilst of unsound mind, the burial service should be read over the body by the officer commanding the deceased's company.

Letter to the Government of Madras, No. 347, dated the 31st October 1877.

(2) The intention of the passage "bound to bury the deceased according to the rites and ritual of the Church of England" in rule 2 is, that the service of the Church of England should be read over the body, if the Protestant chaplain is requested by the friends of the deceased to do so; but the rule does not in any way re-impose on Protestant chaplains the burden of reading the burial service over either soldiers or civilians to whom a Roman Catholic chaplain has refused burial. There is nothing to prevent a chaplain buring any one if he chooses to do so, provided they are not unbaptised "even by lay baptism," excommunicated by the major excommunication, or declared to be *felo de se*, only the Protestant chaplain is no longer bound to do so.

Letter to the Chief Commissioner of British Burma, No. 194, dated the 2nd June 1879.

(3) The expression "unbaptised even by lay baptism" in rule 2 is equivalent to "unbaptised by either clerical or lay baptism." The meaning intended to be conveyed is that baptism, either by lay or clerical, is sufficient to prevent a person from being regarded as "unbaptised" for the purposes of the rule.

No. 7540—*Edn.* 300-09-1, *dated 28th February* 1910.

The Government of His Highness the Maharaja of Mysore are pleased to sanction the following revised rules for regulating the grant of scholarships for Scientific Research and Technical Education from the Damodar Dass Charities Fund, in supersession of the rules issued under Government Notification No. 5429—Edn. 22-06-47, dated the 10th December 1907 :—

Rules.

I. With a view to encourage and promote Scientific Research and Technical Education among the people of Mysore, His Highness the Maharaja of Mysore has been pleased to sanction the following scholarships, which shall be paid from four-fifths of the annual proceeds of the Damodar Dass Charities Fund.

II. The scholarships will be known as the Mysore Government Damodar Dass Scientific Research and Technical Education Scholarships.

III. There will be ordinarily two scholarships assigned annually, and each will be tenable for two years, or such other period as may be fixed by the Mysore Government, with reference to the subject of research or of education selected; and the holder of the scholarship shall study in such University or College or Institution in England or elsewhere as shall be decided from time to time by the Mysore Government.

IV. A candidate for one of the scholarships must not be over twenty-five years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very special aptitude for the higher branches of scientific and technical study.

V. The scholarships shall be open to all natives of Mysore by birth or domicile, who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other recognised University and to persons who have graduated from a Mysore College; provided that when the Government consider it necessary in the interests of the public service, they may also throw open the scholarships in any year to Graduates not falling within the description given above. In the case of Graduates in Arts, their optional subject should have been Physics, Chemistry or Natural Science or other subject having an intimate connection with the course of advanced study proposed to be pursued.

VI. Each candidate must forward with his application—

(i) A satisfactory certificate of birth or domicile.

(ii) A declaration that he has the consent of the head of his family to proceed to England, or elsewhere, for the purpose of this scholarship.

(iii) Certificates of good character from two persons (not relations of the candidate) of respectability and good position, in addition to the one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering.

(iv) A certificate of physical fitness to undergo the course of study or research which he will have to follow in England or elsewhere, signed by the Senior Surgeon of the Government of Mysore or a Medical Officer not below the rank of a District Civil Surgeon.

(v) A statement of the course of study or research which he desires to pursue, with testimonials as to his educational qualifications for such course.

VII. Applications shall be addressed to the Secretary to the Government of Mysore in the General and Revenue Departments, and the selection of candidates will be made by the Government after the receipt of a report from a Committee appointed by the Government to report on the merits of the candidates.

The candidates may be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test or period of probation which the Committee may prescribe. A suitable subsistence allowance will be granted during such period of probation.

VIII. Each candidate selected will be given travelling allowance, 2nd class rail and steamer fares to England or elsewhere from Bangalore, and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research. He will further be allowed, during his stay in England or elsewhere outside India, a sum of £200 per annum, payable quarterly in advance, this allowance to be inclusive of College and Examination fees, cost of books, instruments and boarding charges. If the institution selected by Government for the prosecution by the candidate of his study or research is in India, or Japan, the allowance will be Rs. 100 per mensem.

IX. The subjects which the scholarship-holder shall study will be one or more of the following:—

(1) Chemistry.

(2) Physics.

(3) Applications of Chemistry or Physics to Agriculture and to the various arts and industries likely to be of greatest benefit to the Mysore country such as dyeing, the extraction, purification and testing of sandal and other indigenous oils; soap and candle making; glass-making; paper-making; match-making; photo-mechanical printing, sugar-refining; tanning; textile industries.

(4) Medical research specially in hygiene and bacteriology.

(5) Mechanical Engineering.

(6) Mining and metallurgy, including electro-metallurgy.

(7) Electrical Engineering.

Provided that Government may, in special cases, grant scholarships out of the fund for the encouragement of higher study in sciences other than those specified above.

X. Each candidate selected, unless otherwise directed by Government shall, within such period as may be fixed by Government, proceed to England or elsewhere, and on arrival there present himself before Messrs. Coutts & Co., Strand, London, or any other person or persons named by Government, who will pay him the amount of the scholarship for the first quarter. He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the purpose and there continue his study or research with all due diligence.

XI. The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research as certified in a half-yearly report to be sent to Government by the Head of the Institution he attends. The stipend of the scholarship for each subsequent quarter will be paid only on a bill countersigned by the Head of the Institution and a certificate that the student is in regular attendance at the Institution and that his conduct and progress are satisfactory.

XII. The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient fail to complete the course of study or research prescribed or is unfavorably reported on by the Head of the Institution. No return passage will in such case be paid.

XIII. A candidate selected shall, before proceeding to England or elsewhere, enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules, that he will prosecute the study or research with all due diligence; and that, on completion of such study or research course, he shall return to Mysore, and, shall, if called upon to do so, serve the Mysore Government for a period of not less than five years. If he fails to fulfil any of these conditions, he shall return to the Government the total amount received by him for passage money and scholarship.

XIV. The date within which applications shall be submitted and the subject or subjects of study and research selected annually by Government shall be notified in the Mysore Government Gazette not less than three months previously.

Rules.

I. With a view to encourage and promote Scientific Research and Technical Education among the people of Mysore, His Highness the Maharaja of Mysore has been pleased to sanction the following scholarships, which shall be paid from four-fifths of the annual proceeds of the Damodar Dass Charities Fund.

II. The scholarships will be known as the Mysore Government Damodar Dass Scientific Research and Technical Education Scholarships.

III. There will be ordinarily two scholarships assigned annually, and each will be tenable for two years, or such other period as may be fixed by the Mysore Government, with reference to the subject of research or of education selected; and the holder of the scholarship shall study in such University or College or Institution in England or elsewhere as shall be decided from time to time by the Mysore Government.

IV. A candidate for one of the scholarships must not be over twenty-five years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very special aptitude for the higher branches of scientific and technical study.

V. The scholarships shall be open to all natives of Mysore by birth or domicile, who have taken, with credit a degree in Arts, Medicine or Engineering in an Indian or other recognised University and to persons who have graduated from a Mysore College; provided that when the Government consider it necessary in the interests of the public service, they may also throw open the scholarships in any year to Graduates not falling within the description given above. (v) A statement of the course of study or research which he desires to pursue, with testimonials as to his educational qualifications for such course.

VII. Applications shall be addressed to the Secretary to the Government of Mysore in the General and Revenue Departments, and the selection of candidates will be made by the Government after the receipt of a report from a Committee appointed by the Government to report on the merits of the candidates.

The candidates may be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test or period of probation which the Committee may prescribe. A suitable subsistence allowance will be granted during such period of probation.

VIII. Each candidate selected will be given travelling allowance, 2nd class rail and steamer fares to England or elsewhere from Bangalore, and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research. He will further be allowed, during his stay in England or elsewhere outside India, a sum of £200 per annum, payable quarterly in advance, this allowance to be inclusive of College and Examination fees, cost of books, instruments and boarding charges. He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the purpose and there continue his study or research with all due diligence.

XI. The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research as certified in a half-yearly report to be sent to Government by the Head of the Institution he attends. The stipend of the scholarship for each subsequent quarter will be paid only on a bill countersigned by the Head of the Institution and a certificate that the student is in regular attendance at the Institution and that his conduct and progress are satisfactory.

For purposes of the examination of the monthly accounts the Dharmadarsis shall be given free access to all registers and records maintained in the institution.

But where the Amildar disagrees, he shall forward a copy of the proceedings to higher authority for orders, with a brief statement of his reasons for disapproving of the resolutions of the Dharmadarsis. Pending such orders of higher authority, the Amildar may defer execution of the resolutions of the Dharmadarsis, and in urgent cases take such action as may be immediately necessary.

7. The supervision of the daily routine affairs of the institution may be undertaken by individual Dharmadarsis in rotation or otherwise as may be resolved upon by them in a regular meeting.

11. Every Dharmadarsi shall hold his office generally for a period of five years from the date of his appointment unless removed within such period for reasons hereinafter mentioned.

12. Any Dharmadarsi failing to attend more than three consecutive meetings of the Dharmadarsis or being absent from the station for more than three months together will be liable to be removed from office.

13. The Deputy Commissioner may, for any sufficient reason, recommend to the Government the removal of any Dharmadarsi from his office.

The Government of His Highness the Maharaja of Mysore are pleased to sanction the following revised rules for regulating the grant of scholarships for Scientific Research and Technical Education from the Damodar Dass Charities Fund, in supersession of the rules issued under Government Notification No. 5429—Edn. 22-06-47, dated the 10th December 1907:—

Rules.

I. With a view to encourage and promote Scientific Research and Technical Education among the people of Mysore, His Highness the Maharaja of Mysore has been pleased to sanction the following scholarships, which shall be paid from four-fifths of the annual proceeds of the Damodar Dass Charities Fund.

II. The scholarships will be known as the Mysore Government Damodar Dass Scientific Research and Technical Education Scholarships.

III. There will be ordinarily two scholarships assigned annually, and each will be tenable for two years, or such other period as may be fixed by the Mysore Government, with reference to the subject of research or of education selected; and the holder of the scholarship shall study in such University or College or Institution in England or elsewhere as shall be decided from time to time by the Mysore Government.

IV. A candidate for one of the scholarships must not be over twenty-five years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very special aptitude for the higher branches of scientific and technical study.

V. The scholarships shall be open to all natives of Mysore by birth or domicile, who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other recognised University and to persons who have graduated from a Mysore College; provided that when the Government consider it necessary in the interests of the public service, they may also throw open the scholarships in any year to Graduates not falling within the description given above. In the case of Graduates in Arts, their optional subject should have been Physics, Chemistry or Natural Science or other subject having an intimate connection with the course of advanced study proposed to be pursued.

VI. Each candidate must forward with his application—

(i) A satisfactory certificate of birth or domicile.

(ii) A declaration that he has the consent of the head of his family to proceed to England, or elsewhere, for the purpose of this scholarship.

(iii) Certificates of good character from two persons (not relations of the candidate) of respectability and good position, in addition to the one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering.

(iv) A certificate of physical fitness to undergo the course of study or research which he will have to follow in England or elsewhere, signed by the Senior Surgeon of the Government of Mysore or a Medical Officer not below the rank of a District Civil Surgeon.

(v) A statement of the course of study or research which he desires to pursue, with testimonials as to his educational qualifications for such course.

VII. Applications shall be addressed to the Secretary to the Government of Mysore in the General and Revenue Departments, and the selection of candidates will be made by the Government after the receipt of a report from a Committee appointed by the Government to report on the merits of the candidates.

The candidates may be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test or period of probation which the Committee may prescribe. A suitable subsistence allowance will be granted during such period of probation.

VIII. Each candidate selected will be given travelling allowance, 2nd class rail and steamer fares to England or elsewhere from Bangalore, and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research. He will further be allowed, during his stay in England or elsewhere outside India, a sum of £200 per annum, payable quarterly in advance, this allowance to be inclusive of College and Examination fees, cost of books, instruments and boarding charges. If the institution selected by Government for the prosecution by the candidate of his study or research is in India, or Japan, the allowance will be Rs. 100 per mensem.

IX. The subjects which the scholarship-holder shall study will be one or more of the following:—

(1) Chemistry.

(2) Physics.

(3) Applications of Chemistry or Physics to Agriculture and to the various arts and industries likely to be of greatest benefit to the Mysore country such as dyeing, the extraction, purification and testing of sandal and other indigenous oils; soap and candle making; glass-making; paper-making; match-making; photo-mechanical printing, sugar-refining; tanning; textile industries.

(4) Medical research specially in hygiene and bacteriology.

(5) Mechanical Engineering.

(6) Mining and metallurgy, including electro-metallurgy.

(7) Electrical Engineering.

Provided that Government may, in special cases, grant scholarships out of the fund for the encouragement of higher study in sciences other than those specified above.

X. Each candidate selected, unless otherwise directed by Government shall, within such period as may be fixed by Government, proceed to England or elsewhere, and on arrival there present himself before Messrs. Coutts & Co., Strand, London, or any other person or persons named by Government, who will pay him the amount of the scholarship for the first quarter. He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the purpose and there continue his study or research with all due diligence.

XI. The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research as certified in a half-yearly report to be sent to Government by the Head of the Institution he attends. The stipend of the scholarship for each subsequent quarter will be paid only on a bill countersigned by the Head of the Institution and a certificate that the student is in regular attendance at the Institution and that his conduct and progress are satisfactory.

XII. The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient fail to complete the course of study or research prescribed or is unfavorably reported on by the Head of the Institution. No return passage will in such case be paid.

XIII. A candidate selected shall, before proceeding to England or elsewhere, enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules, that he will prosecute the study or research with all due diligence; and that, on completion of such study or research course, he shall return to Mysore. and, shall, if called upon to do so, serve the Mysore Government for a period of not less than five years. Rules relating to Dharmadarsis of Muzrai institutions.

For the office of Dharmadarsis of specified Muzrai institutions the Deputy Commissioner may appoint suitable persons to act as Dharmadarsis in cases where the annual income of the institutions does not exceed Rs. 250. In the case of institutions having a larger income, the Government may similarly appoint Dharmadarsis on the recommendation of the Deputy Commissioner. In each case the Deputy Commissioner will appoint one of the Dharmadarsis as convenor of meetings. The appointment will be made by the Government by notification in the official Gazette.

2. The Dharmadarsis will advise and co-operate with the local Muzrai officers in matters relating to the internal management of the institutions for which they are appointed.

5. The monthly accounts of receipts and expenditure in the institution shall, before submission to the Amildar by the parpattegar or other official of the institution, be scrutinised and checked at a meeting of the Dharmadarsis; and the result

of the scrutiny shall be recorded in the proceedings book and an extract thereof shall be appended to the accounts submitted to the Amildar. For purposes of the examination of the monthly accounts the Dharmadarsis shall be given free access to all registers and records maintained in the institution.

6. In all matters of routine relating to the internal management of the institution, the resolutions adopted at the meetings of the Dharmadarsis shall be given effect to, if approved by the Amildar. But where the Amildar disagrees, he shall forward a copy of the proceedings to higher authority for orders, with a brief statement of his reasons for disapproving of the resolutions of the Dharmadarsis. Pending such orders of higher authority, the Amildar may defer execution of the resolutions of the Dharmadarsis, and in urgent cases take such action as may be immediately necessary.

7. The supervision of the daily routine affairs of the institution may be undertaken by individual Dharmadarsis in rotation or otherwise as may be resolved upon by them in a regular meeting.

8. The Dharmadarsis either individually or as a body may be delegated the following special duties at the discretion of the Taluk Amildar, subject to the general or special orders of the Deputy Commissioner:—

(v) Grant of casual leave (not exceeding three days) to servants.

9. The Dharmadarsis shall not dispose of any properties belonging to the institution in any manner whatsoever except on the previous written order of the Amildar or higher Muzrai Officer competent to deal with the same.

10. The Dharmadarsis shall not be competent to punish any servant of the institution but may report to the Amildar any irregularity or misconduct on the part of any servants of the institution: and the Amildar shall thereupon proceed to take such action in the matter as may be called for.

11. Every Dharmadarsi shall hold his office generally for a period of five years from the date of his appointment unless removed within such period for reasons hereinafter mentioned.

12. Any Dharmadarsi failing to attend more than three consecutive meetings of the Dharmadarsis or being absent from the station for more than three months together will be liable to be removed from office.

13. The Deputy Commissioner may, for any sufficient reason, recommend to the Government the removal of any Dharmadarsi from his office.

14. Whenever a Dharmadarsi vacates his office or is removed from office before the expiry of the term of five years, the vacancy may be filled up by the appointment of another person, such person holding the office only for the unexpired portion of the aforesaid term.

15. All appointments and removals of Dharmadarsis shall be duly notified in the *Mysore Gazette*.

The following paragraphs 1 and 2 from the Proceedings of the Government of India in the Home Department (Public) dated 8th December 1899, No. 2831—42, published in the *Mysore Gazette* with Notification No. 8134—Mis. 2321, dated the 17th January 1900, regarding the desirability of Indian Students and others visiting England, providing themselves, before their departure from India, with an authoritative certificate of identity in the form appended, is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country, and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor General in Council has decided that it is necessary to press upon Indian students and others visiting England, the desirability of providing themselves before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

Rules relating to Dharmadarsis of Muzrai institutions.

For the office of Dharmadarsis of specified Muzrai institutions the Deputy Commissioner may appoint suitable persons to act as Dharmadarsis in cases where the annual income of the institutions does not exceed Rs. 250. In the case of institutions having a larger income, the Government may similarly appoint Dharmadarsis on the recommendation of the Deputy Commissioner. In each case the Deputy Commissioner will appoint one of the Dharmadarsis as convenor of meetings. The appointment will be made by the Government by notification in the official Gazette.

2. The Dharmadarsis will advise and co-operate with the local Muzrai officers in matters relating to the internal management of the institutions for which they are appointed.

3. The Dharmadarsis of each institution or group of institutions shall meet at least once a month and oftener if necessary to discuss the affairs of the institutions under their supervision. In all such meetings one-half of the total number of Dharmadarsis will form the quorum; and the meeting will be presided over by one of the Dharmadarsis elected for the occasion by those present. The Amildar of the taluk may, whenever he considers it necessary, attend such meetings.

4. The proceedings of the meetings of the Dharmadarsis shall be recorded in a book to be kept for the purpose; and copies of the proceedings shall at once be forwarded to the Amildar under the signature of the Dharmadarsi presiding at the meeting.

5. The monthly accounts of receipts and expenditure in the institution shall, before submission to the Amildar by the parpattegar or other official of the institution, be scrutinised and checked at a meeting of the Dharmadarsis; and the result

of the scrutiny shall be recorded in the proceedings book and an extract thereof shall be appended to the accounts submitted to the Amildar. For purposes of the examination of the monthly accounts the Dharmadarsis shall be given free access to all registers and records maintained in the institution.

6. In all matters of routine relating to the internal management of the institution, the resolutions adopted at the meetings of the Dharmadarsis shall be given effect to, if approved by the Amildar. But where the Amildar disagrees, he shall forward a copy of the proceedings to higher authority for orders, with a brief statement of his reasons for disapproving of the resolutions of the Dharmadarsis. Pending such orders of higher authority, the Amildar may defer execution of the resolutions of the Dharmadarsis, and in urgent cases take such action as may be immediately necessary.

7. The supervision of the daily routine affairs of the institution may be undertaken by individual Dharmadarsis in rotation or otherwise as may be resolved upon by them in a regular meeting.

8. The Dharmadarsis either individually or as a body may be delegated the following special duties at the discretion of the Taluk Amildar, subject to the general or special orders of the Deputy Commissioner:—

(v) Grant of casual leave (not exceeding three days) to servants.

9. The Dharmadarsis shall not dispose of any properties belonging to the institution in any manner whatsoever except on the previous written order of the Amildar or higher Muzrai Officer competent to deal with the same.

10. The Dharmadarsis shall not be competent to punish any servant of the institution but may report to the Amildar any irregularity or misconduct on the part of any servants of the institution: and the Amildar shall thereupon proceed to take such action in the matter as may be called for.

11. Every Dharmadarsi shall hold his office generally for a period of five years from the date of his appointment unless removed within such period for reasons hereinafter mentioned.

12. Any Dharmadarsi failing to attend more than three consecutive meetings of the Dharmadarsis or being absent from the station for more than three months together will be liable to be removed from office.

13. The Deputy Commissioner may, for any sufficient reason, recommend to the Government the removal of any Dharmadarsi from his office.

14. Whenever a Dharmadarsi vacates his office or is removed from office before the expiry of the term of five years, the vacancy may be filled up by the appointment of another person, such person holding the office only for the unexpired portion of the aforesaid term.

15. All appointments and removals of Dharmadarsis shall be duly notified in the *Mysore Gazette*.

ORDER THEREON.—The Government of His Highness the Maharaja of Mysore, after a careful consideration of the representations made and the views submitted, are pleased to order the following amendments to the rules relating to Dharmadarsis of Muzrai institutions published under Government Proceedings No. 460-8, dated 10th October 1898 :—

Rule 1.—After "the Deputy Commissioner" omit "will recommend . . . careful local enquiry" and insert "may appoint suitable persons to act as Dharmadarsis in cases where the annual income of the institution does not exceed Rs. 250. In the case of institutions having a larger income, the Government may similarly appoint Dharmadarsis on the recommendation of the Deputy Commissioner. In each case the Deputy Commissioner will appoint one of the Dharmadarsis as convenor of meetings." Omit also the last sentence "The appointment will be made . . . . . Gazette."

Rule 3.—For "as necessities arise" and "two-thirds" substitute "if necessary" and "one-half," respectively, and add at the end "The Amildar of the Taluk may, whenever he considers it necessary, attend such meetings."

Rule 5.—After "before submission to the Amildar by the Parpattegar" and before "be scrutinised" insert "or other official of the institution" and also substitute "a" in the place of "the" occurring in "checked at the meeting."

Rule 7.—After "or otherwise as may be resolved upon" insert "by them."

Rule 8.—At the end of the first sentence, after the word "Taluk Amildar" add "subject to the general or special orders of the Deputy Commissioner."

Rules relating to Dharmadarsis of Muzrai institutions.

For the office of Dharmadarsis of specified Muzrai institutions the Deputy Commissioner may appoint suitable persons to act as Dharmadarsis in cases where the annual income of the institutions does not exceed Rs. 250. In the case of institutions having a larger income, the Government may similarly appoint Dharmadarsis on the recommendation of the Deputy Commissioner. In each case the Deputy Commissioner will appoint one of the Dharmadarsis as convenor of meetings.

2. The Dharmadarsis will advise and co-operate with the local Muzrai officers in matters relating to the internal management of the institutions for which they are appointed.

3. The Dharmadarsis of each institution or group of institutions shall meet at least once a month and oftener if necessary to discuss the affairs of the institutions under their supervision. In all such meetings one-half of the total number of Dharmadarsis will form the quorum; and the meeting will be presided over by one of the Dharmadarsis elected for the occasion by those present. The Amildar of the taluk may, whenever he considers it necessary, attend such meetings.

4. The proceedings of the meetings of the Dharmadarsis shall be recorded in a book to be kept for the purpose; and copies of the proceedings shall at once be forwarded to the Amildar under the signature of the Dharmadarsi presiding at the meeting.

5. The monthly accounts of receipts and expenditure in the institution shall, before submission to the Amildar by the parpattegar or other official of the institution, be scrutinised and checked at a meeting of the Dharmadarsis; and the result of the scrutiny shall be recorded in the proceedings book and an extract thereof shall be appended to the accounts submitted to the Amildar. For purposes of the examination of the monthly accounts the Dharmadarsis shall be given free access to all registers and records maintained in the institution.

6. In all matters of routine relating to the internal management of the institution, the resolutions adopted at the meetings of the Dharmadarsis shall be given effect to, if approved by the Amildar. But where the Amildar disagrees, he shall forward a copy of the proceedings to higher authority for orders, with a brief statement of his reasons for disapproving of the resolutions of the Dharmadarsis. Pending such orders of higher authority, the Amildar may defer execution of the resolutions of the Dharmadarsis, and in urgent cases take such action as may be immediately necessary.

7. The supervision of the daily routine affairs of the institution may be undertaken by individual Dharmadarsis in rotation or otherwise as may be resolved upon by them in a regular meeting.

8. The Dharmadarsis either individually or as a body may be delegated the following special duties at the discretion of the Taluk Amildar, subject to the general or special orders of the Deputy Commissioner:—

(i) The periodical inspection of the jewels and other valuable properties belonging to the institutions in the presence of the servant or other person entrusted with the custody thereof. The result of the inspection should at once be reported to the Amildar.

(ii) The opening of the Golaka box in the presence of the chief servants of the temple and remitting the realisations without delay to the Taluk Treasury.

(iii) The conduct or supervision of any santarpane, utsavam or other celebration on any special occasion.

(iv) The supervision of petty repairs.

(v) Grant of casual leave (not exceeding three days) to servants.

9. The Dharmadarsis shall not dispose of any properties belonging to the institution in any manner whatsoever except on the previous written order of the Amildar or higher Muzrai Officer competent to deal with the same.

10. The Dharmadarsis shall not be competent to punish any servant of the institution but may report to the Amildar any irregularity or misconduct on the part of any servants of the institution: and the Amildar shall thereupon proceed to take such action in the matter as may be called for.

11. Every Dharmadarsi shall hold his office generally for a period of five years from the date of his appointment unless removed within such period for reasons hereinafter mentioned.

12. Any Dharmadarsi failing to attend more than three consecutive meetings of the Dharmadarsis or being absent from the station for more than three months together will be liable to be removed from office.

13. The Deputy Commissioner may, for any sufficient reason, recommend to the Government the removal of any Dharmadarsi from his office.

14. Whenever a Dharmadarsi vacates his office or is removed from office before the expiry of the term of five years, the vacancy may be filled up by the appointment of another person, such person holding the office only for the unexpired portion of the aforesaid term.

15. All appointments and removals of Dharmadarsis shall be duly notified in the *Mysore Gazette*.

16. The foregoing rules shall apply *mutatis mutandis* to Nazarin-e-owkoffs appointed for Mahomedan institutions under Muzrai management.

ORDER THEREON.—In supersession of all previous orders relating to medical attendance and fees for such attendance, the rules appended to this Order are prescribed for adoption as a tentative measure, pending the preparation of a Medical Code for the State, in which they will be finally incorporated, with such modifications as experience may suggest.

2. The Senior Surgeon is requested to prepare and submit a draft Medical Code for Mysore at an early date.

RULES REGARDING MEDICAL ATTENDANCE AND FEES FOR SUCH ATTENDANCE.

Preliminary.

"Medical Attendance" defined.

1. The term "Medical Attendance" means the professional advice and care during sickness or injury, afforded by a Medical officer. Medical attendance will include, in case of public servants, the supply, in accordance with the conditions laid down in para 27 *infra*, of the authorized medicines and appliances prescribed by the Medical officer in so far as they are available from the Government Hospital Stores and in the case of all persons, where there are no reliable chemist's and druggist's shops, the supply of such medicines and appliances in so far as stock permits.

"Medical officer" defined.

2. The term "Medical officer" includes a Medical subordinate.

Private practice of Medical officers.

3. (*a*) All members of the Medical Service are allowed private practice so far as may be compatible with the proper discharge of their public duties unless such practice is expressly forbidden in particular cases.

(*b*) The following officers are debarred from private practice of every description :—

(i) The Resident Medical Officer of the Victoria Hospital, Bangalore.

(ii) All Public Health Officers when they are not also District Medical Officers.

(iii) The Deputy Sanitary Commissioner.

(*c*) The Senior Surgeon with the Government of His Highness the Maharaja of Mysore, and the Medical Officer, Bangalore Central Jail, when the latter is also the Superintendent of the Jail, are debarred from all private practice except consultations.

(*d*) As a general rule, Medical officers are entitled to remuneration for professional attendance on the families of those public servants whom they are bound to attend gratuitously.

Medical attendance on Government servants and the families of Military officers.

The Dewan and Councillors.

4. The Dewan is entitled to free medical attendance at his residence of a gazetted Medical officer appointed for the purpose, who, when at head-quarters, shall attend also on the Councillors and officers of the Secretariat at their residences.

Government servants in receipt of salaries of Rs. 250 and above in Bangalore and Mysore.

5. (*a*) All Government servants in the Cities of Bangalore and Mysore in receipt of salaries amounting to Rs. 250 per month and upwards are entitled to the free medical attendance of the District Medical Officers or of the Medical Officer attached to the dispensary nearest their residence, at their own houses in cases of illness.

Government servants in receipt of salaries between Rs. 250 and 100 in Bangalore and Mysore.

(*b*) Government servants in the Cities of Bangalore and Mysore in receipt of salaries of Rs. 100 a month and upwards but less than Rs. 250 a month are entitled to the free medical attendance of the Hospital Assistant of the division in which such Government servants reside, at their own houses in cases of illness such as to prevent their consulting the Medical officer at his place.

Government servants drawing Rs. 100 and above in district head-quarter stations.

6. All Government servants at district head-quarter stations other than Bangalore and Mysore, in receipt of salaries amounting to Rs. 100 and upwards are entitled to the free medical attendance of the Medical Officer of the District at their own houses in cases of illness.

Government servants in stations other than district head-quarters.

7. In stations other than district head-quarters, where a dispensary is located, all Government servants in receipt of salaries of Rs. 50 and upwards are entitled to the free medical attendance of the Medical officer in charge of the dispensary at their own houses.

Government servants drawing less than Rs. 100 in district head-quarter stations and less than Rs. 50 in other stations.

8. Where there is no proper hospital accommodation, and in cases of illness such as to prevent the Medical officer in charge of the dispensary being consulted at his place, Government servants in receipt of salaries less than Rs. 100 in district head-quarters including Bangalore and Mysore are entitled to the free medical attendance at their own houses, in the first instance, of a Medical subordinate detailed for the purpose and afterwards of the District Medical Officer, should the case be reported as serious, and similarly Government servants in receipt of salaries of less than Rs. 50 in other stations in which a dispensary is located, to the free medical attendance of the Medical officer in charge of the dispensary.

9. A Government servant of any rank proceeding on duty to a place, and a Government servant stationed in a place, where medical relief is not available and there falling so seriously ill or meeting with an accident of so serious a nature as

to render him unable to move to the nearest station where such relief can be had, will be entitled to gratuitous medical attendance from the Medical officer nearest to the station.

10. Medical officers are entitled in cases of illness to the free medical attendance at their own houses of the District Medical Officer, or other Medical officer detailed by the District Medical Officer if there is any in the same station and if not, of the Medical officer nearest to the station.

11. (*a*) Government servants in receipt of salaries of Rs. 250 and above requiring the services of a Government specialist should first consult the District Medical Officer. If he considers the services of the specialist necessary, they are entitled to the free attendance of the specialist at their residences, provided they are in, or go to, the station where such specialist resides.

(*b*) In special cases, however, occurring in the mofussil, should the District Medical Officer certify that the patient's prospects of recovery would be jeopardised by undertaking the journey to see the Government specialist, the Senior Surgeon may depute the specialist to visit such patient, if he is a Government servant.

12. Where a Medical officer attending on a Government servant in accordance with any of the preceding rules considers that the illness is so serious that another Medical officer should be consulted, he may call in the aid of such Medical officer; and the latter shall comply with the request.

13. Local Fund employees, *i.e.*, those paid from the District and Municipal Funds, are entitled to medical attendance under these rules.

14. The families of Military officers in purely Military employ are entitled to the same medical services as the officers themselves.

15. All Government servants and their families who are entitled to gratuitous medical attendance at a place are entitled to it also at any other place where they may be residing whether on duty or on leave from the Medical officer at the station paid by Government for general duties. Should the Government servant, however, decline the attendance of the Medical officer provided by Government and call in another Medical officer to attend on him in illness, the usual fees can be claimed by the latter.

16. When a Government servant or his family entitled to gratuitous medical attendance prefers to obtain the services of a Medical officer, other than the recognized Government Medical attendant, it will be considered as a private arrangement with which Government have nothing to do. This rule will apply also to any Medical officer who may be called in, in consultation with the official Medical officer otherwise than in accordance with rule 12 *supra*; and if the consultant is detailed from his head-quarters for more than 12 hours, he will be deemed to have been absent on casual or such other leave as may be available under the circumstances.

17. Medical officers are required to attend without avoidable delay in cases of emergency or when the patient's own official medical adviser is not available, on any sick Military or Civil officer, or member of the family of a Military officer, who may call upon them to do so; and having given such aid or advice as circumstances call for, they may transfer the further treatment of the case to the proper medical attendant.

Travelling allowances to Medical officers for journeys performed by them in connection with medical attendance.

18. A Medical officer proceeding to a station outside his own under rule 9, 10, 11 (*b*) or 12, for attendance on a Government servant, shall be entitled to the usual travelling and halting allowances.

19. All claims for travelling allowances by Medical officers on account of journeys performed by them to render medical aid shall be supported by a certificate from the District Medical and Sanitary Officer in cases of non-gazetted Medical subordinates and from the Senior Surgeon in cases of gazetted Medical officers

the effect that the journey was *bonâ fide* in the interest of a public servant employed on Government duty.

20. For purpose of certificates referred to in the preceding rule, the District Medical and Sanitary Officer or the Senior Surgeon, as the case may be, may call for a short history confidentially of the ailment in the treatment of which the Medical officer was employed. If, on report of the nature of the case, the District Medical and Sanitary Officer or the Senior Surgeon is satisfied that the case was not serious enough for the Medical officer going to the spot, the travelling allowance paid to such officer may be recovered from the officer calling in his services.

Medical attendance on the families of officers in the civil employ.

21. The families of Government servants, in civil employ are not entitled to gratuitous medical attendance.

22. It is not considered necessary to fix definitely the amount of remuneration for attendance on the families of Government servants, but the following scale is given to serve as a guide to be followed under normal circumstances. Government, however, trust that the good sense and humanity of Medical officers will always indicate when the fees are too high in particular cases, and likewise that a feeling of fairness and gratitude which animates all who have to engage the services of Medical officers will suggest to the highly paid among them when the scale seems too low.

23. The fees which Government servants pay for medical attendance on the members of their families at their houses shall be certain percentage of their monthly pay and allowances, varying according to the standing of the Medical officer whose service they engage.

(i) To Civil Surgeons and specialists, $\frac{4}{5}$ per cent per visit with a minimum of Rs. 3 per visit and a maximum of Rs. 6.

To Assistant Surgeons, $\frac{3}{5}$ per cent with a minimum of Rs. 2 per visit and a maximum of Rs. 4.

To Sub-Assistant Surgeons, honorary gazetted officers and apothecaries at $\frac{3}{10}$ per cent with a minimum of Re. 1 per visit and a maximum of Rs. 2.

To Hospital Assistants, $\frac{1}{5}$ per cent with a minimum of annas 8 per visit and a maximum of Re. 1.

(ii) For visits at the Medical officer's house the fee shall be one third less than at the patient's house.

(iii) For a visit by night, *i.e.*, between 9 P.M. and 6 A.M. the fees shall be 50 per cent more than for a visit by day.

(iv) In the case of more than one visit by day or by night being necessary, the fee for each such extra visit shall be half the ordinary fee by day or by night. But only two such extra visits by day or by night shall be charged for.

(v) In cases where there are more than one patient under treatment in the same family at the same time, the full fee shall be charged for one, and a half fee for each of the others.

(vi) When the patient lives outside the medical officer's head-quarters, the patient shall pay the Medical officer the mileage he would receive were he travelling on duty, each mile being charged for, or place a suitable conveyance at his disposal.

(vii) For every period of twenty-four hours during which a Medical officer is detained (which is allowable only in very serious circumstances) he shall draw double his official halting allowance in addition to mileage, but the fee for such detention shall be the equivalent of one ordinary day and one ordinary night visit only.

(viii) For a confinement or severe operation including necessary subsequent visits—

	Rs.
To—Civil Surgeons	50
Assistant Surgeons	40
All other substantive gazetted officers	30
Honorary gazetted officers and Apothecaries	20
Hospital Assistants	10

24. In the cases of indigent persons, generally, where there is only one Medical officer in a station, he shall afford medical aid at their houses gratis, when they are so ill as to be unable to attend the dispensary. In a district head-quarter station the District Medical and Sanitary Officer shall see that arrangements are made to carry out the intention of this rule.

25. The foregoing scale of fees fixed in connection with the medical attendance on the families of Government servants in civil employ should be taken also as a guide to fees payable by private persons.

26. It is not intended that the above rules should interfere with private arrangements mutually agreed upon between Medical officers and their patients.

Rules for the gratuitous issue of medicines.

27. Government servants and families of Military officers in stations where there are hospitals or dispensaries are entitled to the gratuitous supply for their own use, of such authorised medicines as are in store therein, but such supplies will only be given on the prescription of the Medical officer in charge of the hospital or dispensary, where application for the medicine is made or of the Medical officer deputed for medical attendance.

28. In places in which no Government hospital or Local Fund dispensary exists, prescriptions should be sent to a druggist's shop and the patient will be liable to pay for the supplies.

29. In cases where indigent persons are afforded gratuitous medical attendance under Rule 24 they shall be supplied with Government medicines gratis under the same conditions as those specified in Rule 27.

30. In places where there are no chemists' or druggists' shops, medicines may be supplied gratis to private patients on the prescriptions of Medical officers in so far as the stock permits.

Fees for the grant of certificates by Medical officers.

31. A fee may legitimately be charged for a certificate or opinion given by a Medical officer in the Government, Municipal or Local Fund service of the State at the instance of a private person for any purpose, whether it be in connection with a civil or criminal proceeding or not, and the fact that such person was treated in the State, Municipal or Local Fund hospital should not exempt him from the payment of such fee. A fee not exceeding two days' pay of the Medical officer (without including allowances) and subject to a maximum of Rs. 5 may be charged in each case.

32. A Medical officer shall not be at liberty by directing the applicant in the first instance to produce an order from the Police or otherwise, to postpone treatment or an examination he may be called on to make.

33. Medical officers, however, who are public servants shall not receive any fee from the public revenues for giving certificates, opinion or evidence regarding any proceeding of public interest, such as inquests or judicial inquiries. Certificates shall invariably be granted when required by the Police. If, in any case, a Medical officer considers that unnecessary or improper use is made of this rule by the Police, he should, after granting the certificate, report the matter to the District Medical and Sanitary Officer, who should bring it to the notice of the District Magistrate. If the officer himself is a District Medical and Sanitary Officer, he will similarly report the matter to the District Magistrate.

34. A Police officer cannot call for a certificate for ordinary, *i.e.*, non-grievous injury unless it is necessarily required in the interests of the public service.

General and Miscellaneous.

tly prohibited from accepting commissions from ...s on their prescriptions.

C

Medical subordinates not to have recourse to Law Courts for recovery of fees, without permission.

No Medical subordinate shall have recourse to a court of law for the recovery of a fee except with the permission of the Senior Surgeon in the case of officers below the rank of Civil Surgeon and that of Government in the case of officers of and above the rank of Civil Surgeon.

Pecuniary recognition of the services of Medical officers.

37. Medical officers are not prohibited from receiving pecuniary recognition of their services from a community or body of persons which may desire to acknowledge these, but the previous sanction of Government must be obtained by Medical officers in all such cases.

ORDER THEREON.—In supersession of all previous orders relating to medical attendance and fees for such attendance, the rules appended to this Order are prescribed for adoption as a tentative measure, pending the preparation of a Medical Code for the State, in which they will be finally incorporated, with such modifications as experience may suggest.

2. The Senior Surgeon is requested to prepare and submit a draft Medical Code for Mysore at an early date.

RULES REGARDING MEDICAL ATTENDANCE AND FEES FOR SUCH ATTENDANCE

Preliminary.

"Medical Attendance" defined.

1. The term "Medical Attendance" means the professional advice and care during sickness or injury, afforded by a Medical officer. Medical attendance will include, in case of public servants, the supply, in accordance with the conditions laid down in para 27 *infra*, of the authorized medicines and appliances prescribed by the Medical officer in so far as they are available from the Government Hospital Stores and in the case of all persons, where there are no reliable chemist's and druggist's shops, the supply of such medicines and appliances in so far as stock permits.

2. The term "Medical officer" includes a Medical subordinate.

"Medical officer" defined.

Private practice of Medical officers.

3. (*a*) All members of the Medical Service are allowed private practice so far as may be compatible with the proper discharge of their public duties unless such practice is expressly forbidden in particular cases.

(b) The following officers are debarred from private practice of every description:—

(i) The Resident Medical Officer of the Victoria Hospital, Bangalore.

(ii) All Public Health Officers when they are not also District Medical Officers.

(iii) The Deputy Sanitary Commissioner.

(c) The Senior Surgeon with the Government of His Highness the Maharaja of Mysore, and the Medical Officer, Bangalore Central Jail, when the latter is also the Superintendent of the Jail, are debarred from all private practice except consultations.

(d) As a general rule, Medical officers are entitled to remuneration for professional attendance on the families of those public servants whom they are bound to attend gratuitously.

Medical attendance on Government servants and the families of Military officers.

The Dewan and Councillors.

4. The Dewan is entitled to free medical attendance at his residence of a gazetted Medical officer appointed for the purpose, who, when at head-quarters, shall attend also on the Councillors and officers of the Secretariat at their residences.

Government servants in receipt of salaries of Rs. 250 and above in Bangalore and Mysore.

5. (a) All Government servants in the Cities of Bangalore and Mysore in receipt of salaries amounting to Rs. 250 per month and upwards are entitled to the free medical attendance of the District Medical Officers or of the Medical Officer attached to the dispensary nearest their residence, at their own houses in cases of illness.

Government servants in receipt of salaries between Rs. 250 and 100 in Bangalore and Mysore.

(b) Government servants in the Cities of Bangalore and Mysore in receipt of salaries of Rs. 100 a month and upwards but less than Rs. 250 a month are entitled to the free medical attendance of the Hospital Assistant of the division in which such Government servants reside, at their own houses in cases of illness such as to prevent their consulting the Medical officer at his place.

Government servants drawing Rs. 100 and above in district head-quarter stations.

6. All Government servants at district head-quarter stations other than Bangalore and Mysore, in receipt of salaries amounting to Rs. 100 and upwards are entitled to the free medical attendance of the Medical Officer of the District at their own houses in cases of illness.

Government servants in stations other than district head-quarters.

7. In stations other than district head-quarters, where a dispensary is located, all Government servants in receipt of salaries of Rs. 50 and upwards are entitled to the free medical attendance of the Medical officer in charge of the dispensary at their own houses.

Government servants drawing less than Rs. 100 in district head-quarter stations and less than Rs. 50 in other stations.

8. Where there is no proper hospital accommodation, and in cases of illness such as to prevent the Medical officer in charge of the dispensary being consulted at his place, Government servants in receipt of salaries less than Rs. 100 in district head-quarters including Bangalore and Mysore are entitled to the free medical attendance at their own houses, in the first instance, of a Medical subordinate detailed for the purpose and afterwards of the District Medical Officer, should the case be reported as serious, and similarly Government servants in receipt of salaries of less than Rs. 50 in other stations in which a dispensary is located, to the free medical attendance of the Medical officer in charge of the dispensary.

9. A Government servant of any rank proceeding on duty to a place, and a Government servant stationed in a place, where medical relief is not available and there falling so seriously ill or meeting with an accident of so serious a nature as

to render him unable to move to the nearest station where such relief can be had, will be entitled to gratuitous medical attendance from the Medical officer nearest to the station.

10. Medical officers are entitled in cases of illness to the free medical attendance at their own houses of the District Medical Officer or other Medical officer detailed by the District Medical Officer if there is any in the same station and if not, of the Medical officer nearest to the station.

11. (*a*) Government servants in receipt of salaries of Rs. 250 and above requiring the services of a Government specialist should first consult the District Medical Officer. If he considers the services of the specialist necessary, they are entitled to the free attendance of the specialist at their residences, provided they are in, or go to, the station where such specialist resides.

(*b*) In special cases, however, occurring in the mofussil, should the District Medical Officer certify that the patient's prospects of recovery would be jeopardised by undertaking the journey to see the Government specialist, the Senior Surgeon may depute the specialist to visit such patient, if he is a Government servant.

12. Where a Medical officer attending on a Government servant in accordance with any of the preceding rules considers that the illness is so serious that another Medical officer should be consulted, he may call in the aid of such Medical officer; and the latter shall comply with the request.

13. Local Fund employees, *i.e.*, those paid from the District and Municipal Funds, are entitled to medical attendance under these rules.

14. The families of Military officers in purely Military employ are entitled to the same medical services as the officers themselves.

15. All Government servants and their families who are entitled to gratuitous medical attendance at a place are entitled to it also at any other place where they may be residing whether on duty or on leave from the Medical officer at the station paid by Government for general duties. Should the Government servant, however, decline the attendance of the Medical officer provided by Government and call in another Medical officer to attend on him in illness, the usual fees can be claimed by the latter.

16. When a Government servant or his family entitled to gratuitous medical attendance prefers to obtain the services of a Medical officer, other than the recognized Government Medical attendant, it will be considered as a private arrangement with which Government have nothing to do. This rule will apply also to any Medical officer who may be called in, in consultation with the official Medical officer otherwise than in accordance with rule 12 *supra*; and if the consultant is detailed from his head-quarters for more than 12 hours, he will be deemed to have been absent on casual or such other leave as may be available under the circumstances.

17. Medical officers are required to attend without avoidable delay in cases of emergency or when the patient's own official medical adviser is not available, on any sick Military or Civil officer, or member of the family of a Military officer, who may call upon them to do so; and having given such aid or advice as circumstances call for, they may transfer the further treatment of the case to the proper medical attendant.

Travelling allowances to Medical officers for journeys performed by them in connection with medical attendance.

18. A Medical officer proceeding to a station outside his own under rule 9, 10, 11 (*b*) or 12, for attendance on a Government servant, shall be entitled to the usual travelling and halting allowances.

19. All claims for travelling allowances by Medical officers on account of journeys performed by them to render medical aid shall be supported by a certificate from the District Medical and Sanitary Officer in cases of non-gazetted Medical subordinates and from the Senior Surgeon in cases of gazetted Medical officers, to

the effect that the journey was *bonâ fide* in the interest of a public servant employed on Government duty.

20. For purpose of certificates referred to in the preceding rule, the District Medical and Sanitary Officer or the Senior Surgeon, as the case may be, may call for a short history confidentially of the ailment in the treatment of which the Medical officer was employed. If, on report of the nature of the case, the District Medical and Sanitary Officer or the Senior Surgeon is satisfied that the case was not serious enough for the Medical officer going to the spot, the travelling allowance paid to such officer may be recovered from the officer calling in his services.

Medical attendance on the families of officers in the civil employ.

21. The families of Government servants, in civil employ are not entitled to gratuitous medical attendance.

22. It is not considered necessary to fix definitely the amount of remuneration for attendance on the families of Government servants, but the following scale is given to serve as a guide to be followed under normal circumstances. Government, however, trust that the good sense and humanity of Medical officers will always indicate when the fees are too high in particular cases, and likewise that a feeling of fairness and gratitude which animates all who have to engage the services of Medical officers will suggest to the highly paid among them when the scale seems too low.

23. The fees which Government servants pay for medical attendance on the members of their families at their houses shall be certain percentage of their monthly pay and allowances, varying according to the standing of the Medical officer whose service they engage.

(i) To Civil Surgeons and specialists, $\frac{4}{5}$ per cent per visit with a minimum of Rs. 3 per visit and a maximum of Rs. 6.

To Assistant Surgeons, $\frac{3}{5}$ per cent with a minimum of Rs. 2 per visit and a maximum of Rs. 4.

To Sub-Assistant Surgeons, honorary gazetted officers and apothecaries at $\frac{3}{10}$ per cent with a minimum of Re. 1 per visit and a maximum of Rs. 2.

To Hospital Assistants, $\frac{1}{5}$ per cent with a minimum of annas 8 per visit and a maximum of Re. 1.

(ii) For visits at the Medical officer's house the fee shall be one third less than at the patient's house.

(iii) For a visit by night, *i.e.*, between 9 P.M. and 6 A.M. the fees shall be 50 per cent more than for a visit by day.

(iv) In the case of more than one visit by day or by night being necessary, the fee for each such extra visit shall be half the ordinary fee by day or by night. But only two such extra visits by day or by night shall be charged for.

(v) In cases where there are more than one patient under treatment in the same family at the same time, the full fee shall be charged for one, and a half fee for each of the others.

(vi) When the patient lives outside the medical officer's head-quarters, the patient shall pay the Medical officer the mileage he would receive were he travelling on duty, each mile being charged for, or place a suitable conveyance at his disposal.

(vii) For every period of twenty-four hours during which a Medical officer is detained (which is allowable only in very serious circumstances) he shall draw double his official halting allowance in addition to mileage, but the fee for such detention shall be the equivalent of one ordinary day and one ordinary night visit only.

(viii) For a confinement or severe operation including necessary subsequent visits—

	Rs.
To—Civil Surgeons	50
Assistant Surgeons	40
All other substantive gazetted officers	30
Honorary gazetted officers and Apothecaries	20

24. In the cases of indigent persons, generally, where there is only one Medical officer in a station, he shall afford medical aid at their houses gratis, when they are so ill as to be unable to attend the dispensary. In a district head-quarter station the District Medical and Sanitary Officer shall see that arrangements are made to carry out the intention of this rule.

25. The foregoing scale of fees fixed in connection with the medical attendance on the families of Government servants in civil employ should be taken also as a guide to fees payable by private persons.

26. It is not intended that the above rules should interfere with private arrangements mutually agreed upon between Medical officers and their patients.

Rules for the gratuitous issue of medicines.

27. Government servants and families of Military officers in stations where there are hospitals or dispensaries are entitled to the gratuitous supply for their own use, of such authorised medicines as are in store therein, but such supplies will only be given on the prescription of the Medical officer in charge of the hospital or dispensary where application for the medicine is made or of the Medical officer deputed for medical attendance.

28. In places in which no Government hospital or Local Fund dispensary exists, prescriptions should be sent to a druggist's shop and the patient will be liable to pay for the supplies.

29. In cases where indigent persons are afforded gratuitous medical attendance under Rule 24 they shall be supplied with Government medicines gratis under the same conditions as those specified in Rule 27.

30. In places where there are no chemists' or druggists' shops, medicines may be supplied gratis to private patients on the prescriptions of Medical officers in so far as the stock permits.

Fees for the grant of certificates by Medical officers.

31. A fee may legitimately be charged for a certificate or opinion given by a Medical officer in the Government, Municipal or Local Fund service of the State at the instance of a private person for any purpose, whether it be in connection with a civil or criminal proceeding or not, and the fact that such person was treated in the State, Municipal or Local Fund hospital should not exempt him from the payment of such fee. A fee not exceeding two days' pay of the Medical officer (without including allowances) and subject to a maximum of Rs. 5 may be charged in each case.

32. A Medical officer shall not be at liberty by directing the applicant in the first instance to produce an order from the Police or otherwise, to postpone treatment or an examination he may be called on to make.

33. Medical officers, however, who are public servants shall not receive any fee from the public revenues for giving certificates, opinion or evidence regarding any proceeding of public interest, such as inquests or judicial inquiries. Certificates shall invariably be granted when required by the Police. If, in any case, a Medical officer considers that unnecessary or improper use is made of this rule by the Police, he should, after granting the certificate, report the matter to the District Medical and Sanitary Officer who should bring it to the notice of the District Magistrate. If the officer himself is a District Medical and Sanitary Officer, he will similarly report the matter to the District Magistrate.

34. A Police officer cannot call for a certificate for ordinary, *i.e.*, non-grievous injury unless it is necessarily required in the interests of the public service.

General and Miscellaneous.

35. Medical officers are strictly prohibited from accepting commissions from private firms on their prescriptions.

Commissions on prescriptions.

Medical subordinates not to have recourse to Law Courts for recovery of fees, without permission.

to render him unable to move to the nearest station where such relief can be had, will be entitled to gratuitous medical attendance from the Medical officer nearest to the station.

10. Medical officers are entitled in cases of illness to the free medical attendance at their own houses of the District Medical Officer or other Medical officer detailed by the District Medical Officer if there is any in the same station and if not, of the Medical officer nearest to the station.

11. (*a*) Government servants in receipt of salaries of Rs. 250 and above requiring the services of a Government specialist should first consult the District Medical Officer. If he considers the services of the specialist necessary, they are entitled to the free attendance of the specialist at their residences, provided they are in, or go to, the station where such specialist resides.

(*b*) In special cases, however, occurring in the mofussil, should the District Medical Officer certify that the patient's prospects of recovery would be jeopardised by undertaking the journey to see the Government specialist, the Senior Surgeon may depute the specialist to visit such patient, if he is a Government servant.

12. Where a Medical officer attending on a Government servant in accordance with any of the preceding rules considers that the illness is so serious that another Medical officer should be consulted, he may call in the aid of such Medical officer; and the latter shall comply with the request.

13. Local Fund employees, *i.e.*, those paid from the District and Municipal Funds, are entitled to medical attendance under these rules.

14. The families of Military officers in purely Military employ are entitled to the same medical services as the officers themselves.

15. All Government servants and their families who are entitled to gratuitous medical attendance at a place are entitled to it also at any other place where they may be residing whether on duty or on leave from the Medical officer at the station paid by Government for general duties. Should the Government servant, however, decline the attendance of the Medical officer provided by Government and call in another Medical officer to attend on him in illness, the usual fees can be claimed by the latter.

16. When a Government servant or his family entitled to gratuitous medical attendance prefers to obtain the services of a Medical officer, other than the recognized Government Medical attendant, it will be considered as a private arrangement with which Government have nothing to do. This rule will apply also to any Medical officer who may be called in, in consultation with the official Medical officer otherwise than in accordance with rule 12 *supra*; and if the consultant is detailed from his head-quarters for more than 12 hours, he will be deemed to have been absent on casual or such other leave as may be available under the circumstances.

17. Medical officers are required to attend without avoidable delay in cases of emergency or when the patient's own official medical adviser is not available, on any sick Military or Civil officer, or member of the family of a Military officer, who may call upon them to do so; and having given such aid or advice as circumstances call for, they may transfer the further treatment of the case to the proper medical attendant.

Travelling allowances to Medical officers for journeys performed by them in connection with medical attendance.

18. A Medical officer proceeding to a station outside his own under rule 9, 10, 11 (*b*) or 12, for attendance on a Government servant, shall be entitled to the usual travelling and halting allowances.

19. All claims for travelling allowances by Medical officers on account of journeys performed by them to render medical aid shall be supported by a certificate from the District Medical and Sanitary Officer in cases of non-gazetted Medical subordinates and from the Senior Surgeon in cases of gazetted Medical officers, to

the effect that the journey was *bonâ fide* in the interest of a public servant employed on Government duty.

20. For purpose of certificates referred to in the preceding rule, the District Medical and Sanitary Officer or the Senior Surgeon, as the case may be, may call for a short history confidentially of the ailment in the treatment of which the Medical officer was employed. If, on report of the nature of the case, the District Medical and Sanitary Officer or the Senior Surgeon is satisfied that the case was not serious enough for the Medical officer going to the spot, the travelling allowance paid to such officer may be recovered from the officer calling in his services.

Medical attendance on the families of officers in the civil employ.

21. The families of Government servants, in civil employ are not entitled to gratuitous medical attendance.

22. It is not considered necessary to fix definitely the amount of remuneration for attendance on the families of Government servants, but the following scale is given to serve as a guide to be followed under normal circumstances. Government, however, trust that the good sense and humanity of Medical officers will always indicate when the fees are too high in particular cases, and likewise that a feeling of fairness and gratitude which animates all who have to engage the services of Medical officers will suggest to the highly paid among them when the scale seems too low.

23. The fees which Government servants pay for medical attendance on the members of their families at their houses shall be certain percentage of their monthly pay and allowances, varying according to the standing of the Medical officer whose service they engage.

(i) To Civil Surgeons and specialists, $\frac{4}{5}$ per cent per visit with a minimum of Rs. 3 per visit and a maximum of Rs. 6.

To Assistant Surgeons, $\frac{3}{5}$ per cent with a minimum of Rs. 2 per visit and a maximum of Rs. 4.

To Sub-Assistant Surgeons, honorary gazetted officers and apothecaries at $\frac{3}{10}$ per cent with a minimum of Re. 1 per visit and a maximum of Rs. 2.

To Hospital Assistants, $\frac{1}{5}$ per cent with a minimum of annas 8 per visit and a maximum of Re. 1.

(ii) For visits at the Medical officer's house the fee shall be one third less than at the patient's house.

(iii) For a visit by night, *i.e.*, between 9 P.M. and 6 A.M. the fees shall be 50 per cent more than for a visit by day.

(iv) In the case of more than one visit by day or by night being necessary, the fee for each such extra visit shall be half the ordinary fee by day or by night. But only two such extra visits by day or by night shall be charged for.

(v) In cases where there are more than one patient under treatment in the same family at the same time, the full fee shall be charged for one, and a half fee for each of the others.

(vi) When the patient lives outside the medical officer's head-quarters, the patient shall pay the Medical officer the mileage he would receive were he travelling on duty, each mile being charged for, or place a suitable conveyance at his disposal.

(vii) For every period of twenty-four hours during which a Medical officer is *detained* (which is allowable only in very serious circumstances) he shall draw double his official halting allowance in addition to mileage, but the fee for such detention shall be the equivalent of one ordinary day and one ordinary night visit only.

(viii) For a confinement or severe operation including necessary subsequent visits—

	Rs.
To—Civil Surgeons	50
Assistant Surgeons	40
All other substantive gazetted officers	30
Honorary gazetted officers and Apothecaries	20
Hospital Assistants	10

24. In the cases of indigent persons, generally, where there is only one Medical officer in a station, he shall afford medical aid at their houses gratis, when they are so ill as to be unable to attend the dispensary. In a district head-quarter station the District Medical and Sanitary Officer shall see that arrangements are made to carry out the intention of this rule.

25. The foregoing scale of fees fixed in connection with the medical attendance on the families of Government servants in civil employ should be taken also as a guide to fees payable by private persons.

26. It is not intended that the above rules should interfere with private arrangements mutually agreed upon between Medical officers and their patients.

Rules for the gratuitous issue of medicines.

27. Government servants and families of Military officers in stations where there are hospitals or dispensaries are entitled to the gratuitous supply for their own use, of such authorised medicines as are in store therein, but such supplies will only be given on the prescription of the Medical officer in charge of the hospital or dispensary where application for the medicine is made or of the Medical officer deputed for medical attendance.

28. In places in which no Government hospital or Local Fund dispensary exists, prescriptions should be sent to a druggist's shop and the patient will be liable to pay for the supplies.

29. In cases where indigent persons are afforded gratuitous medical attendance under Rule 24 they shall be supplied with Government medicines gratis under the same conditions as those specified in Rule 27.

30. In places where there are no chemists' or druggists' shops, medicines may be supplied gratis to private patients on the prescriptions of Medical officers in so far as the stock permits.

Fees for the grant of certificates by Medical officers.

31. A fee may legitimately be charged for a certificate or opinion given by a Medical officer in the Government, Municipal or Local Fund service of the State at the instance of a private person for any purpose, whether it be in connection with a civil or criminal proceeding or not, and the fact that such person was treated in the State, Municipal or Local Fund hospital should not exempt him from the payment of such fee. 'A fee not exceeding two days' pay of the Medical officer (without including allowances) and subject to a maximum of Rs. 5 may be charged in each case.

32. A Medical officer shall not be at liberty by directing the applicant in the first instance to produce an order from the Police or otherwise, to postpone treatment or an examination he may be called on to make.

33. Medical officers, however, who are public servants shall not receive any fee from the public revenues for giving certificates, opinion or evidence regarding any proceeding of public interest, such as inquests or judicial inquiries. Certificates shall invariably be granted when required by the Police. If, in any case, a Medical officer considers that unnecessary or improper use is made of this rule by the Police, he should, after granting the certificate, report the matter to the District Medical and Sanitary Officer who should bring it to the notice of the District Magistrate. If the officer himself is a District Medical and Sanitary Officer, he will similarly report the matter to the District Magistrate.

34. A Police officer cannot call for a certificate for ordinary, *i.e.*, non-grievous injury unless it is necessarily required in the interests of the public service.

General and Miscellaneous.

Commissions on prescriptions.

35. Medical officers are strictly prohibited from accepting commissions from private firms on their prescriptions.

Medical subordinates, not to have recourse to Law Courts for recovery of fees, without permission.

36. No Medical subordinate shall have recourse to a court of law for the recovery of a fee except with the permission of the Senior Surgeon in the case of officers below the rank of Civil Surgeon and that of Government in the case of officers of and above the rank of Civil Surgeon.

Pecuniary recognition of the services of Medical officers.

37. Medical officers are not prohibited from receiving pecuniary recognition of their services from a community or body of persons which may desire to acknowledge these, but the previous sanction of Government must be obtained by Medical officers in all such cases.

HIS MAJESTY THE KING, EMPEROR OF INDIA, has been pleased to send the following letter to the Princes and peoples of India:—

"TO THE PRINCES AND PEOPLES OF INDIA,—The lamented and unlooked for death of my dearly loved father calls me to ascend the Throne that comes to me as the heir of a great

and ancient line. As King and Emperor I greet the Princes, the Ruling Chiefs and all the other dwellers in my Indian dominions. I offer you my heartfelt thanks for the touching and abundant manifestation that this event has called forth from all the diverse races, classes and faiths in India, of loyalty to the Sovereign Crown and personal attachment to its wearers. Queen Victoria of revered memory addressed her Indian subjects and the heads of Feudatory States when she assumed the direct Government in 1858 and her august son, my father, of honoured and beloved name, commemorated the same most notable event in his address to you fifty years later. These are the Charters of the noble and benignant spirit of Imperial rule and by that spirit in all my time to come I will faithfully abide. By the wish of His Late Majesty and following his own example I visited India five years ago accompanied by my Royal Consort. We became personally acquainted with great Kingdoms known to history, with monuments of a civilisation older than our own, with ancient customs and ways of life, with Native Rulers, with the peoples, the cities, towns, villages throughout those vast territories. Never can either the vivid impressions or the affectionate associations of that wonderful journey vanish or grow dim. Firmly I confide in your dutiful and active co-operation in the high and arduous tasks that lie before me and I count upon your ready response to the earnest sympathy with the well-being of India that must ever be the inspiration of my rule."

By order of the Governor General in Council,

A. EARLE,

Officiating Secretary to the Government of India.

The Government of India have had under consideration the question whether certificates of identity should be granted to Indian gentlemen proceeding to America for the purposes of study, as is at present done in the case of Indian students going to Japan under the orders contained in the Home Department Resolution Nos. 481-492, dated the 15th November 1901.

The District or Political Officer will endorse on the certificate of identity his opinion whether the person is or is not a British subject "by birth" or "by naturalization" or a subject of a Native State. Quarterly returns of the certificates granted will be submitted by the Local Governments and Administrations to the Government of India for transmission to the British Embassy at Washington and to His Majesty's Secretary of State for India. But, to avoid delay, the District or Political Officer, when granting or countersigning a certificate will, at the same time, send a copy of the certificate direct to the British Embassy at Washington and also send a duplicate copy of it direct to the Under-Secretary of State for India.

3. Local Governments and Administrations are requested to take steps to secure that all reasonable facilities are given for obtaining certificates of identity, and that wide publicity is given to these orders.

Notifications by the Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE.

No. 1241 – *San.* 6-10-2, *dated 4th August* 1910.

It has been brought to the notice of the Government of His Highness the Maharaja of Mysore that, during the outgoing pilgrim season of 1909, between the 20th October and 15th November 1909, there was a sudden and heavy influx into Bombay of pilgrims to the Hedjaz from other Provinces due, in great measure, to the action of certain Mahomedans from Arabia, who act as guides to pilgrims and who, by spreading reports of cheap passages and by various other methods, succeeded in persuading their co-religionists to perform the Haj. This caused a heavy rise in the rate of passages to Jeddah, and, as a result of this and of the high fees and commission demanded by the guides, it is reported that several pilgrims return to India in a destitute condition. All intending pilgrims to the Hedjaz are, therefore, hereby warned that no credence should be given to reports circulated by irresponsible persons from the Hedjaz, and that they should apply direct to the Protector of Pilgrims, Bombay, for any information they may require on the subject of their pilgrimage.

2. As small-pox is frequently prevalent in a virulent form in the Hedjaz, all persons who intend to perform the Haj are hereby warned that they should get themselves vaccinated or revaccinated before they leave their homes for Bombay.

3. The Deputy Commissioners of Districts and the Presidents of the City Municipal Councils of Bangalore and Mysore are requested to explain to intending pilgrims, through the leading members of the Mahomedan community, the purport of this notification and to instruct local officials to endeavour to popularise vaccination among them. They should also arrange for the grant of certificates to those who are vaccinated or revaccinated before their departure for Bombay.

RESOLUTION.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country, and by students who, owing to embarrased circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England, the desirability of providing themselves before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

Notification by the Government of His Highness the Maharaja of Mysore.

GEOLOGICAL.

No. 800, *dated* 29*th October* 1910.

In supersession of all previous notifications on the subject, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rules for the grant of Exploring and Prospecting Licenses and Mining Leases in the Mysore State. The rules shall come into force with effect from the date of publication of this Notification in the *Mysore Gazette.*

Rules for the grant of Exploring and Prospecting Licenses and Mining Leases in the State of Mysore.

---

1. In these Rules.—

"*The Government*" means the Government of His Highness the Maharaja of Mysore.

"*Person*" includes any Persons, Syndicate, Partnership or Company.

2. Exploring, Prospecting or Mining for minerals shall not be carried on within the State of Mysore except under licenses or leases granted under these rules or with the special sanction of the Government.

I. EXPLORING LICENSES.

3. Persons desirous of exploring for minerals within the State of Mysore may obtain an Exploring License on application to the Secretary to Government in the Geological Department by whom any license granted shall be signed on behalf of the Government.

4. Each application shall be accompanied by a fee of Rs. 10.

5. The application shall state the District in which it is desired to explore and each license granted shall ordinarily be valid for one District only. Government may refuse to grant a license to any person, in which event the fee shall be returned, or may, at their discretion, limit the area to which the license shall apply or specifically exclude any mineral from the license.

6. Such license shall not authorise the licensee to mine or quarry, but he may turn up the surface of the land, dig trenches and sink pits to such depth and subject to such conditions as the Deputy Commissioner may permit.

7. No private or occupied lands and no lands over which exclusive mineral rights have been granted to others may be entered upon or explored without the consent of the owner, occupier or possessor thereof.

8. Every license shall be in Form No. 1 hereto appended and shall be valid for one year. Such license shall confer no exclusive or preferential rights, but in considering rival claims for a prospecting license or mining lease, due regard will be had to operations conducted under cover of an Exploring License.

9. Under exceptional circumstances, the Government of Mysore may confer on a licensee special protection in regard to any specified mineral or minerals during the whole or any portion of the term of his license. Such special protection shall be designed to secure to a *bona fide* worker a fair and reasonable area over which he shall be entitled to obtain a prospecting license or a mining lease as provided for hereunder and shall be conferred only in cases in which, in the opinion of Government, it would be unreasonable or undesirable to insist on the area for a prospecting license or a mining lease being selected at once.

10. The licensee shall be at liberty, subject to such restrictions as the Government may from time to time impose, to remove specimens or samples of minerals in reasonable quantities for purpose of testing, but not for sale.

II. PROSPECTING LICENSES.

11. Applications for licenses to prospect for minerals within the territories of Mysore shall be made to the Secretary to Government in the Geological Department in Form No. II hereto appended.

12. Each application shall be in respect of a specified block of land not exceeding ten square miles in area, which shall be, as far as possible, in the shape of a rectangle of which the length must not under ordinary circumstances exceed twice the breadth.

13. The Government reserve to themselves the power of refusing to grant a prospecting license in respect of any block without assigning a reason or to impose such special terms as they may in their absolute discretion think desirable.

14. Every prospecting license granted under these rules will be in Form No. III appended hereto and will be valid for one year, but the Government may at their discretion renew any license from year to year on payment, in advance, of an annual rent which may be determined upon separately for each period of renewal.

15. Every application must be accompanied by—

(a) A sheet, extract or correct tracing of the Topographical Survey Map of Mysore (Scale 1 inch to a mile) upon which the boundaries of the block for which a license is required have been clearly marked.

(b) A schedule giving the names of the villages included (either wholly or partly) in the prospecting block together with the Taluk and District in which they are situated and stating the area of the block in square miles.

(c) A schedule stating the mineral or minerals in respect of which the license is applied for.

(d) A fee of Rs. 10 per square mile or a portion of a square mile of the area applied for.

16. On receipt of any application, Government will, if they decide to grant a license, inform the applicant of the amount of the rent and the deposit due thereon and of any special terms which they may consider desirable to impose. Within such time as may be fixed by Government in each case the applicant shall pay the amount of the rent and deposit specified and such payment shall be held to involve the acceptance of any special terms of which the applicant has been informed.

17. The rent payable in respect of a license shall be not less than one anna and not more than one rupee per acre of the area granted.

18. The deposit payable in respect of a license shall be at the rate of Rs. 100 per square mile or portion thereof of the area granted. This deposit shall be held as security for the due fulfilment of the provisions of these rules and of the terms of the license and, subject to any deductions in this respect, shall be returnable to the licensee after the termination of the license.

19. The block of land over which the prospecting license is granted need not be surveyed and demarcated; but, in the event of any doubt or dispute arising as to the boundaries of the block or whenever in the opinion of Government a survey is necessary or desirable the Secretary to Government in the Geological Department shall order the survey and demarcation of the block to be made either with or without an application for the same from the licensee, and the licensee shall pay the expenses of the survey and demarcation. The boundaries of the block of land for which a prospecting license has been granted shall be marked on the map attached to the license and the decision of Government in regard to the boundaries and demarcation of the block shall be final.

20. Until the license is signed by the Secretary to Government in the Geological Department, the applicant shall not be entitled to exercise any of the privileges of a licensee.

21. If the applicant neglects to comply with the preceding rules or fails to pay the rent and deposit within the time prescribed under Rule 16 or declines to accept a license which has been offered to him under Rule 16, his application shall be cancelled and the fee paid therewith forfeited to Government except as provided under Rule 23.

22. If the applicant withdraws his application before the orders of Government thereon are communicated to him, the fee paid therewith under Rule 15 shall be forfeited to Government.

23. If the license is refused under Rule 13 or if the applicant within such time as may be fixed by Government under Rule 16 declines to accept any special terms of which he has been informed, his application shall be cancelled and the fee received therewith shall be returned to him.

24. The licensee will be entitled to select for mining purposes, any time during the currency of his license, a block of land, not exceeding one square mile in area and not more than one mile in length, within the area specified in his license, and to obtain a mining lease of the block so selected in respect of any mineral or minerals (with the exception of precious stones and alluvial minerals) specified in his license in accordance with and subject to the provisions of the rules contained herein. Provided that a licensee shall not be entitled to obtain mining leases over a total area of more than ten square miles. In the case of

precious stones and alluvial minerals, the holder of a prospecting license will be entitled to a mining lease upon the special terms (if any) provided in his license; and in the event of there being no such special provisions, to the first refusal of such mining lease as the Government may decide to grant.

As soon as a mining lease has been granted under this rule the prospecting license shall immediately cease and determine.

25. If the licensee discovers any mineral of value within the area specified in his license, he shall immediately report the discovery to the Secretary to Government in the Geological Department. Failure to comply with this provision will render the license liable to be cancelled and the deposit forfeited. If the mineral so reported is not one of those in respect of which the license has been granted, the licensee may apply to Government to have the said mineral added to those already specified in his license and it shall be within the discretion of Government to accede to or refuse the request or to impose such special terms as they may think fit. As a rule and under ordinary circumstances such requests will be complied with provided that the rights sought to be secured in respect of the mineral applied for are freely at the disposal of Government.

26. A prospecting license shall not be assigned nor any right or interest thereunder transferred without the consent in writing of the Government. The application for such consent must be made by the licensee himself or by his legal representative and the license itself must be forwarded with the application together with a draft or document setting forth fully and clearly the terms of the proposed assignment or transfer. If Government decide to consent to the transfer, they shall inform the licensee to that effect and the licensee shall, within such period as may be specified by Government, have the document duly stamped and registered and shall forward a certified copy of the same to the Secretary to Government in the Geological Department, who shall thereupon endorse upon the license the consent of Government to the transfer and return the license to the licensee. Until the license has been so endorsed no assignment or transfer of rights shall be valid.

Failure to comply with the provisions of this rule will render the license liable to be cancelled and the deposit forfeited.

27. If the licensee desires the renewal of a prospecting license, he shall apply for a renewal and shall forward the license together with the amount of the rent payable for one year to the Secretary to the Government in the Geological Department, not less than seven days before the date on which the license terminates.

28. Within three months after the date on which a license has expired the licensee shall forward the license to the Secretary to Government in the Geological Department and shall, at the same time, apply for the refund of the deposit, failing which the deposit will be liable to be forfeited.

III. MINING LEASES.

29. Applications for mining leases within the territories of Mysore shall be made to the Secretary to the Government in the Geological Department in Form No. IV appended hereto.

30. Every application shall be in respect of a specified block of land not exceeding one square mile in area. The block shall be in the shape of a rectangle of which the length must not under ordinary circumstances exceed four times the breadth. The boundaries of the mining block shall be considered to run vertically downward towards the centre of the earth.

In the case of precious stones or alluvial deposits the area to be granted under a mining lease will be determined in each case by the Government.

31. Every mining lease granted under these rules will be for a period not exceeding thirty years and will be in Form No. V appended hereto.

32. Every application must be accompanied by :—

(*a*) A fee of Rs. 100.

(*b*) A sheet, extract or correct tracing of the Topographical Survey map of Mysore (scale 1 inch to a mile) upon which the boundaries of the block applied for have been clearly marked.

(*c*) A schedule giving the names of the villages to which the lands comprised within the block belong, with the Taluk and District in which each is situated.

(*d*) A schedule specifying the mineral or minerals in respect of which the mining lease is applied for.

33. On receipt of any application Government will, if they decide to grant a lease, inform the applicant of their decision and of the special terms, if any, which they may consider desirable to impose and the applicant shall, within one month of receiving this information, deposit with the Secretary to Government in the Geological Department a sum of Rs. 1,000 as security for the due fulfilment of the provisions of these Rules and of the terms of the lease. Subject to any deductions in these respects the deposit will be returnable to the lessee after the termination of the lease.

If Government decline to grant a lease or if the applicant declines to accept any special terms which may be imposed, the fee of Rs. 100 paid with the application will be returned.

34. The applicant shall point out to an officer deputed for the purpose by the Secretary to Government in the Geological Department, the boundaries of the block of land applied for within a fornight of the date on which he may receive an intimation to that effect or within such longer period as may be fixed by Government and the officer so deputed shall thereupon survey the block and erect or cause to be erected such boundary marks as may be requisite.

35. If from any cause the completion of the survey and demarcation of a mining block is likely to be unduly delayed, the Government may grant the lease in respect of a block of land shown on an extract from the Topographical Survey Map of Mysore which shall be attached to the lease. On subsequent survey and demarcation, the boundaries of the block of land to which the lease refers shall be determined by Government and their decision shall be final and shall be accepted by the lessee who shall, on demand, pay the cost of the survey and demarcation.

36. After the completion of survey and all necessary enquiries, a form of the lease to be executed and a bill for the survey and demarcation expenses will be sent to the applicant, who shall, within a month of receiving such communication, tender for execution by the Dewan of Mysore the lease executed by himself and duly stamped, paying at the same time the cost of the survey and demarcation.

37. The applicant's title to the land applied for will not be complete until the lease is actually executed by the Dewan.

38. The lease shall, after execution, be registered by both parties under the law for the time being in force for the registration of assurances, and shall within one month of the date of registration, be forwarded by the lessee for information and record to the Secretary to Government in the Geological Department who will return it to the lessee after noting its contents.

39. If the lessee discovers any mineral of value within the area specified in his lease, he shall immediately report the discovery to the Secretary to Government in the Geological Department. If the mineral so reported is not one of those in respect of which the lease has been granted, the lessee may apply to Government to have the said mineral added to those already specified in his lease and it shall be within the discretion of Government to accede to or refuse the request or to impose such special terms as they may think fit. As a rule and under ordinary circumstances such requests will be complied with provided that the rights sought to be secured in respect of the mineral applied for are freely at the disposal of Government.

Provided that if any mineral of value is known to occur on or within the mining block, Government may give the lessee the option of having such mineral added to those specified in the schedule to his lease and in the event of the lessee declining to exercise the option upon the terms offered, Government shall have power to grant a prospecting license or mining lease in respect of such mineral to any other person.

40. The lessee shall not assign his lease or transfer any right or interest thereunder to a person except with the previous consent of the Government in writing.

The lessee shall in applying to Government for permission to transfer or assign the lease report to Government the name and financial position of the assignee and also submit for approval a draft of the proposed deed of assignment. When the Government has communicated its assent to the transfer and to the deed of assignment, the deed of assignment or document of transfer shall be duly stamped and registered in accordance with the laws in force in the State of Mysore at the time and a certified copy thereof deposited with the Mysore Government in the Geological Department within three months of the date of execution thereof.

41. Failure to comply with the preceding rules will render the application or lease liable to be cancelled and the deposit forfeited.

IV. GENERAL.

42. The royalties payable to Government in respect of minerals worked under a prospecting license or mining lease are set forth in the schedule hereto. The rates are liable to alteration from time to time, due notice of which will be published in the official Gazette.

43. The Government will require the strict performance of the provisions and conditions contained in any prospecting license or mining lease providing for the proper prospecting or mining of the land comprised therein.

44. Topo sheets of Mysore marked with areas granted for prospecting and mining are kept at the office of the Mysore Geological Department and may be inspected by the public on payment of a fee of one rupee per sheet.

45. Persons desirous of having their own topo sheets or other maps of Mysore marked with areas granted for prospecting and mining may apply to the Secretary to Government, Geological Department, for the same. A fee of four annas will be charged for each block marked.

46. A licensee desirous of securing a copy of his prospecting license may apply to the Secretary to Government, Geological Department, for the same stating the purpose for which the copy is required. The Government will, if satisfied with the reasons assigned, issue a duplicate copy of the license on payment of a fee of Rs. 10.

47. The rules for the conduct of prospecting and mining operations in forest lands are printed for information in the appendix hereto.

In default of payment the District Forest Officer may, at his discretion, stop all further operations and take steps to recover the amount due as a revenue demand.

Notification by the Government of His Highness the Maharaja of Mysore.

GEOLOGICAL.

No. 800, *dated* 29*th October* 1910.

In supersession of all previous notifications on the subject, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rules for the grant of Exploring and Prospecting Licenses and Mining Leases in the Mysore State. The rules shall come into force with effect from the date of publication of this Notification in the *Mysore Gazette*.

Rules for the grant of Exploring and Prospecting Licenses and Mining Leases in the State of Mysore.

---

1. In these Rules.—

"*The Government*" means the Government of His Highness the Maharaja of Mysore.

"*Person*" includes any Persons, Syndicate, Partnership or Company.

2. Exploring, Prospecting or Mining for minerals shall not be carried on within the State of Mysore except under licenses or leases granted under these rules or with the special sanction of the Government.

I. EXPLORING LICENSES.

3. Persons desirous of exploring for minerals within the State of Mysore may obtain an Exploring License on application to the Secretary to Government in the Geological Department by whom any license granted shall be signed on behalf of the Government.

4. Each application shall be accompanied by a fee of Rs. 10.

5. The application shall state the District in which it is desired to explore and each license granted shall ordinarily be valid for one District only. Government may refuse to grant a license to any person, in which event the fee shall be returned, or may, at their discretion, limit the area to which the license shall apply or specifically exclude any mineral from the license.

6. Such license shall not authorise the licensee to mine or quarry, but he may turn up the surface of the land, dig trenches and sink pits to such depth and subject to such conditions as the Deputy Commissioner may permit.

7. No private or occupied lands and no lands over which exclusive mineral rights have been granted to others may be entered upon or explored without the consent of the owner, occupier or possessor thereof.

8. Every license shall be in Form No. 1 hereto appended and shall be valid for one year. Such license shall confer no exclusive or preferential rights, but in considering rival claims for a prospecting license or mining lease, due regard will be had to operations conducted under cover of an Exploring License.

9. Under exceptional circumstances, the Government of Mysore may confer on a licensee special protection in regard to any specified mineral or minerals during the whole or any portion of the term of his license. Such special protection shall be designed to secure to a *bona fide* worker a fair and reasonable area over which he shall be entitled to obtain a prospecting license or a mining lease as provided for hereunder and shall be conferred only in cases in which, in the opinion of Government, it would be unreasonable or undesirable to insist on the area for a prospecting license or a mining lease being selected at once.

10. The licensee shall be at liberty, subject to such restrictions as the Government may from time to time impose, to remove specimens or samples of minerals in reasonable quantities for purpose of testing, but not for sale.

II. PROSPECTING LICENSES.

11. Applications for licenses to prospect for minerals within the territories of Mysore shall be made to the Secretary to Government in the Geological Department in Form No. II hereto appended.

12. Each application shall be in respect of a specified block of land not exceeding ten square miles in area, which shall be, as far as possible, in the shape of a rectangle of which the length must not under ordinary circumstances exceed twice the breadth.

13. The Government reserve to themselves the power of refusing to grant a prospecting license in respect of any block without assigning a reason or to impose such special terms as they may in their absolute discretion think desirable.

14. Every prospecting license granted under these rules will be in Form No. III appended hereto and will be valid for one year, but the Government may at their discretion renew any license from year to year on payment, in advance, of an annual rent which may be determined upon separately for each period of renewal.

15. Every application must be accompanied by—

(*a*) A sheet, extract or correct tracing of the Topographical Survey Map of Mysore (Scale 1 inch to a mile) upon which the boundaries of the block for which a license is required have been clearly marked.

(*b*) A schedule giving the names of the villages included (either wholly or partly) in the prospecting block together with the Taluk and District in which they are situated and stating the area of the block in square miles.

(*c*) A schedule stating the mineral or minerals in respect of which the license is applied for.

(*d*) A fee of Rs. 10 per square mile or a portion of a square mile of the area applied for.

16. On receipt of any application, Government will, if they decide to grant a license, inform the applicant of the amount of the rent and the deposit due thereon and of any special terms which they may consider desirable to impose. Within such time as may be fixed by Government in each case the applicant shall pay the amount of the rent and deposit specified and such payment shall be held to involve the acceptance of any special terms of which the applicant has been informed.

17. The rent payable in respect of a license shall be not less than one anna and not more than one rupee per acre of the area granted.

18. The deposit payable in respect of a license shall be at the rate of Rs. 100 per square mile or portion thereof of the area granted. This deposit shall be held as security for the due fulfilment of the provisions of these rules and of the terms of the license and, subject to any deductions in this respect, shall be returnable to the licensee after the termination of the license.

19. The block of land over which the prospecting license is granted need not be surveyed and demarcated; but, in the event of any doubt or dispute arising as to the boundaries of the block or whenever in the opinion of Government a survey is necessary or desirable the Secretary to Government in the Geological Department shall order the survey and demarcation of the block to be made either with or without an application for the same from the licensee, and the licensee shall pay the expenses of the survey and demarcation. The boundaries of the block of land for which a prospecting license has been granted shall be marked on the map attached to the license and the decision of Government in regard to the boundaries and demarcation of the block shall be final.

20. Until the license is signed by the Secretary to Government in the Geological Department, the applicant shall not be entitled to exercise any of the privileges of a licensee.

21. If the applicant neglects to comply with the preceding rules or fails to pay the rent and deposit within the time prescribed under Rule 16 or declines to accept a license which has been offered to him under Rule 16, his application shall be cancelled and the fee paid therewith forfeited to Government except as provided under Rule 23.

22. If the applicant withdraws his application before the orders of Government thereon are communicated to him, the fee paid therewith under Rule 15 shall be forfeited to Government.

23. If the license is refused under Rule 13 or if the applicant within such time as may be fixed by Government under Rule 16 declines to accept any special terms of which he has been informed, his application shall be cancelled and the fee received therewith shall be returned to him.

24. The licensee will be entitled to select for mining purposes, any time during the currency of his license, a block of land, not exceeding one square mile in area and not more than one mile in length, within the area specified in his license, and to obtain a mining lease of the block so selected in respect of any mineral or minerals (with the exception of precious stones and alluvial minerals) specified in his license in accordance with and subject to the provisions of the rules contained herein. Provided that a licensee shall not be entitled to obtain mining leases over a total area of more than ten square miles. In the case of

precious stones and alluvial minerals, the holder of a prospecting license will be entitled to a mining lease upon the special terms (if any) provided in his license; and in the event of there being no such special provisions, to the first refusal of such mining lease as the Government may decide to grant.

As soon as a mining lease has been granted under this rule the prospecting license shall immediately cease and determine.

25. If the licensee discovers any mineral of value within the area specified in his license, he shall immediately report the discovery to the Secretary to Government in the Geological Department. Failure to comply with this provision will render the license liable to be cancelled and the deposit forfeited. If the mineral so reported is not one of those in respect of which the license has been granted, the licensee may apply to Government to have the said mineral added to those already specified in his license and it shall be within the discretion of Government to accede to or refuse the request or to impose such special terms as they may think fit. As a rule and under ordinary circumstances such requests will be complied with provided that the rights sought to be secured in respect of the mineral applied for are freely at the disposal of Government.

26. A prospecting license shall not be assigned nor any right or interest thereunder transferred without the consent in writing of the Government. The application for such consent must be made by the licensee himself or by his legal representative and the license itself must be forwarded with the application together with a draft or document setting forth fully and clearly the terms of the proposed assignment or transfer. If Government decide to consent to the transfer, they shall inform the licensee to that effect and the licensee shall, within such period as may be specified by Government, have the document duly stamped and registered and shall forward a certified copy of the same to the Secretary to Government in the Geological Department, who shall thereupon endorse upon the license the consent of Government to the transfer and return the license to the licensee. Until the license has been so endorsed no assignment or transfer of rights shall be valid.

Failure to comply with the provisions of this rule will render the license liable to be cancelled and the deposit forfeited.

27. If the licensee desires the renewal of a prospecting license, he shall apply for a renewal and shall forward the license together with the amount of the rent payable for one year to the Secretary to the Government in the Geological Department, not less than seven days before the date on which the license terminates.

28. Within three months after the date on which a license has expired the licensee shall forward the license to the Secretary to Government in the Geological Department and shall, at the same time, apply for the refund of the deposit, failing which the deposit will be liable to be forfeited.

III. MINING LEASES.

29. Applications for mining leases within the territories of Mysore shall be made to the Secretary to the Government in the Geological Department in Form No. IV appended hereto.

30. Every application shall be in respect of a specified block of land not exceeding one square mile in area. The block shall be in the shape of a rectangle of which the length must not under ordinary circumstances exceed four times the breadth. The boundaries of the mining block shall be considered to run vertically downward towards the centre of the earth.

In the case of precious stones or alluvial deposits the area to be granted under a mining lease will be determined in each case by the Government.

31. Every mining lease granted under these rules will be for a period not exceeding thirty years and will be in Form No. V appended hereto.

32. Every application must be accompanied by :—

(a) A fee of Rs. 100.

(b) A sheet, extract or correct tracing of the Topographical Survey map of Mysore (scale 1 inch to a mile) upon which the boundaries of the block applied for have been clearly marked.

(c) A schedule giving the names of the villages to which the lands comprised within the block belong, with the Taluk and District in which each is situated.

(d) A schedule specifying the mineral or minerals in respect of which the mining lease is applied for.

33. On receipt of any application Government will, if they decide to grant a lease, inform the applicant of their decision and of the special terms, if any, which they may consider desirable to impose and the applicant shall, within one month of receiving this information, deposit with the Secretary to Government in the Geological Department a sum of Rs. 1,000 as security for the due fulfilment of the provisions of these Rules and of the terms of the lease. Subject to any deductions in these respects the deposit will be returnable to the lessee after the termination of the lease.

If Government decline to grant a lease or if the applicant declines to accept any special terms which may be imposed, the fee of Rs. 100 paid with the application will be returned.

34. The applicant shall point out to an officer deputed for the purpose by the Secretary to Government in the Geological Department, the boundaries of the block of land applied for within a fornight of the date on which he may receive an intimation to that effect or within such longer period as may be fixed by Government and the officer so deputed shall thereupon survey the block and erect or cause to be erected such boundary marks as may be requisite.

35. If from any cause the completion of the survey and demarcation of a mining block is likely to be unduly delayed, the Government may grant the lease in respect of a block of land shown on an extract from the Topographical Survey Map of Mysore which shall be attached to the lease. On subsequent survey and demarcation, the boundaries of the block of land to which the lease refers shall be determined by Government and their decision shall be final and shall be accepted by the lessee who shall, on demand, pay the cost of the survey and demarcation.

36. After the completion of survey and all necessary enquiries, a form of the lease to be executed and a bill for the survey and demarcation expenses will be sent to the applicant, who shall, within a month of receiving such communication, tender for execution by the Dewan of Mysore the lease executed by himself and duly stamped, paying at the same time the cost of the survey and demarcation.

37. The applicant's title to the land applied for will not be complete until the lease is actually executed by the Dewan.

38. The lease shall, after execution, be registered by both parties under the law for the time being in force for the registration of assurances, and shall within one month of the date of registration, be forwarded by the lessee for information and record to the Secretary to Government in the Geological Department who will return it to the lessee after noting its contents.

39. If the lessee discovers any mineral of value within the area specified in his lease, he shall immediately report the discovery to the Secretary to Government in the Geological Department. If the mineral so reported is not one of those in respect of which the lease has been granted, the lessee may apply to Government to have the said mineral added to those already specified in his lease and it shall be within the discretion of Government to accede to or refuse the request or to impose such special terms as they may think fit. As a rule and under ordinary circumstances such requests will be complied with provided that the rights sought to be secured in respect of the mineral applied for are freely at the disposal of Government.

Provided that if any mineral of value is known to occur on or within the mining block, Government may give the lessee the option of having such mineral added to those specified in the schedule to his lease and in the event of the lessee declining to exercise the option upon the terms offered, Government shall have power to grant a prospecting license or mining lease in respect of such mineral to any other person.

40. The lessee shall not assign his lease or transfer any right or interest thereunder to a person except with the previous consent of the Government in writing.

The lessee shall in applying to Government for permission to transfer or assign the lease report to Government the name and financial position of the assignee and also submit for approval a draft of the proposed deed of assignment. When the Government has communicated its assent to the transfer and to the deed of assignment, the deed of assignment or document of transfer shall be duly stamped and registered in accordance with the laws in force in the State of Mysore at the time and a certified copy thereof deposited with the Mysore Government in the Geological Department within three months of the date of execution thereof.

41. Failure to comply with the preceding rules will render the application or lease liable to be cancelled and the deposit forfeited.

IV. GENERAL.

42. The royalties payable to Government in respect of minerals worked under a prospecting license or mining lease are set forth in the schedule hereto. The rates are liable to alteration from time to time, due notice of which will be published in the official Gazette.

43. The Government will require the strict performance of the provisions and conditions contained in any prospecting license or mining lease providing for the proper prospecting or mining of the land comprised therein.

44. Topo sheets of Mysore marked with areas granted for prospecting and mining are kept at the office of the Mysore Geological Department and may be inspected by the public on payment of a fee of one rupee per sheet.

45. Persons desirous of having their own topo sheets or other maps of Mysore marked with areas granted for prospecting and mining may apply to the Secretary to Government, Geological Department, for the same. A fee of four annas will be charged for each block marked.

46. A licensee desirous of securing a copy of his prospecting license may apply to the Secretary to Government, Geological Department, for the same stating the purpose for which the copy is required. The Government will, if satisfied with the reasons assigned, issue a duplicate copy of the license on payment of a fee of Rs. 10.

5. The licensee shall, within six months next after the determination of the license or the date of the abandonment of the undertaking, whichever shall first occur, securely plug any bores and fill up or fence any holes or excavations that he may have made in the land, to such extent as the Deputy Commissioner may require, and shall to the like extent restore the surface of the land and all buildings thereon which he may have damaged in the course of prospecting; provided that this clause shall not apply to any land held under a mining lease.

By Order,

C. S. BALASUNDARAM IYER

Officiating Secretary to Government, General and Revenue Departments.

Notification by the Government of His Highness the Maharaja of Mysore.

GEOLOGICAL.

No. 800, *dated* 29*th October* 1910.

In supersession of all previous notifications on the subject, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rules for the grant of Exploring and Prospecting Licenses and Mining Leases in the Mysore State. The rules shall come into force with effect from the date of publication of this Notification in the *Mysore Gazette*.

Rules for the grant of Exploring and Prospecting Licenses and Mining Leases in the State of Mysore.

---

1. In these Rules.—

"*The Government*" means the Government of His Highness the Maharaja of Mysore.

"*Person*" includes any Persons, Syndicate, Partnership or Company.

2. Exploring, Prospecting or Mining for minerals shall not be carried on within the State of Mysore except under licenses or leases granted under these rules or with the special sanction of the Government.

I. EXPLORING LICENSES.

3. Persons desirous of exploring for minerals within the State of Mysore may obtain an Exploring License on application to the Secretary to Government in the Geological Department by whom any license granted shall be signed on behalf of the Government.

4. Each application shall be accompanied by a fee of Rs. 10.

5. The application shall state the District in which it is desired to explore and each license granted shall ordinarily be valid for one District only. Government may refuse to grant a license to any person, in which event the fee shall be returned, or may, at their discretion, limit the area to which the license shall apply or specifically exclude any mineral from the license.

6. Such license shall not authorise the licensee to mine or quarry, but he may turn up the surface of the land, dig trenches and sink pits to such depth and subject to such conditions as the Deputy Commissioner may permit.

7. No private or occupied lands and no lands over which exclusive mineral rights have been granted to others may be entered upon or explored without the consent of the owner, occupier or possessor thereof.

8. Every license shall be in Form No. 1 hereto appended and shall be valid for one year. Such license shall confer no exclusive or preferential rights, but in considering rival claims for a prospecting license or mining lease, due regard will be had to operations conducted under cover of an Exploring License.

9. Under exceptional circumstances, the Government of Mysore may confer on a licensee special protection in regard to any specified mineral or minerals during the whole or any portion of the term of his license. Such special protection shall be designed to secure to a *bona fide* worker a fair and reasonable area over which he shall be entitled to obtain a prospecting license or a mining lease as provided for hereunder and shall be conferred only in cases in which, in the opinion of Government, it would be unreasonable or undesirable to insist on the area for a prospecting license or a mining lease being selected at once.

10. The licensee shall be at liberty, subject to such restrictions as the Government may from time to time impose, to remove specimens or samples of minerals in reasonable quantities for purpose of testing, but not for sale.

II. PROSPECTING LICENSES.

11. Applications for licenses to prospect for minerals within the territories of Mysore shall be made to the Secretary to Government in the Geological Department in Form No. II hereto appended.

12. Each application shall be in respect of a specified block of land not exceeding ten square miles in area, which shall be, as far as possible, in the shape of a rectangle of which the length must not under ordinary circumstances exceed twice the breadth.

13. The Government reserve to themselves the power of refusing to grant a prospecting license in respect of any block without assigning a reason or to impose such special terms as they may in their absolute discretion think desirable.

14. Every prospecting license granted under these rules will be in Form No. III appended hereto and will be valid for one year, but the Government may at their discretion renew any license from year to year on payment, in advance, of an annual rent which may be determined upon separately for each period of renewal.

15. Every application must be accompanied by—

(*a*) A sheet, extract or correct tracing of the Topographical Survey Map of Mysore (Scale 1 inch to a mile) upon which the boundaries of the block for which a license is required have been clearly marked.

(*b*) A schedule giving the names of the villages included (either wholly or partly) in the prospecting block together with the Taluk and District in which they are situated and stating the area of the block in square miles.

(*c*) A schedule stating the mineral or minerals in respect of which the license is applied for.

(*d*) A fee of Rs. 10 per square mile or a portion of a square mile of the area applied for.

16. On receipt of any application, Government will, if they decide to grant a license, inform the applicant of the amount of the rent and the deposit due thereon and of any special terms which they may consider desirable to impose. Within such time as may be fixed by Government in each case the applicant shall pay the amount of the rent and deposit specified and such payment shall be held to involve the acceptance of any special terms of which the applicant has been informed.

17. The rent payable in respect of a license shall be not less than one anna and not more than one rupee per acre of the area granted.

18. The deposit payable in respect of a license shall be at the rate of Rs. 100 per square mile or portion thereof of the area granted. This deposit shall be held as security for the due fulfilment of the provisions of these rules and of the terms of the license and, subject to any deductions in this respect, shall be returnable to the licensee after the termination of the license.

19. The block of land over which the prospecting license is granted need not be surveyed and demarcated ; but, in the event of any doubt or dispute arising as to the boundaries of the block or whenever in the opinion of Government a survey is necessary or desirable the Secretary to Government in the Geological Department shall order the survey and demarcation of the block to be made either with or without an application for the same from the licensee, and the licensee shall pay the expenses of the survey and demarcation. The boundaries of the block of land for which a prospecting license has been granted shall be marked on the map attached to the license and the decision of Government in regard to the boundaries and demarcation of the block shall be final.

20. Until the license is signed by the Secretary to Government in the Geological Department, the applicant shall not be entitled to exercise any of the privileges of a licensee.

21. If the applicant neglects to comply with the preceding rules or fails to pay the rent and deposit within the time prescribed under Rule 16 or declines to accept a license which has been offered to him under Rule 16, his application shall be cancelled and the fee paid therewith forfeited to Government except as provided under Rule 23.

22. If the applicant withdraws his application before the orders of Government thereon are communicated to him, the fee paid therewith under Rule 15 shall be forfeited to Government.

23. If the license is refused under Rule 13 or if the applicant within such time as may be fixed by Government under Rule 16 declines to accept any special terms of which he has been informed, his application shall be cancelled and the fee received therewith shall be returned to him.

24. The licensee will be entitled to select for mining purposes, any time during the currency of his license, a block of land, not exceeding one square mile in area and not more than one mile in length, within the area specified in his license, and to obtain a mining lease of the block so selected in respect of any mineral or minerals (with the exception of precious stones and alluvial minerals) specified in his license in accordance with and subject to the provisions of the rules contained herein. Provided that a licensee shall not be entitled to obtain mining leases over a total area of more than ten square miles. In the case of

precious stones and alluvial minerals, the holder of a prospecting license will be entitled to a mining lease upon the special terms (if any) provided in his license; and in the event of there being no such special provisions, to the first refusal of such mining lease as the Government may decide to grant.

As soon as a mining lease has been granted under this rule the prospecting license shall immediately cease and determine.

25. If the licensee discovers any mineral of value within the area specified in his license, he shall immediately report the discovery to the Secretary to Government in the Geological Department. Failure to comply with this provision will render the license liable to be cancelled and the deposit forfeited. If the mineral so reported is not one of those in respect of which the license has been granted, the licensee may apply to Government to have the said mineral added to those already specified in his license and it shall be within the discretion of Government to accede to or refuse the request or to impose such special terms as they may think fit. As a rule and under ordinary circumstances such requests will be complied with provided that the rights sought to be secured in respect of the mineral applied for are freely at the disposal of Government.

26. A prospecting license shall not be assigned nor any right or interest thereunder transferred without the consent in writing of the Government. The application for such consent must be made by the licensee himself or by his legal representative and the license itself must be forwarded with the application together with a draft or document setting forth fully and clearly the terms of the proposed assignment or transfer. If Government decide to consent to the transfer, they shall inform the licensee to that effect and the licensee shall, within such period as may be specified by Government, have the document duly stamped and registered and shall forward a certified copy of the same to the Secretary to Government in the Geological Department, who shall thereupon endorse upon the license the consent of Government to the transfer and return the license to the licensee. Until the license has been so endorsed no assignment or transfer of rights shall be valid.

Failure to comply with the provisions of this rule will render the license liable to be cancelled and the deposit forfeited.

27. If the licensee desires the renewal of a prospecting license, he shall apply for a renewal and shall forward the license together with the amount of the rent payable for one year to the Secretary to the Government in the Geological Department, not less than seven days before the date on which the license terminates.

28. Within three months after the date on which a license has expired the licensee shall forward the license to the Secretary to Government in the Geological Department and shall, at the same time, apply for the refund of the deposit, failing which the deposit will be liable to be forfeited.

III. MINING LEASES.

29. Applications for mining leases within the territories of Mysore shall be made to the Secretary to the Government in the Geological Department in Form No. IV appended hereto.

30. Every application shall be in respect of a specified block of land not exceeding one square mile in area. The block shall be in the shape of a rectangle of which the length must not under ordinary circumstances exceed four times the breadth. The boundaries of the mining block shall be considered to run vertically downward towards the centre of the earth.

In the case of precious stones or alluvial deposits the area to be granted under a mining lease will be determined in each case by the Government.

31. Every mining lease granted under these rules will be for a period not exceeding thirty years and will be in Form No. V appended hereto.

32. Every application must be accompanied by :—

(*a*) A fee of Rs. 100.

(*b*) A sheet, extract or correct tracing of the Topographical Survey map of Mysore (scale 1 inch to a mile) upon which the boundaries of the block applied for have been clearly marked.

(*c*) A schedule giving the names of the villages to which the lands comprised within the block belong, with the Taluk and District in which each is situated.

(*d*) A schedule specifying the mineral or minerals in respect of which the mining lease is applied for.

33. On receipt of any application Government will, if they decide to grant a lease, inform the applicant of their decision and of the special terms, if any, which they may consider desirable to impose and the applicant shall, within one month of receiving this information, deposit with the Secretary to Government in the Geological Department a sum of Rs. 1,000 as security for the due fulfilment of the provisions of these Rules and of the terms of the lease. Subject to any deductions in these respects the deposit will be returnable to the lessee after the termination of the lease.

If Government decline to grant a lease or if the applicant declines to accept any special terms which may be imposed, the fee of Rs. 100 paid with the application will be returned.

34. The applicant shall point out to an officer deputed for the purpose by the Secretary to Government in the Geological Department, the boundaries of the block of land applied for within a fortnight of the date on which he may receive an intimation to that effect or within such longer period as may be fixed by Government and the officer so deputed shall thereupon survey the block and erect or cause to be erected such boundary marks as may be requisite.

35. If from any cause the completion of the survey and demarcation of a mining block is likely to be unduly delayed, the Government may grant the lease in respect of a block of land shown on an extract from the Topographical Survey Map of Mysore which shall be attached to the lease. On subsequent survey and demarcation, the boundaries of the block of land to which the lease refers shall be determined by Government and their decision shall be final and shall be accepted by the lessee who shall, on demand, pay the cost of the survey and demarcation.

36. After the completion of survey and all necessary enquiries, a form of the lease to be executed and a bill for the survey and demarcation expenses will be sent to the applicant, who shall, within a month of receiving such communication, tender for execution by the Dewan of Mysore the lease executed by himself and duly stamped, paying at the same time the cost of the survey and demarcation.

37. The applicant's title to the land applied for will not be complete until the lease is actually executed by the Dewan.

38. The lease shall, after execution, be registered by both parties under the law for the time being in force for the registration of assurances, and shall within one month of the date of registration, be forwarded by the lessee for information and record to the Secretary to Government in the Geological Department who will return it to the lessee after noting its contents.

39. If the lessee discovers any mineral of value within the area specified in his lease, he shall immediately report the discovery to the Secretary to Government in the Geological Department. If the mineral so reported is not one of those in respect of which the lease has been granted, the lessee may apply to Government to have the said mineral added to those already specified in his lease and it shall be within the discretion of Government to accede to or refuse the request or to impose such special terms as they may think fit. As a rule and under ordinary circumstances such requests will be complied with provided that the rights sought to be secured in respect of the mineral applied for are freely at the disposal of Government.

Provided that if any mineral of value is known to occur on or within the mining block, Government may give the lessee the option of having such mineral added to those specified in the schedule to his lease and in the event of the lessee declining to exercise the option upon the terms offered, Government shall have power to grant a prospecting license or mining lease in respect of such mineral to any other person.

40. The lessee shall not assign his lease or transfer any right or interest thereunder to a person except with the previous consent of the Government in writing.

The lessee shall in applying to Government for permission to transfer or assign the lease report to Government the name and financial position of the assignee and also submit for approval a draft of the proposed deed of assignment. When the Government has communicated its assent to the transfer and to the deed of assignment, the deed of assignment or document of transfer shall be duly stamped and registered in accordance with the laws in force in the State of Mysore at the time and a certified copy thereof deposited with the Mysore Government in the Geological Department within three months of the date of execution thereof.

41. Failure to comply with the preceding rules will render the application or lease liable to be cancelled and the deposit forfeited.

IV. GENERAL.

42. The royalties payable to Government in respect of minerals worked under a prospecting license or mining lease are set forth in the schedule hereto. The rates are liable to alteration from time to time, due notice of which will be published in the official Gazette.

43. The Government will require the strict performance of the provisions and conditions contained in any prospecting license or mining lease providing for the proper prospecting or mining of the land comprised therein.

44. Topo sheets of Mysore marked with areas granted for prospecting and mining are kept at the office of the Mysore Geological Department and may be inspected by the public on payment of a fee of one rupee per sheet.

45. Persons desirous of having their own topo sheets or other maps of Mysore marked with areas granted for prospecting and mining may apply to the Secretary to Government, Geological Department, for the same. A fee of four annas will be charged for each block marked.

46. A licensee desirous of securing a copy of his prospecting license may apply to the Secretary to Government, Geological Department, for the same stating the purpose for which the copy is required. The Government will, if satisfied with the reasons assigned, issue a duplicate copy of the license on payment of a fee of Rs. 10.

47. The rules for the conduct of prospecting and mining operations in forest lands are printed for information in the appendix hereto.

By Order,

W. F. SMEETH,

Secretary to Government, Geological Department.

2. Such permission will ordinarily be freely granted, but will not entitle the licensee to cut or injure any forest growth or to dig or turn up the surface of the land to a greater depth than three feet and the licensee must, before leaving the locality, fill up any excavations which he may have made, to the satisfaction of the District Forest Officer.

3. Should the licensee desire to make trenches or sink pits to a depth greater than three feet, he must obtain the sanction of the District Forest Officer in each case and pay compensation at the rate provided hereunder for any forest growth which may be injured or destroyed and shall undertake to fill up all excavations to the satisfaction of the District Forest Officer.

PROSPECTING LICENSES AND MINING LEASES.

4. No prospecting license or mining lease shall ordinarily be granted in forest lands except with the sanction of the Conservator of Forests.

Prospecting and mining operations will generally not be permitted in plantations, coupes which have been worked over and in tracts containing specially valuable growth of sandal, teak or other species of trees.

5. Before commencing any prospecting or mining operation in any forest lands, the licensee or lessee or his duly authorized agent or representative shall give notice to the District Forest Officer of his intention so to do, and shall, at the same time, forward to the District Forest Officer a statement of the area or areas proposed to be operated upon and their dimensions and a sketch map on a suitable scale showing the said area or areas and their relative positions and shall deposit with the District Forest Officer the amount of compensation due on the said area or areas calculated in accordance with Rule 9. Each area to be operated upon, except such as may be required for a railway, tramway, road or foot-path, shall be in the form of a rectangle, of which no side shall be less than 10 yards long, and shall be defined by cairns of stones. Each area shall be distinguished by a letter of the alphabet in the abovementioned statement and map.

A consolidated statement and a complete map shall be maintained up to date and kept on the prospecting or mining block by the person in charge of the operations.

6. In any prospecting or mining block, the total area which may be operated upon or cleared of forest shall not exceed 25 acres except with the permission in writing of the District Forest Officer, and no railway, tramway, road or foot-path shall be made without such permission. The areas operated upon shall include all those the surfaces of which have been opened up by means of pits, trenches or other excavations or covered with earth, stones, debris, machinery, buildings, etc., or upon which the forest growth has been injured or destroyed, or over which any railway, tramway, road or foot-path has been made.

7. In the case of all buildings, machinery or other structures erected upon the block and in the case of every place where fire or lights are used at any time or round any working or dwelling place where the District Forest Officer considers it to be necessary for safety, the forest growth shall be cleared for a distance of 10 feet round the limits of such structure or place to such extent as the District Forest Officer may require.

8. As soon as possible after the receipt of the statement and map referred to in Rule 5, the District Forest Officer shall prepare a bill for the amount of compensation due at the rates specified hereunder and after crediting the amount deposited under Rule 5 shall adjust or require the licensee or lessee to adjust any balance as may be necessary. In default of payment the District Forest Officer may, at his discretion, stop all further operations and take steps to recover the amount due as a revenue demand.

In the event of any area not included in the map and statement required by Rule 5, being found to have been operated upon, the District Forest Officer may, at his discretion, stop all further operations and recover compensation for the same at double the rates provided hereunder.

9. The licensee or lessee shall—

(a) pay a lump sum for the value of forest growth and for damage and disfigurement to the surface on all areas operated upon or cleared, at the following rates :—
